Joseph Robertia

Dogs Christina Wilsdon,2008-07-01 Describes the physical characteristics, habitat, and behavior of dogs.

Dogs in Health Care Jill Lenk Schilp,2019-09-24 Dogs have a storied history in health care, and the human-animal relationship has been used in the field for decades. Certain dogs have improved and advanced the field of health care in myriad ways. This book presents the stories of these pioneer dogs, from the mercy dogs of World War I, to the medicine-toting sled dogs Togo and Balto, to today's therapy dogs. More than the dogs themselves, this book is about the human-animal relationship, and moments in history where that relationship propelled health care forward.

Life with Forty Dogs Joseph Robertia,2017-04-04 Winner of Dog Writer's Association of America Best Book: Rescue or Adoption and Dogwise Best Book Award in 2017. From award-winning writer and photographer Joseph Robertia, *Life with Forty Dogs* is a collection of the funny, fascinating, and sometimes heartbreaking stories of the life-changing canine commitment he and his family made. When Robertia and his wife, Cole, first entered the world of dog sledding in Alaska, they had never expected to have their household grow up to forty dogs—"primarily rogues, runts, and rejects from other kennels." But quickly they found their lives inextricably intertwined with each dog they rescued as they learned each one's unique character and personality and how irreplaceable each was for their team and for their family. This book is an invitation to understand the essence of life with forty dogs in its entirety and, through that comprehension, to truly appreciate what Robertia sees every day. Not everyone can sacrifice their spare time, salaries, and sanity to get to know so many characters—from the well-mannered to the wily—but *Life with Forty Dogs* will reveal the endless adventures and misadventures that come to those like Robertia and his family who have dedicated themselves to their furry companions.

Secondhand Dogs Carolyn Crimi,2021-07-06 A heartwarming—and heart-tugging—middle grade novel about love, loyalty, and what it means to be part of a family—from author Carolyn Crimi, with adorable illustrations by Melissa Manwill. Perfect for fans of *A Dog's Life* and *Because of Winn-Dixie*. Miss Lottie's home was for second chances. When she adopted Gus, Roo, Tank, and Moon Pie, Miss Lottie rescued each member of the pack—including herself, her helper, Quinn, and her reclusive cat, Ghost—and turned them into a family. But when a new dog, Decker, arrives and tries to hoard Miss Lottie's heart and home for himself, the pack's future is threatened. At first, Gus, the insecure pack leader, only notices little things, like tiny Moon Pie being kicked out of the bed and Ghost acting spooked (then again...Ghost is a cat). But things soon go from bad to worse as Decker's presence causes disharmony in the group. When Decker convinces Moon Pie to embark on an impossible journey, it's up to Gus to gather his courage, rally his splintered pack, and bring the little dog home. And with coyotes and cars on the loose, the pack must push through obstacles and dangers to reunite with Moon Pie before he can get hurt—or, nearly as bad, get his heart broken.

Tracking Sonja Needs, 2016-05-17 Tracking is a great way to channel your dogs energy and challenge their mind. There are different avenues of tracking from sports trials (earning titles), to search and rescue (professional working dogs), to dogs who only participate for fun and energy release. Tracking as a dog sport is intended to exercise the mind and body of your dog. Tracking is an ideal activity for dogs which have high drive (motivation and energy for a task) and require a means for release. Any breed of dog can do tracking and many dogs will excel at tracking where they have failed at other dog sports. Tracking challenges your dog with a task, they utilize their innate physical and mental abilities to the fullest extent, as nature had intended. In this book, we focus on Tracking as a sport or for fun. We use techniques and methods used by professional tracking and trailing dog handlers. We cover everything from laying your first track, progressing your training and troubleshooting. Learn about scent, how it moves and how it is affected by the environment so that you can start to understand your dogs behaviour and support them. Understanding scent also makes it easier for you to make well planned practice tracks for you and your training partners.
