Eleanor Coombe

Emerald Joanna Hardy,Jonathan Self,Franca Sozzani,Hettie Judah,2014 An ambitious, lavishly illustrated survey of the most valuable of precious gems

The Emerald Atlas John Stephens,2011-04-05 A strong . . . trilogy, invoking just a little Harry Potter and Series of Unfortunate Events along the way.—Realms of Fantasy Siblings Kate, Michael, and Emma have been in one orphanage after another for the last ten years, passed along like lost baggage. Yet these unwanted children are more remarkable than they could possibly imagine. Ripped from their parents as babies, they are being protected from a horrible evil of devastating power, an evil they know nothing about. Until now. Before long, Kate, Michael, and Emma are on a journey through time to dangerous and secret corners of the world . . . a journey of allies and enemies, of magic and mayhem. And—if an ancient prophecy is true—what they do can change history, and it's up to them to set things right. A new Narnia for the tween set.—The New York Times [A] fast-paced, fully imagined fantasy.—Publishers Weekly Echoes of other popular fantasy series, from Harry Potter to the Narnia books, are easily found, but debut author Stephens has created a new and appealing read . . .—School Library Journal, Starred Review

Imperial Life in the Emerald City Rajiv Chandrasekaran,2007-09-04 NEW YORK TIMES BESTSELLER • National Book Award Finalist • This eyewitness history of the first order . . . should be read by anyone who wants to understand how things went so badly wrong in Iraq” (The New York Times Book Review). The Green Zone, Baghdad, Iraq, 2003: in this walled-off compound of swimming pools and luxurious amenities, Paul Bremer and his Coalition Provisional Authority set out to fashion a new, democratic Iraq. Staffed by idealistic aides chosen primarily for their views on issues such as abortion and capital punishment, the CPA spent the crucial first year of occupation pursuing goals that had little to do with the immediate needs of a postwar nation: flat taxes instead of electricity and deregulated health care instead of emergency medical supplies. In this acclaimed firsthand account, the former Baghdad bureau chief of The Washington Post gives us an intimate portrait of life inside this Oz-like bubble, which continued unaffected by the growing mayhem outside. This is a quietly devastating tale of imperial folly, and the definitive history of those early days when things went irrevocably wrong in Iraq.

The Emerald Cavern Mitchell Graham,2003-12-30 A force for good. . . or evil? Destiny and tragedy placed an awesome power in the hands of young Mathew Lewin. But is he its master -- or its pawn? Needing shelter from his enemies, Mathew Lewin has come to a kingdom neighboring the one he saved by harnessing the might of the ring. The haven he has chosen, however, is anything but safe. Treachery and mysterious murder plague this land and its giant king, threatening a devastating civil war and giving rise to dangerous suspicions aimed at the boy who seeks sanctuary. But Mat fears the destructive resources at his fingertips -- he must learn their secrets or be destroyed by them -- and his quest has led him here. Now, to find the answers he covets, he must confront another who wields the power . . . and venture into an enchanted place of darkness where the truest and most terrible of evils dwells.

Emerald and Other Beryls John Sinkankas,1981

Colour of Paradise Kris Lane,2010-04-27 Tapping a wide range of sources, Kris Lane traces the complex web of global trading networks that funneled emeralds from backland South America to populous Asian capitals between the 16th and the 18th centuries.

The Emerald Horizon Cornelia F. Mutel,2008-03 In *The Emerald Horizon*, Cornelia Mutel combines lyrical writing with meticulous scientific research to portray the environmental past, present, and future of Iowa. In doing so, she ties all of Iowa's natural features into one comprehensive whole. Since so much of the tallgrass state has been transformed into an agricultural landscape, Mutel focuses on understanding today's natural environment by understanding yesterday's changes. After summarizing the geological, archaeological, and ecological features that shaped Iowa's modern landscape, she recreates the once-wild native communities that existed prior to Euroamerican settlement. Next she examines the dramatic changes that overtook native plant and animal communities as Iowa's prairies, woodlands, and wetlands were transformed. Finally she presents realistic techniques for restoring native species and ecological processes as well as a broad variety of ways in which Iowans can reconnect with the natural world. Throughout, in addition to the many illustrations commissioned for this book, she offers careful scientific exposition, a strong sense of respect for the land, and encouragement to protect the future by learning from the past. The "emerald prairie" that "gleamed and shone to the horizon's edge," as botanist Thomas Macbride described it in 1895, has vanished. Cornelia Mutel's passionate dedication to restoring this damaged landscape—and by extension the transformed landscape of the entire Corn Belt—invigorates her blend of natural history and human history. Believing that citizens who are knowledgeable about native species, communities, and ecological processes will better care for them, she gives us hope—and sound suggestions—for the future.

Emerald Labyrinth Eli Greenbaum,2017-11-07 *Emerald Labyrinth* is a scientist and adventurer's chronicle of years exploring the rainforests of sub-Saharan Africa. The richly varied habitats of the Democratic Republic of the Congo offer a wealth of animal, plant, chemical, and medical discoveries. But the country also has a deeply troubled colonial past and a complicated political present. Author Eli Greenbaum is a leading expert in sub-Saharan herpetology - snakes, lizards, and frogs - who brings a sense of wonder to the question of how science works in the twenty-first century. Along the way he comes face to face with spitting cobras, silverback mountain gorillas, wild elephants, and the teenaged armies of AK-47-toting fighters engaged in the continent's longest-running war. As a bellwether of the climate and biodiversity crises now facing the planet, the Congo holds the key to our planet's future. Writing in the tradition of books like *The Lost City of Z*, Greenbaum seeks out the creatures struggling to survive in a war-torn, environmentally threatened country. *Emerald Labyrinth* is an extraordinary book about the enormous challenges and hard-won satisfactions of doing science in one of the least known, least hospitable places on earth.

The Orchid and the Emerald Timothy David Mack,2022-03-29 William Gunn wants nothing more than a quiet life. After returning home from the Napoleonic wars, he accepts a position on the Duke of Devonshire's idyllic estate.

Destiny, however, intervenes when his young daughter Sarah falls prey to a mysterious sickness, and Gunn must strike out once more into the unknown and search for an unusual cure—the black orchid, a plant found only in the forbidding Amazon rainforest, where the last man who saw it went insane. Across the Atlantic, American frontiersman Nathaniel Yankee has left his country and his past behind to join a new revolution, fought by General Simón Bolívar to free South America from the Spanish. Nate, however, is no hero—he fights for land, and a chance at a fresh start. Pursued by a cruel enemy in a race against time, William and Nate must survive the battlefields of the Spanish Main, cross the snow-covered peaks of the Andes, and finally reckon with the rulers of a dying Amazonian empire. For one man, the goal is a chance to save his daughter's life; for the other, a priceless treasure beckons. If they cannot learn to work together, one of a thousand enemies will kill them (that is, if they don't kill each other first). Unbeknownst to them, both men are pawns in a far larger game, and some secrets cannot be hidden forever ...

Emerald Christa Behmenburg, 2002

The Christine Emerald Jim Cinque, 2003-04 The Christine Emerald, a gem in the class of the Star of India, is the target of a not too smart gang of jewel thieves. The difficulty lies in the fact that the emerald is rarely seen except on the lovely neck of Mrs. Jonathan Prescott, the wife of a multi-millionaire owner of a newspaper and broadcasting empire. Billy and his gang have devised a plan to remove the emerald from Mrs. Prescott's neck during an anniversary party attended by the elite of the city. Their success becomes more and more unlikely as one difficulty after another arises, but Billy pursues the plan to a surprising finale. The Christine Emerald is a fun read reminiscent of stories told during the Roaring Twenties.

The Emerald Mile Kevin Fedarko, 2014-07 The epic story of the fastest boat ride in history, on a hand-built dory named the Emerald Mile, through the heart of the Grand Canyon on the Colorado river.

EMERALD PHYLLIS A. WHITNEY, 1983

The Story of the Emerald , 2012-10-01

Emerald City Lawrence A. Babb, 2013-04-29 This portrait of the gemstone cutting industry of Jaipur focuses on the ownership class consisting mainly of Jains & members of northern India's traditional trading communities. Based on oral history, the book describes how the industry is organised, when & how it developed certain characteristic features & its evolving relationship with a changing social context.

The Emerald Mario Soldati, 1977 It starts off looking as though it is going to be one of those innocent-man-meets-strange-character-with-magical-powers-(who-may-or-may-not-be-the-devil)-but-is-going-to-change-the-life-of-the-innocent-man novels and then suddenly morphs into a science fiction novel. Our unnamed hero, presumably Soldati himself, is on holiday in New York with his second wife. He is out shopping at Saks, while his wife is at the hairdresser's. While shopping he meets Count Cagliani, a fellow Italian who has lived in New York for a long time, who, according to the narrator, must be at least eighty years old and is two metres tall. They chat and Cagliani invites the narrator and his wife for dinner. His wife cries off but the narrator goes and finds that

Cagliani can recognise precious stones by their taste. After some mumbo-jumbo Cagliani says that the narrator should go to Saorge, a town the narrator has previously visited, where he will find an emerald which will be of importance to him. The narrator does go to Saorge but his wife refuses to stay with him the two weeks he plans to stay and leaves. He pokes around the town, finding nothing that could lead him to the emerald, then ends up falling asleep in his hotel room. The rest of the novel, except for the final few pages, is the dream he has while asleep.

The Emerald Tablets of Thoth-The-Atlantean ,2002 The Spiritual, Occult and Historical significance of the Emerald Tablets is almost beyond belief of modern man. Written around 36,000 B.C. by Thoth, an Atlantean priest-king, this manuscript dates far back beyond reach of any Egyptian writings ever found. The author, Thoth, a Master-Teacher of the early Egyptians, put this treatise to writing in his native Atlantean language and Dr. Doreal, by use of his expertise as an Occultist and Master of time and space, was given the directive to retrieve these Tablets and translate them into English for the edification of modern man. The powerful and rhythmic verse of Thoth is wonderfully retained in Doreal's translation. Contained within the pages of Thoth's masterpiece of Spiritual and Occult Wisdom is the synthesis of the Ancient Wisdom Teachings, the guideline for initiates of all ages, revealing the Knowledge and Wisdom hitherto held secret, but now in this New Age, revealed to all Seekers on the Path of Light. Dr. M. Doreal, Ms.D., Psy.D., is the Spiritual; Teacher of a multitude of Seekers of Light, having founded a Metaphysical Church and College - The Brotherhood of the White Temple, Inc. He is the author of all of the Organization's writings and teachings, having been given permission for the Esoteric Wisdom to be remitted in a public forum by the Great White Lodge, the Elder Brothers of mankind who shape and form the Spiritual evolution of earth's inhabitants. The Brotherhood of the White Temple, Inc. is a correspondence school, accredited through the State of Colorado, and mails out to its world-wide membership weekly Lessons of Truth. Its four and one-half year College Course unveils the secrets of the Symbolism of all Mystery Schools, giving precisely and beautifully, the step by step progression all Seekers have searched for in their quest for Oneness with God, and for attainment of Cosmic Consciousness. Read, Believe or not, but read, and the vibration found therein will awaken a response in your soul.' - Doreal

The Magic Emerald Eleanor Coombe,2011-10-21 Astara, the Fairy queen, is worried: hobyahs are destroying the wildlife on Faraway Island and she must find the Emerald of Life to fight them. If only her friend the Moon Fairy had not been kidnapped by the wicked willowykes? Can Astara save the day?

Emerald Rising Joshua Seidl,2012-04-18 Short stories, this is the first of a series of readers featuring stories, poetry and art. Most feature the growing up years of Baby Boomers 1950 through the 1970s. Settings, for the most part are in the northern Great Lakes region, Michigan's Upper Peninsula and Wisconsin. Several are works of historical fiction, others are simply folk tales. Emerald Rising is about two Native American teens escape from an 1880s era Indian Boarding School. The Grocer takes place in the early years of the Great Depression. The Cure is the Christmas miracle story that began my novels. Car Keys is a fourteen year old's mischief. Erik Shoots the

Train is more foolery. Fishing Hole is a boy meets girl romance. It ends as a dangerous cliff hanger. Still more stories inside.

Emerald Elisabeth Luard,Elizabeth Luard,1995

Emerald Introduction

In today's digital age, the availability of Emerald books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Emerald books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Emerald books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Emerald versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Emerald books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet

connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Emerald books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of

classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Emerald books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Emerald

books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Emerald books and manuals for download and embark on your journey of knowledge?

FAQs About Emerald Books

1. Where can I buy Emerald books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer

- a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
