The Coach's Guide to Teaching Doug Lemov, 2020-12-07 The mark of a great coach is a constant desire to learn and grow. A hunger to use whatever can make them better. The best-selling author of *Teach Like a Champion* and *Reading Reconsidered* brings his considerable knowledge about the science of classroom teaching to the sports coaching world to create championship caliber coaches on the court and field. What great classroom teachers do is relevant to coaches in profound ways. After all, coaches are at their core teachers. Lemov knows that coaches face many of the same challenges found in the classroom, so the science of learning applies equally to them. Unfortunately, coaches and organizations have a mixed level of understanding of the research and study of the science of learning. Sometimes coaches and organizations build their teaching on myths and platitudes more than science. Sometimes there isn't any science applied at all. While there are thousands of books and websites a coach can consult to better understand technical and tactical aspects of the game, there is nothing for a coach to consult that explicitly examines the teaching problems on the field, the court, the rink, and the diamond. Until now. Intended to offer lessons and guidance that are applicable to coaches of any sporting endeavor including everyone from parent volunteers to professional coaches and private trainers, Lemov brings the powerful science of learning to the arena of sports coaching to create the next generation of championship caliber coaches.

A Coach's Life Dan Kellams, 2011-09-22 Playing a sport for Coach Les Hipple meant a life of rigor, clean living, modest behavior, and self-denial; even so, many boys were eager to meet these demands for the right to play on one of Hipple's teams. In *A Coach's Life*, author Dan Kellams narrates the story of one of the greatest high school coaches in Iowa's history, an extraordinary man who lived according to the principles he taught, even when it meant losing a game or a championship—or the job he loved. Kellams, a former Hipple athlete, offers a vivid portrait of a coach who imposed stern discipline on hundreds of boys and, in the process, transformed them into champions. *A Coach's Life* recalls Hipple's eighty-six full years, focusing on his long career at Marion High School in Iowa, where he led his Indians to championships in football, basketball, track, and cross-country, giving the town its most glorious years in sports. Many young men learned unforgettable life lessons they later passed on to others around the world. Meticulously researched, this biography is set against the backdrop of small-town America during the 1940s and 1950s. Its poignant stories include those of a superb athlete who died on the verge of greatness, a school controversy that turned brother against brother, and a changing society that trapped a great coach in the vise of his own principles. "Part Hoosiers and part Our Town ... Tough and to the point." —Phil Grose, author of *South Carolina on the Brink*

A Coach's Life Dean Smith, John Kilgo, Sally Jenkins, 2000-02-29 Legendary University of North Carolina basketball coach Dean Smith tells the full story of his fabled career, and shares the life lessons taught and learned over forty years of unparalleled success as a coach and mentor. For almost forty years, Dean Smith coached the University of North Carolina men's basketball program with unsurpassed success—on the court and in shaping young men's lives. In his long-awaited memoir, he reflects on the great games, teams, players, strategies, and rivalries that defined his career, and explains the philosophy that guided him. There's a lot more to life than basketball—though some may beg to differ— but there's a lot more to basketball than basketball, and this is a book about basketball filled with wisdom about life. Dean Smith insisted that the fundamentals of good basketball were the fundamentals of character— passion, discipline, focus, selflessness, and responsibility— and he strove to unite his teams in pursuit of those values. To read this book is to understand why Dean Smith changed the lives of the players he coached, from Michael Jordan, who calls him his second father and who never played a single NBA game without wearing a pair of UNC basketball shorts under his uniform, to the last man on the bench of his least talented team. We all wish we had a coach like Dean Smith in our lives, and now we will have that chance.

Wooden: A Coach's Life Seth Davis, 2015-01-13 A provocative and revelatory new biography of the legendary UCLA coach John Wooden, by one of America's top college basketball writers No college basketball coach has ever dominated the sport like John Wooden. His UCLA teams reached unprecedented heights in the 1960s and '70s capped by a run of ten NCAA championships in twelve seasons and an eighty-eight-game winning streak, records that stand to this day. Wooden also became a renowned motivational speaker and writer, revered for his Pyramid of Success. Seth Davis of *Sports Illustrated* and CBS Sports has written the definitive biography of Wooden, an unflinching portrait that draws on archival research and more than two hundred interviews with players, opponents, coaches, and even Wooden himself. Davis shows how hard Wooden strove for success, from his All-American playing days at Purdue through his early years as a high school and college coach to the glory days at UCLA, only to discover that reaching new heights brought new burdens and frustrations. Davis also reveals how at the pinnacle of his career Wooden found himself on questionable ground with alumni, referees, assistants, and even some of his players. His was a life not only of lessons taught, but also of lessons learned. Woven into the story as well are the players who powered Wooden's championship teams – Kareem Abdul-Jabbar, Bill Walton, Walt Hazzard, and others – many of whom speak frankly about their coach. The portrait that emerges from Davis's remarkable biography is of a man in full, whose life story still resonates today.

The Ordinary Basketball Coach's Guide to Building a Better Program Kevin Scarbrough, 2020-11-09 If you are a high school basketball coach, you are probably just like me. Most of my life I attended clinic after clinic listening to famous college coaches tell me about their programs. I purchased books and read as many philosophies as a young man could read. I watched so many hours of video. I knew offense and defense as good as any coach in my field but wasn't really getting the results I wanted. But then I realized my approach was totally wrong. I don't have th

All Guts and No Glory Bill Elder, 2007-01-01 As the recent film *Glory Road* reminded, the early desegregation of college sports often was neither easy nor pleasant. Here Bill Elder recalls how he and a courageous group of white and black student-athletes broke racial barriers at a small college in northeast Alabama in the early 1970s. The setting was Sand Mountain, an area which four decades earlier had given rise to the Scottsboro Boys case, and where racial attitudes for some had not changed much. Elder has recently retired from a successful career as a college sports administrator, but here he shows vividly why he sometimes wondered whether he and his players would live through their experience. Abandoned by their school officials, the players faced constant threats and harassment and occasional violence. But they kept playing and winning games and forging bonds between themselves that lasted long after that first season was over. Through it all, Elder, an Alabama native and lifelong Baptist, watches his community with both a loving and an objective eye. His brief eyewitness account of both the worst and best elements of Southerners during this tumultuous era is compelling testimony.

Our Time Scott Illiano, 2011-10-06 A coach is part teacher, part parent, part student, part mentor, and part guru. He must possess a stern hand and a comforting touch—and the wisdom to discern when each is needed. Each decision he makes is a part of a perilous high wire act that can propel a team forward or send a season tumbling downward. But when does a coach truly become a coach? Is it after some athletic director looks across the desk, offers his hand, and says, “Congratulations, you’ve got the job?” Is it after that first win? That first championship? Or is it when all those nagging questions in the back of the mind finally stop nagging? Scott Illiano, head baseball coach of the West Essex High School Knights, chronicles his incredible journey from waiter in a chain restaurant to veteran coach in *Our Time*. Discover how an unproven coach and a patchwork group of underdogs battle injuries, biting cold temperatures, and fierce competition in their quest to win the Greater Newark Tournament, the oldest and most prestigious baseball tournament in the state of New Jersey. Twenty kids and four coaches share a dream and a whole lot of heart. Through their journey, in victory and defeat, struggle and success, readers will find out when a coach becomes a coach.

Fifth Quarter Jennifer Allen, 2001-01-16 George Allen was a top-ranked NFL coach throughout the sixties and seventies, coaching in turn the Chicago Bears, the Los Angeles Rams, and the Washington Redskins. Raised in a home dominated by her three football-obsessed older brothers and her father's relentless schedule, Jennifer Allen came of age in a cauldron of testosterone and win-at-all-costs mentality. Buffeted by the coach's tumultuous firings and hirings, the Allen family was periodically propelled to new teams in new cities. And while her French-Tunisian mother attempted to teach Jennifer proper feminine etiquette, the author dreamed of being the first female quarterback in the NFL. But as she grew up, she yearned mostly to be someone her father would notice. In a macho world where only foot-ball mattered, what could she strive for? Who could she become? Allen has written a poignant memoir of the father she tried so hard to know, about a family life that was willfully sacrificed to his endless fanatical pursuit of the Super Bowl. What emerges is a fascinating and singular behind-the-scenes look at professional football, and a memorable, bittersweet portrait of a father and his daughter, written in a fresh and perceptive voice.

The Sweet Sixteen Austin McBeth, 2022-08-01 *The Sweet Sixteen* was written by Collegiate Men's Basketball coach Austin McBeth. With the increase in the popularity of sports, young men and women are learning a great deal about love and authority from coaches in today's culture. The impact that coaches at every level are leaving on their athletes is greater than it's ever been. McBeth's purpose in writing *The Sweet Sixteen* is to start the conversation about the abusive atmosphere coaches have created, by looking at what the Bible says about love. 1 Corinthians 13:4-8 talks about sixteen characteristics of love that McBeth breaks down to shine a light on the increasing misuse of such a powerful word and how coaches can begin to love their players in a way that will leave an impact long after their playing career has ended. Love is Patient Kind Does not envy It does not boast Is not proud Does not dishonor others Is not self-seeking Is not easily angered Keeps no record of wrongs Does not delight in evil Love rejoices in the truth Always protects Always trusts Always hopes Always perseveres Love never fails McBeth says, "Regardless of whether you consider yourself a Christian, the concepts in this book will help you become a more effective leader. *The Sweet Sixteen* is not only beneficial for coaches, but for parents, teachers and anyone in a leadership position. Becoming a *Sweet Sixteen* coach, parent, or leader will be one of the most challenging and rewarding things you will ever do. Be blessed as you read!

What's Wrong with US? Bruce Arena, Steve Kettmann, 2018-06-12 Outspoken, honest, game changing—ultimate soccer insider and legendary coach Bruce Arena looks back on an extraordinary career, and forward to what the United States needs to do to compete successfully on the world stage once again. “Arena depicts the human side of managing elite athletes.... [US soccer] fans will definitely want to pick this up.”—Publishers Weekly At around 8:37 p.m. EST on October 10, 2017, an unheralded Trinidadian right back, Alvin Jones, received possession of the football in a World Cup qualifier against the United States. Looking up, he took one touch and unleashed an extraordinary shot toward the American goal. No one in the stadium—least of all US coach Bruce Arena, standing ten yards away on the touchline—thought the ball would hit the back of the net. But hit the back of the net it did. And so, on that fateful muggy night at Ato Boldon Stadium, in Trinidad, Alvin Jones doomed the United States to miss the World Cup for the first time in thirty-two years. Cue hand-wringing and moans of pain from the legions of US Men’s National Team fans. With that ultimate 2-1 defeat and ouster from the World Cup, American soccer realized it had to take a long, hard look at itself. In What’s Wrong with US?, Bruce Arena begins that painful but much-needed process. Arena has won everything there is to win in sports, including college championships and Major League Soccer triumphs—he has even excelled as a coach of lacrosse, his first passion. His 2002 World Cup soccer team came a non-called handball away from the semifinals; and, having worked with the likes of David Beckham, Landon Donovan, and Christian Pulisic, he has had a storied life as a coach. Now, though, it’s time to take stock and have an honest discussion about what’s wrong with soccer in the United States. Arena casts his eye on recruiting, coaching, the structure of Major League Soccer, the integration of overseas players, and the role of money in the modern game. He looks back at the 2018 qualifying campaign, reveals what went wrong, and looks forward to a new way of soccer in America.
