Storm Blown Nick Courage, 2019-07-16 Beautiful, vivid writing and a power-packed plot . . . I truly loved it.--Lauren Tarshis, bestselling author of the I SURVIVED series Awesome. Super-intense, suspenseful, edge-of-your-seat stuff.--Max Brallier, New York Times bestselling author of the LAST KIDS ON EARTH series A major hurricane is raging across the southern United States, and two unsuspecting kids are about to have the adventure of a lifetime! Perfect for kids who love high-stakes plots and natural disaster movies, and anyone interested in extreme weather! And coming in January 2022, don't miss another epic adventure, SNOW STRUCK. A little rain and wind don't worry Alejo--they're just part of life at the beach. As his padrino says, as long as there are birds in the waves, it's safe. When people start evacuating, though, Alejo realizes things might be worse than he thought. And they are. A hurricane is headed straight for Puerto Rico. Emily's brother, Elliot, has been really sick. He can't go outside their New Orleans home, so Emily decides to have an adventure for him. She's on a secret mission to the tiny island Elliot loves. She's not expecting to meet up with an injured goose or a shy turtle. And nothing has prepared her for Megastorm Valerie. Soon Alejo and Emily will be in Valerie's deadly path. Who will survive?

*Snow Struck* Nick Courage, 2022-02-15 An historic blizzard is raging across the eastern seaboard, and three unsuspecting kids are about to find themselves smack in the middle of it! Perfect for fans of the I SURVIVED series who are looking for a high-stakes adventure! Neither Elizabeth nor her little brother, Matty, have ever been north of Georgia. They're used to sandals and shorts, not boots and parkas. So when they fly to New York City

to spend the holidays with their cousin Ashley, they want to experience one thing: SNOW! Ashley can't wait to show her cousins how magical Manhattan is at Christmastime. But instead of a week of fun, what they get is an arctic blast that knocks out the power and plunges the skyscrapers into darkness. It's unreal: the blizzard covers the Statue of Liberty in ice and topples the famous Christmas tree at Rockefeller Center! When Ashley's dog, Fang, gets lost outside, the cousins take matters into their own hands. . . and are caught in the storm's dangerous path as they chase Fang across the frozen city. Can the little Pomeranian survive the cold, snow, and ice blanketing Manhattan? Can they?

**Collecting: An Unruly Passion** Werner Muensterberger, 2014-07-14 From rare books, valuable sculpture and paintings, the relics of saints, and porcelain and other precious items, through stamps, textiles, military ribbons, and shells, to baseball cards, teddy bears, and mugs, an amazing variety of objects have engaged and even obsessed collectors through the ages. With this

captivating book the psychoanalyst Werner Muensterberger provides the first extensive psychological examination of the emotional sources of the never-ending longing for yet another collectible. Muensterberger's roster of driven acquisition-hunters includes the dedicated, the serious, and the infatuated, whose chronic restlessness can be curbed--and then merely temporarily--only by purchasing, discovering, receiving, or even stealing a new find. In an easy, conversational style, the author discusses the eccentricities of heads of state, literary figures, artists, and psychoanalytic patients, all possessed by a need for magic relief from despair and helplessness--and for the self-healing implied in the phrase I can't live without it! The sketches here are diverse indeed: Walter Benjamin, Mario Praz, Catherine the Great, Poggio Bracciolini, Brunelleschi, and Jean de Berry, among others. The central part of the work explores in detail the personal circumstances and life history of three individuals: a contemporary collector, Martin G; the celebrated British book and manuscript collector Sir Thomas Phillipps, who wanted one copy of every book in the world; and the great French novelist Honoré de Balzac, a compulsive collector of bric-a-brac who expressed his empathy for the acquisitive passions of his collector protagonist in *Cousin Pons*. In addition, Muensterberger takes the reader on a charming tour of collecting in the Renaissance and looks at collecting during the Golden Age of Holland, in the seventeenth century. Throughout, we enjoy the author's elegant variations on a complicated theme, stated, much too simply, by John Steinbeck: I guess the truth is that I simply like junk. Originally published in 1993. The Cone Sisters of Baltimore Ellen B. Hirschland, Nancy Hirschland Ramage, 2008-07-03 They were friends with Picasso and Matisse. They ran in the same circles as Gertrude and Leo Stein. They avidly purchased works by Manet, Gauguin, Cezanne, Seurat, and Degas at a time when other Americans didn't. They were two Victorian women from Baltimore buying avant-garde art in Paris, attending salons with friends, and building a collection that would initially puzzle and eventually awe the art world. Over a period of fifty years, sisters Caribel and Etta Cone amassed one of the most acclaimed collections

of late-nineteenth and twentieth-century art in America. Dr. Claribel and Miss Etta were two halves of an idiosyncratic team who used the fortunes of their German Jewish immigrant family to seek out works that inspired and pleased them, regardless of public opinion. This richly illustrated biography documents their lives from a unique perspective: that of their great-niece and their great-great-niece. Ellen B. Hirschland and her daughter Nancy Hirschland Ramage delve into Claribel's and Etta's world, following the sisters through letters and personal stories as they travel to meet the artists whose work would turn their adjoining apartments into a virtual museum. The sisters' experiences in Paris in the 1910s and 1920s provide an exceptional view of the bright artistic ferment in the city at that time. Only time would vindicate their keen vision and unwavering taste.

**Collecting and the Internet** Susan Koppelman, Alison Franks, 2014-10-01 The Internet has had a profound effect on collecting—because of the Web, collectibles are now more readily available, collections more easily displayed for a wider audience, and collectors' online communities are larger and often quite intimate. In addition, the Web has added new items to the pantheon of collectibles, including digital bits that, whether considered virtual or material, are nevertheless collectible. In this work, essays discuss the age-old habit of collecting and its modern relationship with the Internet. Topics include individually authored websites, online auctions, watches, eyewear, Kelly dolls, the gambler's rush of online acquisition, mp3s, collecting friends via online social networking sites, and online museums, among others.

The Art of Collecting Melissa Lester, 2022-04-05 It may start with just one special piece that catches your eye and captures your heart, stirring an

affection that quickly grows into an assemblage so dear, its sentimental value is beyond calculation. Whether it is a passion for exquisite linens, sterling silver, or fine English china--or simply the thrill of the hunt--that entices us to sift through old attics and antiques shops, estate sales, and European brocantes, we are kindred spirits, linked by an unbridled fervor for curating our favorite things.

*Instant Expert* Matthew Budman, 2004 Everything you need to know: what is collectible, strategies for buying and selling, the value of an author autograph, how books are made and more. This is a comprehensive guide to online resources, conferences and conventions, shops, organizations and an annotated bibliography. For the millions of reader who love books!

**Come Collect with Me** Baron Perlman, 2019-03-28 A mainstream collector's voice, a psychologist's eye on collecting and collectors, a teacher's questioning, and an approachable style. This winning book contains exercises on style and connoisseurship with photographs of antiques from Perlman's collection that he analyzes, including the compromises made in their purchase.

*Collecting Across Cultures* Daniela Bleichmar, Peter C. Mancall, 2011-03-17 In the early modern age more people traveled farther than at any earlier time in human history. Many returned home with stories of distant lands and at least some of the objects they collected during their journeys. And those who did not travel eagerly acquired wondrous materials that arrived from faraway places. Objects traveled various routes--personal, imperial, missionary, or trade--and moved not only across space but also across cultures. Histories of the early modern global culture of collecting have focused for the most part on European Wunderkammern, or cabinets of curiosities. But the passion for

acquiring unfamiliar items rippled across many lands. The court in Java marveled at, collected, and displayed myriad goods brought through its halls. African princes traded captured members of other African groups so they could get the newest kinds of cloth produced in Europe. Native Americans sought colored glass beads made in Europe, often trading them to other indigenous groups. Items changed hands and crossed cultural boundaries frequently, often gaining new and valuable meanings in the process. An object that might have seemed mundane in some cultures could become a target of veneration in another. The fourteen essays in *Collecting Across Cultures* represent work by an international group of historians, art historians, and historians of science. Each author explores a specific aspect of the cross-cultural history of collecting and display from the dawn of the sixteenth century to the early decades of the nineteenth century. As the essays attest, an examination of early modern collecting in cross-cultural contexts sheds light on the creative and complicated ways in which objects in collections served to create knowledge—some factual, some fictional—about distant peoples in an increasingly transnational world.

*Novels in Three Lines* Félix Fénéon, 2011-08-17 A NEW YORK REVIEW BOOKS ORIGINAL *Novels in Three Lines* collects more than a thousand items that appeared anonymously in the French newspaper *Le Matin* in 1906—true stories of murder, mayhem, and everyday life presented with a ruthless economy that provokes laughter even as it shocks. This extraordinary trove, undiscovered

until the 1940s and here translated for the first time into English, is the work of the mysterious Félix Fénéon. Dandy, anarchist, and critic of genius, the discoverer of Georges Seurat and the first French publisher of James Joyce, Fénéon carefully maintained his own anonymity, toiling for years as an obscure clerk in the French War Department. *Novels in Three Lines* is his secret chef-d'oeuvre, a work of strange and singular art that brings back the long-ago year of 1906 with the haunting immediacy of a photograph while looking forward to such disparate works as Walter Benjamin's *Arcades Project* and the *Death and Disaster* series of Andy Warhol.
