Children's Book * Smithsonian Magazine Notable Book for Children

* Cooperative Children's Book Center Choice Crunch asks: What might happen if the earth's supply of gas runs out? It's a perfect classroom read to spark discussions about energy conservation and the future of our planet. Dewey Marriss is stuck in a crunch. He never guessed that the gas pumps would run dry the same week he promised to manage the family's bicycle-repair business. Suddenly everyone needs a bike. And nobody wants to wait. Meanwhile, the crunch has stranded Dewey's parents far up north. It's up to Dewey and his older sister, Lil, to look after their younger siblings and run the bike shop all on their own. To top things off, Dewey discovers that bike parts are missing from the shop. He's sure he knows who's responsible—or does he? Will exposing the thief only make more trouble for Dewey and his siblings?

“Charming and original.” —Kirkus Reviews (starred review)

The Big Crunch Wiley Blevins, 2017-08-01 It's another lazy day in the backyard, and Ick doesn't want to explore the mysterious sound in the woods. But Crud has his back—or does he?

Crunch the Shy Dinosaur Cirocco Dunlap, 2021-06-29 From Cirocco Dunlap (*This Book Will Not Be Fun*) and Theodor Seuss Geisel Award winner Greg Pizzoli (*The Watermelon Seed*) comes a

charming, giggly read-aloud that illustrates the particular art of making a friend! Crunch is a lovely and quiet brontosaurus who has hidden himself in some shubbery and is rather shy. He would like to play, but it will require some gentle coaxing from you! If you are patient and encouraging, you will find yourself with a new friend! This book is a warm, funny example of how to engage with someone new, who is perhaps a bit different from you. Lessons in friend-making (such as minding personal space and demonstrating interest in another's hobbies) are delivered so subtly that children will absorb them unconsciously as they delight in Crunch's silly hat and dance moves! Cirocco Dunlap (*This Book Will Not Be Fun*) and Greg Pizzoli (*The Watermelon Seed*) enchant and surprise us with their first collaboration. A Chicago Public Library Best Book of 2018!

The Big Crunch Pete Hautman, 2011-01-01 A funny, clear-eyed view of the realities of teenage love from National Book Award winner Pete Hautman. A funny, clear-eyed view of the realities of teenage love from National Book Award winner Pete Hautman. Jen and Wes do not meet cute. They do not fall in love at first sight. They do not swoon with scorching desire. They do not believe that they are instant soul mates destined to be together forever. This is

not that kind of love story. Instead, they just hang around in each other's orbits...until eventually they collide. And even after that happens, they're still not sure where it will go. Especially when Jen starts to pity-date one of Wes's friends, and Wes makes some choices that he immediately regrets. From National Book Award winner Pete Hautman, this is a love story for people not particularly biased toward romance. But it is romantic, in the same way that truth can be romantic and uncertainty can be the biggest certainty of all...

Click Kayla Miller, 2022-05-31 Olive wants to get in on the act . . . Any act! For fans of Raina Telgemeier comes the first book in the New York Times best-selling graphic novel series about friendship and finding where you click. Olive “clicks” with everyone in the fifth grade –until one day she doesn’t. When a school variety show leaves Olive stranded without an act to join, she begins to panic, wondering why all her friends have already formed their own groups... without her. With the performance drawing closer by the minute, will Olive be able to find her own place in the show before the curtain comes up? A heartfelt and insightful story about navigating friendships, leaning on family, and learning to take the stage in the most important role of all.

Crunch! Dirk Burhans, 2008-11-05 The potato chip has been one of America's favorite snacks since its accidental origin in a nineteenth-century kitchen. **Crunch! A History of the Great American Potato Chip** tells the story of this crispy, salty treat, from the early sales of locally made chips at corner groceries, county fairs, and cafes to the mass marketing and corporate consolidation of the modern snack food industry. **Crunch!** also uncovers a dark side of potato chip history, including a federal investigation of the snack food industry in the 1990s following widespread allegations of antitrust activity, illegal buyouts, and predatory pricing. In the wake of these Great Potato Chip Wars, corporate snack divisions closed and dozens of family-owned companies went bankrupt. Yet, despite consolidation, many small chippers persist into the twenty-first century, as mom-and-pop companies and upstart boutique businesses serve both new consumers and markets with strong regional loyalties. Illustrated with images of early snack food paraphernalia and clever packaging from the glory days of American advertising art, **Crunch!** is an informative tour of large and small business in America and the vicissitudes of popular tastes.

The Carbon Crunch Dieter Helm,2015-01-01 In a new edition of his hard-hitting book on climate change, economist Dieter Helm looks at how and why we have failed to tackle the issue of global warming and argues for a new, pragmatic rethinking of energy policy. “An optimistically levelheaded book about actually dealing with global warming.”—Kirkus Reviews, starred review “[Dieter Helm] has turned his agile mind to one of the great problems of our age: why the world's efforts to curb the carbon dioxide emissions behind global warming have gone so wrong, and how it can do better.”—Pilita Clark,Financial Times

The Crunch Karen Amen, Tee Dobinson, 1994 Gone are the days of back-straining sit-ups. In their place is the Crunch--an exercise that precisely isolates different abdominal muscles. Bang Crunch Neil Smith, 2007 A support group for people who suspect their benign nature has caused benign tumours to grow inside them; a girl with Fred Hoyle syndrome whose age expands

and contracts like the universe; a recently widowed woman talks to her husband's ashes, which are entombed in a hollowed-out curling stone; a store detective's valiant act to save a pair of pink calfskin gloves is entwined with the unfortunate results of an unsuccessful space mission, and a teenage boy is forced to confront his feelings for his best friend when he sees a day-glo guinea-pig in an exhibition. Unexpected humour and tenderness intertwine with loneliness and hopefulness in this remarkable book from an already acclaimed writer. In nine richly varied stories, written in intense, clear-eyed prose, the reader is led into an exploration of the human need for connection, however tenuous or absurd, and at whatever cost. The stories operate with heartbreaking precision, drawing us past the surface of characters' lives and into the moments of decision and recognition that shape these people irrevocably. Rendering grief, loneliness, hope, love and happiness with exquisite subtlety and intelligence, Neil Smith proves himself an able chronicler of the human condition. *Bang Crunch* constitutes a significant achievement by a powerful new writer.
