From the Heart Mary Chaton,2022-04-29 Two women from different walks of life meet up in London. One who is divorced and nearing her 60s, starts over in a new country, away from the States, with a new career. The other in her 40s, a policewoman who is nonchalant about love after falling in and out of love. Both women think that they are “over the hill” and have got used to just living their lives. They have a chance encounter and find they are instantly attracted to one another. Going through the “will they, won’t they” when it comes to staying together. A heart-warming and heartfelt story. A realistic love story that is emotionally charged. A love story that knows no bounds – sexuality, colour, or age. We all carry baggage and it’s how we adapt and fit another person into our lives once we fall in love. Loving anyone requires faith that the person won’t crush your heart. It’s very painful. It requires hope, optimism, and living in the moment. No one is bound to us. They come and go on free will. The very fact that they chose us out of free will to be with us is wonderful! We too have free will to learn, grow and love without being chained down with promises. We don’t know what the future holds!

Cats in the City of Plague A. L. Marlow,2021-11-03 Fans of Tad Williams's Tailchaser's Song and Richard Adams's Watership Down, add Cats in the City of Plague to your list of favorite books. Set amidst the chaos of the worst pandemic in history, the Black Death of the 14th century, Cats in the City of Plague tells the tale of a group of cats who are unfairly blamed for the plague. The main character, Leander, and his fellow cats cannot understand why people they have trusted have turned against them. But they realize that their only hope of survival is to escape from the French city that has long been their home and return to the forests where, cat legend has it, their kind originally lived. While evading the humans who seek to destroy them, the cats embark on what Booklife calls “a tense and dramatic journey through the city, powered by the danger and sacrifice inherent in tales of epic quests.” Racing over rooftops, hiding in the cathedral’s crypt, can they make it out of the city before dawn reveals them? And if they do make it, can these city cats learn to live in the wild? The setting of a great pandemic will resonate with modern readers, but it’s the flight of these intrepid cats that makes Cats in the City of Plague an unforgettable story.

Porous Boundaries Jérôme Game,2007 This book looks at the evolution of the relationship between text and image in twentieth-century French culture. It uses several case studies, including: Marguerite Duras' filmic rewriting; Pierre Klossowski's shift from writing to painting; contemporary video-poetry; Gilles Deleuze's philosophical engagement with Francis Bacon and Giacometti.

Vampire Food Holly Day,2023-08-05 A former blood slave. A strapping vampire. More zucchinis than any man could eat. Rue Yarrow was rescued from a blood bar and taken to a gated community of supernaturals. Haunted by nightmares and memories, he does his best to avoid people. His only solace is his garden, where he uses his magic to grow an abundance of vegetables. But one day, it isn't the zucchinis greeting him, but a severed human head. Noah Caramine wants as little drama as possible, and interfering with a vampire clan's business is never a good idea. He's never met a magic user and is curious about Rue, but he fears there will be consequences for stealing the blood slaves. When body parts start popping up inside the walls, Noah doesn't know if someone is trying to frame them for murder or distract them from keeping the blood slaves safe. Rue never believed

he'd go near a vampire again, but when threats are drawing closer, he turns to Noah. Who better to keep him safe from vampires than a vampire?

Virginia Woolf and Heritage Jane De Gay, Tom Breckin, Anne Reus, 2017 Virginia Woolf was deeply interested in the past - whether literary, intellectual, cultural, political or social - and her writings interrogate it repeatedly. She was also a great tourist and explorer of heritage sites in England and abroad. This book brings together an international team of world-class scholars to explore how Woolf engaged with heritage, how she understood and represented it, and how she has been represented by the heritage industry.
