*American Commander* Ryan Zinke, Scott McEwen, 2016-11-29 In recent years, the world has learned just what is required to bravely serve America through the navy's most elite SEAL Team. Now, for the first time, we hear from their commander. For more than half a decade, Ryan Zinke was a commander at the most elite SEAL unit. A 23-year veteran of the US Navy SEALs, Zinke is a decorated officer and earned two Bronze Stars as the acting commander of Joint Special Forces in Iraq. Zinke trained and commanded many of the men who would one day run the covert operations to hunt down Osama bin Laden and save Captain Phillips (Maersk Alabama). He also served as mentor to now famous SEALs Marcus Luttrell (Lone Survivor) and Chris Kyle (American Sniper). Written with #1 New York Times bestselling co-author of American Sniper, Scott McEwen, *American Commander* will offer readers the hard-hitting, no-nonsense style the SEALs are known for. When Zinke signs with the US Navy he turns his sights on joining the ranks of the most elite fighting force, the SEALs. He eventually reaches the top of the SEAL Teams as an assault team commander. Zinke shares what it takes to train and motivate the most celebrated group of warriors on earth and then send them into harm's way. Through it, he shares his proven problem-solving approach: Situation, Mission, Execution, Command and Control, and Logistics. *American Commander* also covers Zinke's experience in running for Montana's sole seat in the United States Congress. Zinke's passion for his country shines as he conveys his vision to revitalize American exceptionalism. Scott McEwen and Ryan Zinke take readers behind the scenes and into the heart of America's most-feared fighting force. *American Commander* will inspire a new generation of leaders charged with

restoring a bright future for our children's children.

**General Mark Clark** Jon B. Mikolashek, 2013-03-22 Although not nearly as well known as other U.S. Army senior commanders, General Mark Clark is one of the four men—along with Eisenhower, Patton, and Bradley—who historian Martin Blumenson called “the essential quartet of American leaders who achieved victory in Europe.” Eisenhower nicknamed him the American Eagle. A skilled staff officer, Clark rose quickly through the ranks, and by the time America entered the war he was deputy commander of Allied Forces in North Africa. Several weeks before Operation Torch, Clark landed by submarine in a daring mission to negotiate the cooperation of the Vichy French. He was subsequently named commander of U.S. Fifth Army and tasked with the invasion of Italy. Fifth Army and Mark Clark are virtually synonymous. From the September 1943 landing at Salerno, Clark and his army fought their way north against skilled German resistance, augmented by mountainous terrain. The daring January 1944 end-run at Anzio, although not immediately successful, set the stage for Fifth Army’s liberation of Rome on 4 June 1944, after ten months of hard fighting. The war in Italy was not over, but the taking of Rome intact was a tremendous achievement. Pitted against one of Hitler’s most able commanders, Field Marshal Albert Kesselring, Fifth Army spent another ten months in ferocious combat from the Gothic Line to the Po Valley, as Clark moved up to head all Allied ground forces in Italy as commander of 15th Army Group. The brutal Italian Campaign has been long overshadowed by D-Day and the campaign across France and into Germany. Likewise, the senior U.S. commander in Italy has been largely overlooked when one thinks of the great captains of the war. The author, Mikolashek remedies this situation, shedding much

needed historical light on one of America's most important fighting generals in this work and all his biography. It also demonstrates the importance of the Italian Campaign, paying tribute to the valorous soldiers of U.S. Fifth Army and their Allied comrades. Jon Mikolashek is a history professor at the U.S Army Command and General Staff College branch at Ft. Belvoir, VA, and also teaches history at American Military University.

**Master and Commander** Patrick O'Brian, 2007 Set sail for the read of your life! Patrick O'Brian's Aubrey-Maturin tales are widely acknowledged to be the greatest series of historical novels ever written. Now these evocative stories are being re-issued in paperback by Harper Perennial with stunning new jackets.

*The Supreme Commander* Stephen E. Ambrose, 2012-01-17 In this classic portrait of Dwight D. Eisenhower the soldier, bestselling historian Stephen E. Ambrose examines the Allied commander's leadership during World War II. Ambrose brings Eisenhower's experience of the Second World War to life, showing in vivid detail how the general's skill as a diplomat and a military strategist contributed to Allied successes in North Africa and in Europe, and established him as one of the greatest military leaders in the world. Ambrose, then the Associate Editor of the General's official papers, analyzes Eisenhower's difficult military decisions and his often complicated relationships with powerful personalities like Churchill, de Gaulle, Roosevelt, and Patton. This is the definitive account of Eisenhower's evolution as a military leader—from its dramatic beginnings through his time at the top post of Allied command.

*General William Tecumseh Sherman's Georgia Campaigns: Lessons Learned For The Operational Commander* Commander James P. Davis, 2014-08-15 Between May and

December 1864, General William Tecumseh Sherman conducted two highly successful campaigns through Georgia, seizing Atlanta and Savannah and inflicting significant damage on Confederate military resources. Sherman's operations were founded in thorough logistics planning, skillful movement and maneuver of a light, mobile force, and bold movement behind enemy lines without a fixed line of communications. This paper will examine and analyze General Sherman's use of operational art, focusing on the operational factors of space, time and force and the operational functions of command and control, logistics, movement and maneuver and protection. The analysis will provide lessons learned for today's operational commander, including applicability to the concept of Operational Maneuver from the Sea (OMFTS). Sherman's campaigns skillfully blended the advantages of terrain and mobility with maneuver, maintaining the initiative and freedom of action. Current defense initiatives point toward a leaner force, with the ability to respond to crises quickly with minimal logistic support. In future conflicts, U.S. forces may not have the luxury of secure bases of operations or a lengthy period to build up supplies prior to the commencement of hostilities. Sherman emphasized maneuver, mobility and logistical self-sustainment to the maximum extent possible. Success in future conflicts may depend on the ability of joint forces to operate very much like Sherman did in 1864.

Tried by War James M. McPherson, 2008-10-07 James M. McPherson's Tried by War is a perfect primer . . . for anyone who wishes to understand the evolution of the president's role as commander in chief. Few historians write as well as McPherson, and none evoke the sound of battle with greater clarity. —The New York Times Book Review The Pulitzer

Prize-winning author reveals how Lincoln won the Civil War and invented the role of commander in chief as we know it As we celebrate the bicentennial of Lincoln's birth, this study by preeminent, bestselling Civil War historian James M. McPherson provides a rare, fresh take on one of the most enigmatic figures in American history. Tried by War offers a revelatory (and timely) portrait of leadership during the greatest crisis our nation has ever endured. Suspenseful and inspiring, this is the story of how Lincoln, with almost no previous military experience before entering the White House, assumed the powers associated with the role of commander in chief, and through his strategic insight and will to fight changed the course of the war and saved the Union.

History of COSSAC (Chief of Staff to Supreme Allied Commander), 1943-44 ,2000-09

**Confederate Combat Commander** Lawrence K. Peterson,2013-11-01 Known as one of the most aggressive Confederate officers in the Western Theater, Brigadier General Alfred Jefferson Vaughan Jr. is legendary for having had eight horses shot out from under him in battle—more than any other infantry commander, Union or Confederate. Yet despite the exceptional bravery demonstrated by his dubious feat, Vaughan remains a largely overlooked Civil War leader. In Confederate Combat Commander, Lawrence K. Peterson explores the life of this unheralded yet important rebel officer before, during, and after his military service. A graduate of Virginia Military Institute, Vaughan initially commanded the Thirteenth Tennessee Infantry Regiment, and later Vaughan's Brigade. He served in the hard-fought battles of the western area of operations in such key confrontations as Shiloh, Perryville, Stones River, Chickamauga, Chattanooga, and the Atlanta Campaign. Tracing Vaughan's progress through the war and describing his

promotion to general after his commanding officer was mortally wounded, Peterson describes the rise and development of an exemplary military career, and a devoted fighting leader. Although Vaughan was beloved by his troops and roundly praised at the time—in fact, negative criticism of his orders, battlefield decisions, or personality cannot be found in official records, newspaper articles, or the diaries of his men—Vaughan nevertheless served in the much-maligned Army of Tennessee. This book thus assesses what responsibility—if any—Vaughan bore for Confederate failures in the West. While biographies of top-ranking Civil War generals are common, the stories of lower-level senior officers such as Vaughan are seldom told. This volume provides rare insight into the regimental and brigade-level activities of Civil War commanders and their units, drawing on a rich array of privately held family histories, including two written by the general himself. Lawrence K. Peterson, a retired airline pilot, worked as a National Park Service ranger and USAF officer. He is the great-great grandson of Brigadier General Alfred Jefferson Vaughan Jr.

*The Reluctant Commander* Richard Patton, 2014-08-29 Twenty-two-year-old George Washington was pleased by his promotion to the rank of lieutenant-colonel and quite content to be the second-in-command of Governor Robert Dinwiddie's expedition to remove the French from the Ohio Valley. Then Joshua Fry, the mission's elderly commanding officer, is killed in a fall from his horse. Washington, whose experience in battle is all but nonexistent, is suddenly in command of the Virginia Regiment at a remote field in the Allegheny Mountains called Great Meadows—and the enemy is coming.

Commander's Intent Of Major General Joseph Hooker During The Chancellorsville

Campaign Major William M. Journey USMC, 2015-11-06 Did "Fighting Joe" Hooker of the Army of the Potomac lose his nerve during the Chancellorsville Campaign of 1863? Perhaps history has failed to recognize Major General Joseph Hooker's true commander's intent for this campaign. Hooker's intent was simple: maneuver forces to Lee's flank and rear in order to force a withdrawal of Confederate troops from Fredericksburg. Hooker had no intention of engaging in a "risky confrontation" with General Robert E. Lee and the Army of Northern Virginia. Hooker's approach for planning his spring offensive would focus the Army of Potomac's efforts toward outmaneuvering Lee's Army of Northern Virginia. Hooker had put forth the idea of moving on Richmond and Lincoln advised him that his objective was Lee's army and not Richmond. Hooker does pursue Lee's army, as the main objective and not Richmond as the President had directed but the means that Hooker pursued to that end are misleading. Hooker entered what he considered the initial stage of his spring offensive at Chancellorsville thinking that he would first defeat Lee's army by maneuver. Prior to Chancellorsville, however, Hooker was already making preparations for driving to Richmond. Hooker had intended to confront Lee with the dilemma of being threatened from all sides. Unfortunately, Hooker had failed to communicate his intentions for his army's movements of May 1, 1863 and confusion ran rampant among his subordinate commanders. Almost exclusively, Hooker developed the actual details of the plan himself. This flaw would result in numerous disconnects in Hooker's plan. Hooker's plan would fail due to his own steadfast belief in the ability of his plan to force Lee to withdraw. To say that Lee defeated the Army of the Potomac is misleading because Lee did not defeat the army, he defeated Hooker as he fought a very

effective defensive battle that removed the Federal threat from Virginia due to Hooker's failings as an army commander.

Life of Captain Jeremiah O'Brien, Machias, Maine Andrew Magoun Sherman, 1902

Warrior King Nathan Sassaman, 2009-05-26 *Warrior King*, a startling and controversial memoir of combat and betrayal, chronicles the downfall of one of the most prominent members of the U.S. fighting forces in Iraq, and the subsequent effect on the American military. 8-page b&w photo insert.

*Panzer Commander* Hans von Luck, 2013-05-30 "This unique memoir tells the story of one of the field-grade officers whose martial skills sustained the Third Reich against a world in arms."—Library Journal *Panzer Commander* is one of the classic memoirs of the Second World War. A professional soldier, Hans von Luck joined the Panzerwaffe in its earliest days, where he served under Erwin Rommel, and went on to fight in the Blitzkrieg in Poland, France and the Soviet Union. He then served with the Afrika Korps in the Western Desert and tells of the sometimes chivalrous relationship with the British 8th Army. After the collapse in Africa, he returned to Europe and fought throughout the Normandy campaign and was responsible for the failure of the British breakout attempt, Operation Goodwood. He then took part in the final desperate battles on the Eastern Front. Captured by the Soviets at the end of the war, he was held for five years in a prison camp in the Caucasus. After the war, he formed friendships with those who had been his opponents during it, including Major John Howard, who had led the capture of Pegasus

Bridge in Normandy. With a new preface by the author's widow, this unique and valuable account of one man's war and its aftermath is required reading for all those interested in the Second World War. "One of the few books that MUST be part of any library . . . It is vivid and engaging. It paints the finest of verbal pictures and it does so without demonstrations of ego . . . it is one of the building blocks of knowledge that creates the palace of history."—Firetrench

**Brigadier General John D. Imboden** Spencer Tucker, 2003-01-01 Brigadier General John D. Imboden is an extremely important but often overlooked figure in the Civil War. Born in Virginia and trained as a lawyer, Imboden was elected to the Virginia House of Delegates in 1850. Despite his limited military training, he secured a commission as a captain of artillery in a militia company. When Virginia seceded from the Union, Imboden came to play a prominent role in the fighting and rose to the rank of brigadier generals commanding the Shenandoah Valley District. Imboden, his four brothers, and his brother-in-law all served in the Confederate Army and were known as the Six Brothers in Gray. Imboden claimed to have participated in 67 encounters with the enemy, battles, affairs, etc., in which the fighting was hard. He organized and led the Staunton Artillery in the

capture of the U.S. arsenal at Harpers Ferry and participated in the First Battle of Bull Run/Manassas, organizing a cavalry command that fought under Stonewall Jackson in his Shenandoah Valley Campaign. His raid with Brigadier General William Jones into West Virginia, supported by 5,500 troops and cavalry, cut the Baltimore & Ohio Railroad line and ravaged the Kanawha Valley petroleum fields. Imboden's cavalry screened the Army of Northern Virginia's left flank during the 1863 invasion of Pennsylvania. His protection of the wagon trains carrying wounded soldiers during the retreat from Gettysburg, culminating in a brilliant defensive battle at Williamsport on the Potomac, helped prevent Union troops from capturing important Confederate supplies. Imboden later led his men in hard fighting in the Shenandoah Valley in the battles of New Market, Piedmont, and Lynchburg. In late 1864, Imboden contracted typhoid fever. On his return to duty, he closed out his war service in command of Confederate prisons in Georgia, Alabama, and Mississippi. One of Imboden's hallmark characteristics was his concern for others, especially those in his charge, including Union prisoners of war at Andersonville. After the war, Imboden turned his interests to restoring the economic well-being of his native Virginia. He worked to promote the extension of rail lines and, to overcome a proliferation of different gauges, he invented a car lifter that was adopted by a number of lines. He traveled extensively to secure investments to develop the state's natural resources, founding the city of Damascus, which he hoped to make into a new iron and steel center.
