Who Moved My Cheese? Spencer Johnson, 1998-09-08
THE #1 INTERNATIONAL BESTSELLER WITH OVER 28 MILLION COPIES IN PRINT! A timeless business classic, *Who Moved My Cheese?* uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If they'd just stop moving The Cheese. But things keep changing... Most people are fearful of change, both personal and professional, because they don't have any control over how or when it happens to

them. Since change happens either to the individual or by the individual, Dr. Spencer Johnson, the coauthor of the multimillion bestseller *The One Minute Manager*, uses a deceptively simple story to show that when it comes to living in a rapidly changing world, what matters most is your attitude. Exploring a simple way to take the fear and anxiety out of managing the future, *Who Moved My Cheese?* can help you discover how to anticipate, acknowledge, and accept change in order to have a positive impact on your job, your relationships, and every aspect of your life.

One-Hour Cheese Claudia Lucero, 2014-05-06 It's a DIY cook's dream come true: It's pizza night, and you've made not only the crust and sauce but the mozzarella, too. Or you're whipping up quesadillas for a snack, using your homemade Triple Pepper Hack. Or the dinner party's in high gear and out comes the cheese plate—and yes, you've made all the cheeses on it. Even better—you made them all earlier that day. In a cookbook whose results seem like magic but whose recipes and instructions are specific, easy-to-follow, and foolproof, Claudia Lucero shows step by step—with every step photographed—exactly how to make sixteen fresh cheeses at home, using easily available ingredients and tools, in an hour or less. The approach is basic and based on thousands of years of cheesemaking wisdom: Heat milk, add coagulant, drain, salt, and press. Simple variations produce delicious results across three categories—Creamy and Spreadable, Firm and Chewy, and Melty and Goopy. And just as delicious, the author shows the

best ways to serve them, recipes included: Squeaky "Pasta" Primavera, Mozzarella Kebab Party, and Curry in a Hurry Lettuce Wraps.

Artisan Vegan Cheese Miyoko Schinner, 2013-03-14 Gourmet restaurateur and vegan food expert Miyoko Schinner shares her secrets for making homemade nondairy cheeses that retain all the complexity and sharpness of their dairy counterparts while incorporating nutritious nuts and plant-based milks. Miyoko shows how to tease artisan flavors out of unique combinations of ingredients, such as rejuvelac and nondairy yogurt, with minimal effort. The process of culturing and aging the ingredients produces delectable vegan cheeses with a range of consistencies from soft and creamy to firm. For readers who want to whip up something quick, Miyoko provides recipes for almost-instant ricotta and sliceable cheeses, in addition to a variety of tangy dairy substitutes, such as vegan sour cream, creme fraiche, and yogurt. For suggestions on how to incorporate vegan artisan cheeses into favorite recipes, Miyoko offers up delectable appetizers, entrees, and desserts, from caprese salad and classic mac and cheese to eggplant parmesan and her own San Francisco cheesecake.

The Cheese Chronicles Liz Thorpe, 2009-07-28 The Cheese Chronicles is an insider's look at the burgeoning world of American cheese from one lucky person who has seen more wedges and wheels, visited more cheesemakers, and tasted more delicious (and occasionally stinky) American cheese than anyone else. Liz Thorpe, second in command at New York's renowned Murray's Cheese,

has used her notes and conversations from hundreds of tastings spanning nearly a decade to fashion this odyssey through the wonders of American cheese. Offering more than eighty profiles of the best, the most representative, and the most important cheesemakers, Thorpe chronicles American cheesemaking from the brave foodie hobbyists of twenty years ago (who put artisanal cheese on the map) to the carefully cultivated milkers and makers of today. Thorpe travels to the nation's cheese farms and factories, four-star kitchens and farmers' markets, bringing you along for the journey. In her quest to explore cheesemaking, she high-lights the country's greatest cheeses and concludes that today's cheesemakers can help provide more nourishing and sensible food for all Americans. Steve Jenkins, author of the celebrated Cheese Primer, calls this the best book about cheese you'll ever read. The Cheese Chronicles is a cultural history of an industry that has found breakout success and achieved equal footing with its European cousins.

American Cheese Joe Berkowitz, 2020-10-06
From the author of *Away with Words*, a deeply hilarious and unexpectedly insightful deep-dive into a cultural and culinary phenomenon: cheese. “Who knew it was possible to enjoy reading about cheese

as much as eating it? Remarkably entertaining, deeply insightful, and downright hilarious, American Cheese goes far beyond the plastic yellow slices we all know, and some love, revealing a community as quirky, passionate, and creative as the cheese they put into the world.” – Jim Gaffigan, comedian/actor and New York Times bestselling author of Food: A Love Story

Joe Berkowitz loves cheese. Or at least he thought he did. After stumbling upon an artisanal tasting at an upscale cheese shop one Valentine’s Day, he realized he’d hardly even scratched the surface. These cheeses were like nothing he had ever tasted—a visceral drug-punch that reverberated deliciousness—and they were from America. He felt like he was being let in a great cosmic secret, and instantly he was in love. This discovery inspired Joe to embark on the cheese adventure of a lifetime, spending a year exploring the subculture around cheese, from its trenches to its command centers. He dove headfirst into the world of artisan cheese; of premiere makers and mongers, cave-dwelling affineurs, dairy scientists, and restauranteurs. The journey would take him around the world, from the underground cheese caves in Paris to the mountains of Gruyere, leaving no curd unturned, all the while cultivating an appreciation for cheese and its place in society. Joe’s journey from amateur to aficionado eventually comes to mirror the rise of American cheese on the world stage. As he embeds with Team USA at an international mongering competition and makes cheese in the experimental vats at the Dairy Research Center in Wisconsin, one of the makers he

meets along the way gears up to make America's biggest splash ever at the World Cheese Awards. Through this odyssey of cheese, an unexpected culture of passionate cheesemakers is revealed, along with the extraordinary impact of one delicious dairy product.

Wisconsin Cheese Martin Hintz, Pam

Percy, 2008-02-26 Breads, salads, pasta, fondue, quesadillas, pizza, and quiche are our favorite comfort foods. And all have something in common—they're better with cheese! Multimillion-dollar marketing campaigns and international awards (not to mention those infamous Cheeseheads) have made Wisconsin cheese famous. That heritage is celebrated in this book that includes more than 100 recipes, cheesemaking (and eating) history and trivia, suggested wine pairings, a source list of fine cheese retailers, and much more.

The Guide to West Coast Cheese Sasha

Davies, 2010-08-03 A robust sheep's milk cheese studded with whole peppercorns. A sharp, clothbound Cheddar that pairs perfectly with a nutty brown ale and a dollop of mango chutney. A tangy, nettle-wrapped cheese made in celebration of the cows returning to pasture in early spring. A light and cakey goat cheese with notes of pine nuts and Meyer lemons. These are just a few of the hundreds of delicious cheeses with origins up and down the West Coast that Sasha Davies chronicles in her detailed exploration of this exciting cheese region. From just-emerging, small-scale cheeses to those that have earned international recognition, the spotlight is on the vibrant hues, bold aromas, and surprising yet palate-pleasing

flavors that make these cheeses so unique. Rich with information, this accessible guide examines the key factors that influence the distinctive character of every cheese, and includes beverage pairing ideas, serving suggestions, and fascinating features on cheesemaking and individual producers. Whether at the market, your local cheese shop, or while traveling, this is the ultimate reference for selecting, identifying, and savoring the cheeses of California, Oregon, and Washington.

Cheese Sex Death Erika Kubick, 2021-10-26 From lauded cheesemonger and creator of the popular blog Cheese Sex Death, a bible for everything you need to know about cheese For many people, the world of artisan cheese is an intriguing but intimidating place. There are so many strange smells, unusual textures, exotic names, and rules for serving. Where should a neophyte begin? From evangelist cheesemonger Erika Kubick, this comprehensive book guides readers to become confident connoisseurs and worshippers of Cheesus. A preacher of the curd word, Kubick provides the Ten Commandments of Cheese, which breaks down this complex world into simplified bites. A welcoming sanctuary devoted to making cheese a daily part of life and gatherings, this book explores the many

different styles of cheese by type, profiling commonly found and affordable wedges as well as the more rare and refined of rinds. Kubick offers divine recipes that cover everything from everyday crowd pleasers (think mac and cheese and baked brie) to festive feasts fit for holidays and gatherings. This cheese devotee outlines the perfect cheese plate formula and offers inventive yet easy-to-execute beverage pairings, including wine, beer, spirits, and non-alcoholic drinks. These heavenly spreads and recipes wring maximum indulgence out of minimal effort and expense. Filled with seductive photography and audacious prose, *Cheese Sex Death* is a delightfully approachable guide to artisan cheese that will make just about anyone worship at the altar of Cheesus.

The Cheese and the Worms Carlo Ginzburg, 1992-03
The Cheese and the Worms is a study of the popular culture in the sixteenth century as seen through the eyes of one man, a miller brought to trial during the Inquisition. Carlo Ginzburg uses the trial records of Domenico Scandella, a miller also known as Menocchio, to show how one person responded to the confusing political and religious conditions of his time. For a common miller, Menocchio was surprisingly literate. In his trial testimony he made references to more than a dozen books, including the Bible, Boccaccio's Decameron, Mandeville's Travels, and a mysterious book that may have been the Koran. And what he read he recast in terms familiar to him, as in his own version of the creation: All was chaos, that is earth, air, water, and fire were mixed together;

and of that bulk a mass formed—just as cheese is made out of milk—and worms appeared in it, and these were the angels.
