Learn to capture people in everyday life, from firefighters and doctors to swimmers and skateboarders.

Framed Ink 2 Marcos Mateu-Mestre, 2020-12-18 The highly anticipated follow-up to Framed Ink from Marcos Mateu-Mestre, Framed Ink 2 provides insight into another compositional tool that Marcos uses every day to create his amazing artwork--the energy within the working frame. In each piece of art, regardless of its format, one must consider essential factors such as the push-pull, tension-relaxation, pressure-release, balance and imbalance that happen inside the working area to support our storytelling. All of these factors apply in any aspect ratio, whether it be horizontal, vertical or square, each a format to consider when working in the movie, gaming, animation and graphic novel industries, which in our day and age can be presented through a variety of outlets such as a movie theater, home theater, social media and a number of personal devices. Marcos encourages and educates us on how not to be limited by the format but to embrace and rise to the challenge of designing for each format. A perfect accompaniment to his prior releases Framed Ink, Framed Perspective Vol. 1 and Vol. 2 and Framed Drawing Techniques, this book will take a reader's knowledge base to the next level and allow them to build on their expertise as an effective visual storyteller.

*The Art and Science of Drawing* Brent Eviston, 2021-05-28 **Drawing is not a talent, it's a skill anyone can learn.** This is the philosophy of drawing instructor Brent Eviston based on his more than twenty years of teaching. He has tested numerous types of drawing instruction from centuries old classical techniques to contemporary practices and designed an approach that combines tried and true techniques with innovative methods of his own. Now, he shares his secrets with this book that provides the most accessible, streamlined, and effective methods for learning to draw.

Taking the reader through the entire process, beginning with the most basic skills to more advanced such as volumetric drawing, shading, and figure sketching, this book contains numerous projects and guidance on what and how to practice. It also features instructional images and diagrams as well as finished drawings. With this book and a dedication to practice, anyone can learn to draw!
