Each and Her Valerie Martínez,2022-05-03 In 2004 twenty-eight women and young girls were murdered in Ciudad Juárez and the surrounding areas. The tragedy escalated to fifty-eight murders in 2006, then again to eighty-six in 2008, and current estimates top four hundred deaths. Now poet Valerie Martínez offers a poetic exploration of these events, pushing boundaries—stylistically and artistically—with vivid poems that contextualize femicide. Martínez departs from traditional narrative to reveal the hidden effects and outcomes of the horrific and heart-wrenching cases of femicide. These poems—lyric fragments and prose passages that form a collage—have an intricate relation to one another, creating a complex literary quilt that feels like it can be read from the beginning, the end, or anywhere in between. Martínez is personally invested in the topic, evoking the loss of her sister, and *Each and Her* emerges as a biography of sorts and a compelling homage to all those who have suffered. Other authors may elaborate on or investigate this topic, but Martínez humanizes it by including names, quotations, realistic details, and stark imagery. The women of Juárez, like other women around the world, are ravaged by inequality, discontinuity, politics, and economic plagues that contribute to gender violence. Martínez offers us a poignant and alarming glance into another world with these never-before-told stories. Her refreshing and explosive voice will keep readers transfixed and intrigued about these events and emotions—removed from us and yet so close to the heart.

Our Wealth is Loving Each Other Karen J. Brison,2007 *Our Wealth Is Loving Each Other* explores the fluid and context-bound nature of cultural and personal identity among indigenous Fijians. While national identity in Fiji is often defined in opposition to the West through reference to a romanticized pre-modern tradition, individual Fijians are often more concerned with defining their identity vis-à-vis other villagers and other groups within Fiji. When people craft self accounts to justify their position within the indigenous Fijian community they question and redefine both tradition and modernity. Modernity on the margins is an experience of anxiety provoking contradictions between competing ideologies, and between international ideologies and local experiences. Indigenous Fijians have been exposed to international ideologies and government programs extolling the virtues of pre-modern communities that place communal good and time honored tradition over individual gain. But other waves of policy and rhetoric have stressed individual achievement and the need to shake individuals out of community bonds to foster economic development. Individuals feel contradictory pressures to be autonomous, achieving individuals and to subordinate self to community and tradition. Brison examines traditional kava ceremonies, evangelical church rhetoric, and individual life history narratives, to show how individuals draw on a repertoire of narratives from local and international culture to define their identity and sense of self. *Our Wealth is Loving Each Other* is appropriate for upper level students and anyone with an interest in Fiji or anthropology.

Cherish Each Moment Mary E. Jackson,2019-11-19 After losing her beloved mother to cancer, Mary Jackson realized she needed to live out her mom's poetic, poignant reminder to "cherish each moment." Those words not only led to the creation of a book title, but also a song tribute, the personal commitment to make each moment last, and a dedication to sharing her journey with others. Within a diverse collection featuring poems, spoken word, inspirations, and reflections, Jackson shares the rhythms of an unshakeable heart, insight that illuminates the soul, encouragement that beckons us to move beyond present circumstances, and comfort that reaches its arms around us and draws us in. Throughout this compilation, others will learn to celebrate each moment, practice gratitude, reflect on love and faith, embrace God's mercy and grace, and keep the faith, despite life's challenges. *Cherish Each Moment* shares inspirational writings that offer others time to observe and celebrate every moment in life as a gift from God. To Each Their Darkness Gary A. Braunbeck,2010-12 2010 Stoker Award Winner for Superior Achievement in Nonfiction Explore the world of writing horror from a Bram Stoker and International Horror Guild award-winning author's point of view. Gary Braunbeck uses film, fiction, and life experience to elucidate the finer points of storytelling, both in and out of genre. This part-autobiographical, always analytical book looks at how stories develop and what makes them work—or not work—when they're told. Be warned: reality is as brutal as fiction. Rob Zombie, police shootings, William Goldman, and human misery are all teachers to the horror neophyte, and Braunbeck uses their lessons to make *To Each Their Darkness* a whirlwind of horror and hope for the aspiring writer.

Made for Each Other Irene Brand,2008-06-01 Raising a teenager kept widow Aimee Blake too busy for a relationship. Or so she said. Her daughter was trying-with all her rebellious might-to cut the apron strings. So Aimee took some me time. She attended a singles group and met a handsome counselor as not interested in romance as she was. With his painful family past and a failed engagement, Jacob Mallory was a one-date kind of man. These days he committed only to his work. Problem was, Aimee had discovered that she and Jacob were made for each other...

Each One Another Rachel Haidu,2023-07-28 A consideration of how contemporary art can offer a deeper understanding of selfhood. With *Each One Another*, Rachel Haidu argues that contemporary art can teach us how to understand ourselves as selves-how we come to feel oneness, to sense our own interiority, and to shift between the roles that connect us to strangers, those close to us, and past and future generations. Haidu looks to intergenerational pairings of artists to consider how three aesthetic vehicles--shape in painting, characters in film and video, and roles in dance--allow us to grasp selfhood. Better understandings of our selves, she argues, complement our thinking about identity and subjecthood. She shows how Philip Guston's figurative works explore shapes' descriptive capacities and their ability to investigate history, while Amy Sillman's paintings allow us to rethink expressivity and oneness. Analyzing a 2004 video by James Coleman, Haidu explores how we enter characters through their interior monologues, and she also looks at how a 2011 film by Steve McQueen positions a protagonist's refusal to speak as an argument for our right to silence. In addition, Haidu examines how Anne Teresa de Keersmaeker's distribution of roles across dancers invites us to appreciate formal structures that separate us from one another while Yvonne Rainer's choreography shows how such formal structures also bring us together. Through these examples, *Each One Another* reveals how artworks allow us to understand oneness, interiority, and how we become fluid agents in the world, and it invites us to examine-critically and forgivingly-our attachments to selfhood.

Imagining Each Other Ethan Goffman,2012-02-01 *Imagining Each Other* explores Black-Jewish relations by examining the complex ways they have portrayed each other in recent American literature. It illuminates their dramatic alliances and conflicts and their dilemmas of identity and assimilation, and addresses the persistent questions of ethnic division and economic inequality that have so encompassed the Black-Jewish narrative in America. Focusing primarily on the 1960s and its aftermath, the book reveals how Jewish and African Americans view each other through a complex dialectic of identification and difference, channeled by ever-shifting positions within American society. Through the works of Richard Wright, Saul Bellow, Bernard Malamud, Amiri Baraka, Paule Marshall, Grace Paley, and others, Goffman unfolds a story of two peoples with powerful biblical and mythic connections that replay themselves in contemporary circumstances. In doing so, he uncovers layers of meaning in works that dramatize this turbulent, paradoxical relationship, and reveals how this relationship is paradigmatic of multicultural American self-invention.
