

# Discography

Klaus Teubig

*Lady Sings the Blues* Billie Holiday, William Dufty, 2011-03-02 Perfect for fans of The United States vs. Billie Holiday, this is the fiercely honest, no-holds-barred memoir of the legendary jazz, swing, and standards singing sensation—a fiftieth-anniversary edition updated with stunning new photos, a revised discography, and an insightful foreword by music writer David Ritz Taking the reader on a fast-moving journey from Billie Holiday’s rough-and-tumble Baltimore childhood (where she ran errands at a whorehouse in exchange for the chance to listen to Louis Armstrong and Bessie Smith albums), to her emergence on Harlem’s club scene, to sold-out performances with the Count Basie Orchestra and with Artie Shaw and his band, this revelatory memoir is notable for its trenchant observations on the racism that darkened Billie’s life and the heroin addiction that ended it too soon. We are with her during the mesmerizing debut of “Strange Fruit”; with her as she rubs shoulders with the biggest movie stars and musicians of the day (Bob Hope, Lana Turner, Clark Gable, Benny Goodman, Lester Young, Coleman Hawkins, and more); and with her through the scrapes with Jim Crow, spats with Sarah Vaughan, ignominious jailings, and tragic decline. All of this is told in Holiday’s tart, streetwise style and hip patois that makes it read as if it were written yesterday.

**The Ventures Essential Albums Discography** Arnold E. van Beverhoudt, Jr., 2015-02-07 The Ventures are recognized as the most popular and successful instrumental rock and roll band in the world. They

were inducted into the Rock and Roll Hall of Fame in 2008, the 50th anniversary of the band's formation by Don Wilson and Bob Bogle. This book offers my suggestions for what I consider to be an essential albums collection of The Ventures' music. I limited the listings to albums (LPs, EPs, and CDs) released in the United States, Japan, and the United Kingdom that would provide a reasonably complete library of the almost 1,200 different songs recorded by The Ventures during their 55 years of existence to date (1959 to 2014). If you have all of these albums, you'll have virtually the entire recorded and officially-released library of The Ventures' music. Please note that this book contains album cover art, label information, and track list for each album listed. It does not include review commentary on the albums.

A Pete Seeger Discography David King Dunaway, 2010-11-12 Pete Seeger is one of the most recorded artists in American history, and his recording catalog tells us not just the story of his career but the story of our culture and its political and social history. A Pete Seeger Discography: Seventy Years of Recordings is a comprehensive listing of the 45s, 78s, LPs, and CDs recorded by Seeger in his various incarnations: with the Almanac Singers, with the Weavers, as a solo artist, and with other musicians and contributors. David King Dunaway provides information, with easy to use cross-references, on rare recordings and archival collections. The discography offers details on Seeger's recording history, including the album

title, song(s), other artists on the recording, the publisher and number, and the year or exact recording date if known, as well as the original release date and the re-releases of each recording. Structured to make locating details easy for readers, the recordings are organized chronologically and categorized by albums, singles, private pressings, and foreign releases. Readers can easily cross-reference through album and song title indexes and a contributing artist index. An appendix listing the unreleased archival holdings of the Smithsonian Folkways collection under Moe Asch completes the volume, and a photospread with more than 30 of Seeger's album covers convey a pictorial recording history of this well-loved artist. The authors gratefully acknowledge Furthermore: a program of the J.M. Kaplan Fund, for their funding assistance in preparing this discography.

**Ella Fitzgerald** J. Wilfred Johnson, 2010-08-05  
Ella Fitzgerald was one of America's greatest jazz singers. This volume is as complete a discography of her recorded songs as currently seems possible to compile. This volume also contains a complete discography (1927-1939) for drummer and bandleader Chick Webb, with whom Ella began her recording career in 1935. Part One includes a chronological listing of all known recorded performances of both Chick Webb and Ella. Part Two gives the complete contents of Ella's LPs and CDs, including track listings, titles (with lyricists and composers) and timings. Part Three is an annotated alphabetical listing of all songs contained on all of Fitzgerald's records, with detailed information

on each song's composer, lyricist, and history. Reviews of the movies in which Ella appeared and surveys of her career with the Decca, Verve and Pablo music companies are included. The book also has an index of album and CD recordings, and composers, lyricists and musicians.

Bob Dylan Complete Discography Brian Hinton, 2006  
Publisher description

All of Me Jos Willems, 2006-04-30 Louis 'Satchmo' Armstrong was not only jazz's greatest musician and innovator, but also arguably its most famous entertainer and the frontal figure in the development of contemporary popular music. Overcoming social and political obstacles, he created a long and impressive career and an enormous musical output. Now, his ground breaking musical career is amassed and detailed in this discography of all his works, from professionally made commercial releases, to amateur and unissued recordings. All of Me is a comprehensive, chronological discography born out of love and admiration for Louis Armstrong, and devotion to years of collecting his musical accomplishments. Author Jos Willems has meticulously compiled all of Satchmo's known recordings\_both studio and live performances\_and with assistance from internationally renowned specialists, has assembled an impressively detailed, accurate, and complete listing. This volume is superbly formatted and presented, logically organized, and thoroughly indexed by song title and individual. Researchers, collectors, and enthusiasts can easily look up any detail of a recording: issues and releases of particular songs; publishing

companies; producers; catalog numbers; dates, times, and locations of recordings; musicians Armstrong played with; and format, be it 78 or 45 RPM records, LPs, CDs, or media appearances. Every detail of Armstrong's career is listed in this impressive volume, shedding light on the enormity of his impact on jazz and popular culture. This is the ultimate reference guide for the complete works of Louis Armstrong.

*Andre Kostelanetz on Records and on the Air*  
James H. North, 2011 An important extra in the book is a survey of Kostelanetz's career and an evaluation of his achievements, contributed by noted radio historian Dick O'Connor. A foreword by Barbara Haws, archivist and historian of the New York Philharmonic, completes this invaluable reference. --Book Jacket.

**More Important Than the Music** Bruce D. Epperson, 2013-10-01 Today, jazz is considered high art, America's national music, and the catalog of its recordings—its discography—is often taken for granted. But behind jazz discography is a fraught and highly colorful history of research, fanaticism, and the intense desire to know who played what, where, and when. This history gets its first full-length treatment in Bruce D. Epperson's *More Important Than the Music*. Following the dedicated few who sought to keep jazz's legacy organized, Epperson tells a fascinating story of archival pursuit in the face of negligence and deception, a tale that saw curses and threats regularly employed, with fisticuffs and lawsuits only slightly rarer. Epperson examines the documentation of recorded

jazz from its casual origins as a novelty in the 1920s and '30s, through the overwhelming deluge of 12-inch vinyl records in the middle of the twentieth century, to the use of computers by today's discographers. Though he focuses much of his attention on comprehensive discographies, he also examines the development of a variety of related listings, such as buyer's guides and library catalogs, and he closes with a look toward discography's future. From the little black book to the full-featured online database, *More Important Than the Music* offers a history not just of jazz discography but of the profoundly human desire to preserve history itself.

Country Music Records Tony Russell, Bob Pinson, 2004-10-07 More than twenty years in the making, *Country Music Records* documents all country music recording sessions from 1921 through 1942. With primary research based on files and session logs from record companies, interviews with surviving musicians, as well as the 200,000 recordings archived at the Country Music Hall of Fame and Museum's Frist Library and Archives, this notable work is the first compendium to accurately report the key details behind all the recording sessions of country music during the pre-World War II era. This discography documents--in alphabetical order by artist--every commercial country music recording, including unreleased sides, and indicates, as completely as possible, the musicians playing at every session, as well as instrumentation. This massive undertaking encompasses 2,500 artists, 5,000 session musicians, and 10,000 songs. Summary histories of

each key record company are also provided, along with a bibliography. The discography includes indexes to all song titles and musicians listed.

The Complete Helen Reddy Illustrated Discography Daniel Selby, Helen Maxine Reddy was born in Melbourne, Victoria, Australia on October 25, 1941 to a show-business family. Helen started her career as an entertainer at age four while traveling with her parents. She sang on the radio and television and eventually won a talent contest on the television program Bandstand in 1966; her prize was a ticket to New York City, some cash and a record audition, which proved to be little more than a lie. The label executive told Helen, over lunch, that she had a great voice, but there was no room for another girl singer on the label. Have a good trip back home! Helen had no plans to return home until she was a star... While Helen certainly had dreams, she could not have foreseen what her future held when she refused to return to Australia. The hit singles, the gold and platinum albums the world touring. Her music touched people of all ages and sexes at their deepest level around the world. Her music had meaning, not just a beat. This book covers Helen's career from beginning to end through her discography, promotional materials, rare photos and more.

The Complete Entertainment Discography, from the Mid-1890s to 1942 Brian Rust, Allen G. Debus, 1973 The first book to trace the recording careers of the great entertainers: singers, comics, actors and actresses, vocal groups, show-business personalities.--Book jacket.

**The Music of Billy May** ,1998-10-28 Billy May was

a self-taught musician and arranger. In 1938, he received his first big break arranging and playing trumpet; first, for the Charlie Barnet band, and in 1940, the band of Glenn Miller. Settling in Hollywood in 1943, his first of many big breaks in radio was playing in Ozzie Nelson's band for the Red Skelton Show. Shortly thereafter, May was asked by Nelson to be musical director to his new show, The Adventures of Ozzie and Harriet. He was also fortunate to play in the orchestra and write arrangements for John Scott Trotter on Bing Crosby's Kraft Music Hall. Billy May's earliest collaboration with Frank Sinatra produced Don't Fence Me In for broadcast on December 23, 1944. Capitol Records paired Billy May and Alan Livingston to initiate a series of children's recordings with arrangements and compositions such as Bozo the Clown and the exceedingly popular I Taut I Taw a Putty Tat. As a band leader and arranger, his signature included the prominent saxophone section glissando (sliding, or slurping) effect, and highly imaginative arrangements. His last great project was the documentation on record of swing era music, commissioned by Time-Life, and completed in 1973. The discography covers Billy May as arranger and composer from 1944-1998, as sideman and arranger for others, his work on radio, television, movies, and international appearances, his road band, recordings, both domestic and foreign, and his transcriptions. Data is cross-indexed by song title and artist.

### **The Rudy Vallee Discography** Larry

Kiner, 1985-05-24 Here is the first complete listing of all the recorded works of Hubert Prior

Vallee, one of America's most versatile and accomplished entertainers. Kiner chronicles Vallee's work from its infancy in 1921 through his most popular era in the late 1920s and early 1930s into the war years of the 1940s and on into the next thirty years. All known Vallee recordings that were ever issued or intended for issue as commercial releases are listed. Also included are unissued recordings, private recordings, radio broadcasts and soundtracks, as well as private issues that were produced in sizable quantities. Each entry contains as complete a citation of a disc's production as possible, including: date, type, and location of performance; orchestral accompaniment with number of instruments and vocalist; song title and songwriter's name; and record size/rpm/label name, catalog number/matrix number, and take designation. The book contains illustrations, a preface by the artist himself, as well as indexes for Valle songs, 78 rpm single records, LP records, conductors, costars, musicians who worked in the Connecticut Yankees, and Vallee's motion pictures and radio series.

**Straighten Up and Fly Right** Klaus

Teubig, 1994-06-14 Thirty years of collecting and 15 years of research have resulted in this discography that features all known recordings, transcriptions, and films made by Cole until 1950, when his jazz style faded away, and a selection of his later jazz-related trio sides. It includes for the first time Cole's unknown 16 transcriptions of his Wild Root broadcasts. This volume documents the development of a gifted pianist into a ballad-singing star and leader of the most famous jazz

trio of the 1940s. All routes and recording activities by Cole and his fellow musicians from 1936 to the 1950s are chronicled here. Nat King Cole is widely known as a singer of unforgettable fame, but that he was a true King of Jazz Piano in its heyday and the inventor of today's piano trios is almost forgotten. This discography gives all details of the King Cole Trio's activities, listing recording sessions, available broadcasts on discs, film soundtracks, and guest appearances by the trio or by Cole alone, on such shows as Jubilee, Command Performance, Supper Club, Mail Call, and Kraft Music Hall. A special listing is included of those occasions when Cole participated as unknown or unnamed pianist on radio transcriptions for singers like Anita Boyer, Anita O'Day, The Dreamers, The Barrie Sisters, Bonnie Lake, Rose Murphy, Maxine Johnson, and Juanelda Carter. In addition, the book includes the Cole Trio's engagement routes with exact dates if known, names of promoters, and much more. The biographical portion is a fascinating period piece of Jazz-age memorabilia.

**Put Your Dreams Away** Luiz Carlo Nascimento Silva, 2000-03-30 Focusing on Sinatra's presence in the recording studio, this discography catalogues Frank Sinatra's commercial records, V-Discs, and soundtrack film recordings. The first chapter covers Sinatra's early years as a vocalist with the big bands of Harry James and Tommy Dorsey. Entries then proceed chronologically with separate chapters for each decade. Data was collected from session reports in the files of record companies and from some union contracts. Commercial record

and film soundtrack entries include band personnel and composer credits. Frank Sinatra fans, music historians, and discographers will appreciate this comprehensive catalogue of session recordings in which Sinatra either sang or conducted. The sessions span Sinatra's entire career, from his early days through the nineties. Two indexes, of song titles and of artists, complete the book.

**Sarah Vaughan** Denis Brown, 1991-12-11 A true labor of love and appreciation for Sarah Vaughan's vast contributions to American popular music, this comprehensive discography documents some 750 songs recorded by Vaughan in 221 recording sessions between 1944 and 1989, some of them multiple times. The artist, when presented with an early draft of this volume a few years before her death, called it a piece of gold and commented that there were songs she'd forgotten and would record again. Information on orchestra leaders, arrangers, musicians, matrix numbers, and record company catalog numbers is given, and separate sections organize the material by record company issues and index song titles (with composers), musicians, and orchestras. This work will be of interest to scholars and researchers of popular music, to record collectors, and to everyone who loves the music of Sarah Vaughan.

**Discography of Western Swing and Hot String Bands, 1928-1942** Cary Ginell, Kevin Coffey, 2001-06-30 The result of years of research by its authors, this discography strives to identify and trace the recorded development of the musical style now known as western swing from its early years through World War II. The style

developed from the Texas string band tradition, growing from a fiddle and guitar duo into full swing band groups, and along the way, it drew from and absorbed a variety of other musical styles, thus making it one of the most diverse genres in American music. Until now, studies have been limited to a few book-length biographies, but through exhaustive research and interviews, Ginell and Coffey have provided the most complete and comprehensive listing of pre-War western swing and hot string band recordings to date. Accessible through a variety of indexes, the information included here comprises four sections. The reader can easily find cross-referenced information on which musicians played with which bands on which songs. Easy-to-follow linear and chronological development of the music is provided as well.

**The Dial Recordings of Charlie Parker** Edward Komara, 1998-06-10 Dial Records catered to jazz musicians and record collectors. Charlie Parker was one of the major jazz artists to record with Dial. His Dial sessions occurred at the personal depths and artistic peaks of his career during which he introduced a number of such jazz staples as Ornithology and Scrapple from the Apple. His ten sessions associated with Dial are presented in detail and include the repertory, original issues and reissues, titles and notated transcriptions, and analyses of performances. Commentary explains many of the titles to Parker's pieces and collates the various recordings in which he performed his Dial repertory outside the confines of the Dial studios; these celebrated performances helped to shape modern jazz. In addition to the catalogue of

Parker's Dial recordings, jazz historians and scholars alike will appreciate the historical narrative detailing the evolution of Dial Records, its owner Ross Russell, and its business relations with Charlie Parker. This examination of the 1940's jazz record business sheds light on the dissemination of jazz via records. Five appendices complete this well organized and thorough study of Charlie Parker and his legendary Dial recordings.

**The Virgin Discography: the 1970s** Mark Jones, 2013 The Virgin label began with an eclectic and esoteric mix of left-field artists, including Mike Oldfield, Gong, Faust, Tangerine Dream and Henry Cow. Many of the resulting LPs are now considered to be important cultural reference points - is there anyone who hasn't heard of Tubular Bells? In 1977 Virgin signed the Sex Pistols. A horde of punk and new wave bands followed, such as XTC, Magazine, The Ruts and - as the Sex Pistols imploded - PIL. Following this, the iconic Front Line label was responsible for some of the best reggae ever heard, from artists such as U-Roy, Tapper Zukie, I-Roy, Keith Hudson, The Gladiators, Culture and the Twinkle Brothers. This book covers the 'classic' years and is an absolute must for anyone with half an ear open - let's face it, during the 1970s Virgin defined the nation's - if not the world's - musical taste. All known releases on Virgin and related labels are documented here - from Tubular Bells to numerous forgotten gems that deserve much greater recognition.

**Willie Torres Discography** Edwin García, Esq., 2013-12-27 Available as a FREE .PDF at the

Internetarchive.org:

<https://archive.org/details/WillieTorresDiscography>

One of the unsung trailblazers within the Latin music industry, Willie Torres (b. 1929) was the original lead singer for the 1950-60s Joe Cuba Sextet. He is credited as one of the 1st mainstream Latino singers to record English words to a Mambo rhythm - Nick Jiménez' 1955 historic song and arrangement of Mambo Of The Times. His career stretched as far back as the late 1940s through to the 2010s. He recorded with most of the biggest names in the Latin music field including: Machito, Graciela, Tito Puente, Tito Rodriguez, Ray Barretto, Charlie and Eddie Palmieri, Celia Cruz, La Lupe, Alegre All Stars, Louie Ramirez, Cal Tjader, Mongo Santamaria and many others. This .PDF book is a pictorial review of the albums he appeared on as a lead or background singer. Over 44 Latin music industry personnel contributed with their observations. Within its 186 pages, this reference work contains previously omitted data on recording session personnel, an array of anecdotes and album facts. As a result, the reader will get a quick overview of the Mambo, Pachanga and Boogaloo eras. This easy read contains over 200 photos of album covers, record session scenes and candid personal moments - some of which have never appeared in print before. Because of the high number of photos and the complex formatting, the .PDF format is the only viable option. Available as a FREE .PDF at the Internetarchive.org:

Finding specific Discography, especially related to Discography, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites,

forums, or blogs dedicated to Discography, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Discography books or magazines might include. Look for these in online stores or libraries. Remember that while Discography, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that

allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Discography eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide

excerpts or short stories for free on their websites. While this might not be the Discography full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Discography eBooks, including some popular titles.

### **FAQs About Discography Books**

How do I know which eBook platform is the best for me?

Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are there free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read

eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive

eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Discography is one of the best book in our library for free trial. We provide copy of Discography in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Discography. Where to download Discography online for free? Are you

looking for Discography PDF? This is definitely going to save you time and cash in something you should think about.
