Chad, a Celebration of Life ~ Beyond a Mother's Memories Arista, 2020-08-13 "...Literally took my breath away... Beautifully written and descriptive, I was right there on Chad's journey. An American Memoir of life that reminds you what's important, the human heart being one of them. A 5-star read I highly recommend." -Matt D., New York, New York "From NY to Malibu, heart screenings to homeless soccer tourneys in Austria, the purpose emerges loud and clear - to save the Lives of those who still have a chance at a future. It is crucial to raise awareness for mandatory heart screenings for young athletes! Many testimonials of families affected by sudden cardiac deaths (SCD) won't leave you indifferent. This book is truly a work of Love, filled with tears and laughter, pain and loss, and most of all hope!" -Olena, Los Angeles, California Chad Alan Butrum loved sports. One day he went out to play football in LA and it would be his last game; he died of Sudden Cardiac Death in Young Athletes. He was just 26 years old. His artist mother Arista takes us on a journey of Love, Life and Laughter, as the young family forges new dreams in Detroit, Chicago, St. Louis, Malibu, and New York City. After Chad's sudden loss to SCD, she discovers through his colleagues at Carolco Pictures the young man Chad was becoming - the promise of a talented creative writer who touched the lives of many people in his short Life. He loved all people- any age, heritage, or orientation. In Part II, the author transcends loss into a quest to save lives by founding the non-profit organization, The Chad Foundation for Athletes and Artists, to safeguard young hearts so they can live long, healthy Lives and reach their most cherished dreams. It also inspires youth to live as Chad did- anti-substance abuse and alcohol-free, Healthy Body/Mind/ Spirit. The Chad Foundation Cardiovascular Screening Program has provided 8,000 Echocardiograms/ECGS in 5 states and, globally, in Austria and Sweden. Many parents who have also lost children to SCD, share their

heartfelt stories within underscoring the critical importance of raising awareness of Sudden Cardiac Death in the Young, implementing preventive heart screenings, knowledge of CPR, and placement of AEDs. It is a journey of the Heart and the discovery that The Heart is the Home of our two greatest gifts—Love and Life—and must be safeguarded as our most valued possession.

**Dangerous Love** Chad Ford,2020-06-23 “Chad Ford reminds us that humanity lies within all of us, and although conflict is everywhere in today's world, we have the tools we need to overcome obstacles and to thrive. This is a fantastic, timely book that I highly recommend. -Steve Kerr, Head Coach, Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives. Yet, by and large, we are terrible at it. The reason, says longtime mediator Chad Ford, is fear. When conflict comes, our instincts are to run or fight. To transform conflict, Ford says we need to turn toward the people we are in conflict with, put down our physical and emotional

weapons, and really love them with the kind of love that leads us to treat others as fellow human beings, not as objects in our way. We have to open ourselves up with no guarantee that anyone on the other side will do the same. While this can feel even more dangerous than conflict itself, it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own. Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father. He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue. Most importantly, he gives us a path to practice dangerous love in the conflicts that matter most to us.

Chad's long experience of civil strife and foreign intervention illustrates some of the fundamental difficulties involved in the attempt to achieve political stability through armed intervention. Covering Chad's thirty years of civil strife, Limits of Anarchy looks at foreign intervention in Chad's civil war and the effects of such intervention on state construction. The first major study of Chad to appear in English for many years, the book pays particular attention to French, Chadian, and other African political reflections on the problem of Chad. Chadians still hope to construct a viable national state. Nolutshungu looks at their rival approaches to state building under external constraints and at reasons for their failure.

*Stepping Stones* Chad A. Armel,2007-04-30 About The Book What started out in 2006 as a poetry book discussing the stepping stones of life, has transformed into a storyboard of life itself. Since the original version of *Stepping Stones*, Chad has married his long time girlfriend, who was the inspiration for many of the original poems in this compilation, and the couple now has a son. This prompted Chad to make a few changes, and add an additional poem titled *My Son* to complete the current stepping stones of his life.

**Black Magic** Chad Sanders,2022-02-08 A “daring, urgent, and transformative” (Brené Brown, New York Times bestselling author of *Dare to Lead*) exploration of Black achievement in a white world based on honest, provocative, and moving interviews with Black leaders, scientists, artists, activists, and champions. “I remember the day I realized I couldn’t play a white guy as well as a white guy. It felt like a death sentence for my career.” When Chad Sanders landed his first job in lily-white Silicon Valley, he quickly concluded that to be successful at work meant playing a certain social game. Each meeting was drenched in white slang and the privileged talk of international travel or folk concerts in San Francisco, which led Chad to believe he needed to emulate whiteness

to be successful. So Chad changed. He changed his wardrobe, his behavior, his speech—everything that connected him with his Black identity. And while he finally felt included, he felt awful. So he decided to give up the charade. He reverted to the methods he learned at the dinner table, or at the Black Baptist church where he'd been raised, or at the concrete basketball courts, barbershops, and summertime cookouts. And it paid off. Chad began to land more exciting projects. He earned the respect of his colleagues. Accounting for this turnaround, Chad believes, was something he calls Black Magic, namely resilience, creativity, and confidence forged in his experience navigating America as a Black man. Black Magic has emboldened his every step since, leading him to wonder: Was he alone in this discovery? Were there others who felt the same? In “pulverizing, educational, and inspirational” (Shea Serrano, #1 New York Times bestselling author of *Basketball (And Other Things)*) essays, Chad dives into his formative experiences to see if they might offer the possibility of discovering or honing this skill. He tests his theory by interviewing Black leaders across industries to get their take on Black Magic. The result is a revelatory and essential book. Black Magic explores Black experiences in predominantly white environments and demonstrates the risks of self-betrayal and the value of being yourself.

Young and full of ideals, she hopes to ease the lives of Chadians, but worries about what prompted her—inexperienced and with few skills—to sign up to teach English for two years in Africa. When she fails to connect with the other volunteers or with Chadians, she feels isolated as she struggles to communicate in French and tricky African languages. Charlene is assigned to a city, where she immerses herself in her teaching. Certain Chadian customs horrify her—particularly the treatment of women, who are often considered lesser than any man. Her ex-lover Madison has a far different experience. He is posted to a remote village where he comes to know Chadians in a much more intimate way. Civil war

breaks out. The American ambassador orders all Americans to evacuate. Charlene is baffled when Madison fails to show up. All Americans are gathering in Chad's major cities to flee the country and Madison is a no-show. Where is he? Why isn't he here for the departure? As the war worsens and the Americans load up a convoy of trucks to escape, Charlene has to decide if she can do anything to save the missing Madison before it's too late.

Having lost much of his memory from a traumatic brain injury sustained in Iraq, army veteran Matthew Rose is called back to Montana after his father's death to settle his affairs, and hopefully to settle the past as well. It's not only a blank to him, but a mystery. Why as a teen did he suddenly become sullen and vacant, abandoning the activities and people that had meant most to him? How did he, the son of hippy activists, wind up enlisting in the first place? Then on his first night back, Matthew sees a house go up in flames, and it turns out a local college student has died inside. And this event sparks a memory of a different fire, an unsolved crime from long ago, a part of Matthew's past that might lead to all the answers he's been searching for. What he finds will connect the old fire and the new, a series of long-unsolved mysteries, and a ruthless act of murder.
