Chime Franny Billingsley,2013-07-26 Briony knows she is a witch. She knows that she is guilty of hurting her beloved stepmother. She also knows that, now her stepmother is dead, she must look after her beautiful but complicated twin sister, Rose. Then the energetic, electric, golden-haired Eldric arrives in her home town of Swampsea, and everything that Briony thinks she knows about herself and her life is turned magically, dizzyingly, upside down.

The Bell Chime Mona Kabbani,2020-08-31 Can you hear the bell chime? A girl suffering from paralyzing night terrors finds a missing poster hanging from the door of her apartment building. On that poster is a photograph of a frighteningly familiar face. It's her. Only, she's never seen this photo before and something about its grin scares her. How its eyes seem to follow her no matter where she finds herself in the room. Over a series of strange events to follow-- events that will make her question whether her sanity is still there or fleeting--she must discover: What is real and what is the nightmare? The Bell Chime is the disturbing, psychological novella debut from Mona Kabbani. Slated for publication on September 2nd, 2020, the Full Corn Moon. About the Author Mona Kabbani is a horror fan, writer, and reviewer obsessed with psychology and the human condition. She emulates the conflict of the good versus the bad and all of the in between in her work while providing an entertainingly horrifying experience. She is a Lebanese immigrant living the American dream in New York City where much of her writing is inspired. Chime and Punishment Julianne Holmes,2017-08-01 Expert clockmaker Ruth Clagan has another murder on her hands in the third Clock Shop Mystery from the author of Clock and Dagger. Years ago, the serenity of picturesque Orchard, Massachusetts, was shattered by a fire that destroyed the town's beloved clock tower. Ruth inherited the dream of repairing it from her late grandfather. Now that she's returned home to run his clock shop, the Cog & Sprocket, she's determined to make it happen, despite wrenches that are being thrown into the works by her least favorite person, town manager Kim Gray. A crowd of residents and visitors are excited to see the progress of the tower at a fund-raiser for the campaign, until Kim is found crushed under the tower's bell, putting an end to all the fun. The list of suspects is so long it could be read around the clock, and it includes some of Ruth's nearest and dearest. Time's a-wastin' as Ruth tries to solve another murder in her beloved Orchard while keeping the gears clicking on her dream project.

When the Wind Chimes Chime Donna Corso,2013-03-13 This is a book about choices... about end-of-life choices. Have you ever thought about what you would do if your child were diagnosed with a terminal illness? Would your state laws allow treatment options? Would you have the legal right to protect your child's dignity... to ensure his peaceful passing? When the Wind Chimes Chime begins with the true story of a little boy whose options were few, based on the western medical establishment and social laws, at a time when what he needed most were compassion and quiet time for gentle closure. His story will open your heart as well as your eyes. You may find yourself wondering about the laws in your own state, perhaps even assisting in changing them for the greater good of humanity. The last part of the book is a journey of self-discovery ... it contains many personal accounts of people who were able to approach their own final days in peace. Ultimately, this book is about releasing the greatest fear of all and embracing the natural cycle of life!

The Chimes Anna Smaill,2016-05-03 A HIGHLY ORIGINAL DYSTOPIAN MASTERPIECE --Geraldine Brooks, Pulitzer Prize winning author of March FOR ALL THE POETRY AND LYRICISM, THE CHIMES IS A SOLID SUSPENSEFUL ADVENTURE STORY AT HEART --NPR Books A mind-expanding literary debut composed of memory, music and imagination. A boy stands on the roadside on his way to London, alone in the rain. No memories, beyond what he can hold in his hands at any given moment. No directions, as written words have long since been forbidden. No parents--just a melody that tugs at him, a thread to follow. A song that says if he can just get to the capital, he may find some answers about what happened to them. The world around Simon sings, each movement a pulse of rhythm, each object weaving its own melody, music ringing in every drop of air. Welcome to the world of The Chimes. Here, life is orchestrated by a vast musical instrument that renders people unable to form new memories. The past is a mystery, each new day feels the same as the last, and before is blasphemy. But slowly, inexplicably, Simon is beginning to remember. He emerges from sleep each morning with a pricking feeling, and sense there is something he urgently has to do. In the city Simon meets Lucien, who has a gift for hearing, some secrets of his own, and a theory about the danger lurking in Simon's past. A stunning debut composed of memory, music, love and freedom, The Chimes pulls you into a world that will captivate, enthrall and inspire.

Chime Firouzeh Razavi,2013-09-11 Ex-comedian Yusuf Morris has just swapped suicidal intent for reflection. Raised in a household of contrasting religions and feeling oppressed by his father's unrelenting insistence upon musical excellence, Yusuf rebels. Seeking comedic acclaim, he becomes an addict. His humiliation, reproach, and discovery demonstrate the mind's powers for destruction and creation.

The Cornell Chime: A Brief History of the Bells (Classic Reprint) Andrew Dickson White,2018-03-16 Excerpt from The Cornell Chime: A Brief History of the Bells Amid all the doubts and worries of the early days of Cornell University nothing inspired more hope and cheer than the gift of its chime. It came most unexpectedly. On a pleasant September morning there appeared, in the little public library which Mr. Cornell had founded in Ithaca, Miss Jennie McGraw, who, finding President White at work among the newly arrived books temporarily stored there, asked him some kindly questions and was shown some of the volumes most likely to interest her. Next day word reached the President that she was greatly pleased with what she had seen and wished to make to the new institution some gift showing this feeling. The result was a suggestion from him to the late Judge Finch that such a gift might take the form of a chime of bells, and the Judge, entering into this idea fully, conveyed it to the young lady, who instantly accepted it.
