**The Hiplife in Ghana** H. Osumare,2012-09-06 The Hiplife in Ghana explores one international site - Ghana, West Africa - where hip-hop music and culture have morphed over two decades into the hiplife genre of world music. It investigates hiplife music not merely as an imitation and adaptation of hip-hop, but as a reinvention of Ghana's century-old highlife popular music tradition. Author Halifu Osumare traces the process by which local hiplife artists have evolved a five-phased indigenization process that has facilitated a youth-driven transformation of Ghanaian society. She also reveals how Ghana's social shifts, facilitated by hiplife, have occurred within the country's 'corporate recolonization,' serving as another example of the neoliberal free market agenda as a new form of colonialism. Hiplife artists, we discover, are complicit with these global socio-economic forces even as they create counter-narratives that push aesthetic limits and challenge the neoliberal order.

**The Darker Side of Ghana** Kofi Ali Abdul-Yekin,2017-03-23 The motivation that drove Kofi Ali to embark on the writing of this book stemmed from the challenges he faced in his activism work. Equally, several West Africans have passionately appealed to Kofi Ali to put into writing his great ideas for generations to benefit from them, and this is just a response in honor to the appeals. The challenges of the modern day Ghana are fundamental issues that call for one-to-one understanding of the core issues. One big challenge is the confusion resulting from individuals assuming different meanings and interpretations of terminologies leading to endless arguments when serious issues are being discussed, normally ending up in frustration than solutions. Most West Africans have also developed the wrong habit of employing the locally adulterated and colloquial version of their formal national language to engage in serious discussion, while expecting others to understand them. Finally, words like culture, politics, institutions, tradition, and history are serious challenges when an average Ghanaian finds him or herself trying to make meaning out of the complications associated with the modern day Ghanaian side and the darker side of Ghana.

**Ghana in Search of Development** Dan-Bright S. Dzorgbo,2001 Why did Ghana fail to promote and sustain development in the postcolonial era? This assessment of the postcolonial development experience contends that governance, economic management and institution building are basic challenges without which the search for development may falter.

**Discovering the Empire of Ghana** Robert Z. Cohen,2013-12-15 The empire of Ghana was a wealthy trading empire in West Africa located south of the Sahara Desert. Made up of a federation of the Soninke people, its richest historical record spans from about 750 until 1076 CE, due to the writings of Arab travelers and geographers from that period. The author explains what we know about this mysterious and fascinating empire, whose main city Kumbi Saleh was a link on the Saharan trade routes. Readers learn about the traditions, beliefs, and lifestyle of the Soninke and other indigenous peoples, as well as the effects of contact with Islam.

*The History of Ghana* Roger S. Gocking,2005-06-30 Gocking provides a historical overview of Ghana from the emergence of precolonial states through increasing contact with Europeans that led to the establishment of formal colonial rule by Great Britain at the end of the 19th century. Colonial rule transformed what was known as the Gold Coast economically, socially, and politically, but it contained the seeds of its own demise. After World War II an increasingly more effective nationalist movement challenged British rule, and in 1957 Ghana became independent. Independence brought its own challenges the most important of which was the inability to maintain political stability. Within the space of

24 years there were four military coups and the collapse of three republics. Ghana's Fourth Republic, established in 1993, has dealt with the legacy of instability inherited from the past as it moves towards a more stable future. A timeline, photographs, maps, and an appendix of biographies of notable figures in the history of Ghana are included. Students and adults alike will find this book to be highly effective in describing the often turbulent and tumultuous history of this country.

Ghana, the Rediscovered Soccer Might Okyere Bonna MBA, 2006-08-22 After a Long Wait Ghana Finally Made the FIFA World Cup Tournament in Germany in 2006. Over the past 25 years football has not only taken root as the world's major game in the world but has also blossomed in other branches of society, commerce and politics. Football or soccer, more than any other factor, has united whole regions, people and nations. To read the entire story, visit <http://www.prweb.com/releases/2006/8/prweb429777.htm>. The Federation Internationale de Football Association (FIFA) began the World Cup championship tournament in 1930 with a 13-team field in Uruguay. Sixty-four years later, 138 countries competed in qualifying rounds to fill 24 berths in the 1994 World Cup finals including an African nation. FIFA increased the World Cup '98 tournament field from 24 to 32 teams, and it remained at 32 in 2002 including automatic berths for defending champion France and co-hosts Japan and South Korea. The other 29 openings were allotted by region: Europe (13), Africa (5), South America (4), CONCACAF (3), Asia (2), the two remaining positions were determined by means of two home-and-away playoff series. One was between the #14 European team (Ireland) and the #3 Asian team (Iran) and the other was between the #5 South American team (Uruguay) and the champion of Oceania (Australia). Over the past 25 years football has not only taken root as the world's major game in the world but has also blossomed in other branches of society, commerce and politics. Football or soccer, more than any other factor, has united whole regions, people and nations. With approximately two hundred million active players, (FIFA estimate) football can be said to constitute a substantial chunk of the leisure industry. Indeed, today Football (soccer) has opened up new markets for itself and for the rest of the business world and will continue to be the all time sport of the century. FIFA World Cup tournaments have been played once in Asia (Japan/South Korea), three times in North America (Mexico 2 and U.S.), four times in South America (Argentina, Chile, Brazil and Uruguay) and ten times in Europe (France 2, Italy 2, England, Spain, Sweden, Switzerland and West Germany). Ghana made a debut in the 1962 FIFA World Cup qualifiers but they were narrowly knocked out by Morocco and in subsequent years they found victory illusive. The 2002 FIFA World Cup qualification was a nightmare for Ghana having ended up in the fourth place behind Nigeria, Liberia and Sudan. Ghana's hopes of reaching the first Asian finals were effectively ended by a 3-1 defeat at home to Liberia and an unconvincing draw against Sierra Leone. Ghana's historic journey to the 2006 FIFA World Cup finals begun with a comfortable qualifying victory over Somalia. Lets hope Ghana continues to show up in subsequent FIFA World Cup tournaments. For Ghana, a place on world footballs greatest stage is long overdue. They have won four CAF African Cup of Nations titles in 1963, 1965, 1978 and 1982 - and twice captured the FIFA Under-17 World Championship. Moreover, they have produced some of Africas most talented footballers down the years including the international ace player Abedi Ayew Pele. The success of the Black Stars ironically comes at a time when they do not have as many big names but instead a youthful team with a disciplined approach fostered by coach Dujkovic, who offered an early statement of his no-nonsense approach. The Ghana national team was founded in 1957, the year of Ghanas independence from the British imperial regime. Since its establishment the Ghana Black Stars have won African Cup of Nations four times (1963, 1965, 1978, 1982), and CSSA Nations Cup four times (1982-1984, 198

**Ghana Must Go** Taiye Selasi, 2013-04-04 A stunning novel, spanning generations and

continents, *Ghana Must Go* by rising star Taiye Selasi is a tale of family drama and forgiveness, for fans of Zadie Smith and Chimamanda Ngozi Adichie. This is the story of a family -- of the simple, devastating ways in which families tear themselves apart, and of the incredible lengths to which a family will go to put itself back together. It is the story of one family, the Sais, whose good life crumbles in an evening; a Ghanaian father, Kweku Sai, who becomes a highly respected surgeon in the US only to be disillusioned by a grotesque injustice; his Nigerian wife, Fola, the beautiful homemaker abandoned in his wake; their eldest son, Olu, determined to reconstruct the life his father should have had; their twins, seductive Taiwo and acclaimed artist Kehinde, both brilliant but scarred and flailing; their youngest, Sadie, jealously in love with her celebrity best friend. All of them sent reeling on their disparate paths into the world. Until, one day, tragedy spins the Sais in a new direction. This is the story of a family: torn apart by lies, reunited by grief. A family absolved, ultimately, by that bitter but most tenuous bond: familial love. *Ghana Must Go* interweaves the stories of the Sais in a rich and moving drama of separation and reunion, spanning generations and cultures from West Africa to New England, London, New York and back again. It is a debut novel of blazing originality and startling power by a writer of extraordinary gifts. 'Ghana Must Go is both a fast moving story of one family's fortunes and an ecstatic exploration of the inner lives of its members. With her perfectly-pitched prose and flawless technique, Selasi does more than merely renew our sense of the African novel: she renews our sense of the novel, period. An astonishing debut' Teju Cole, author of *Open City* Taiye Selasi was born in London and raised in Massachusetts. She holds a B.A. in American Studies from Yale and an M.Phil. in International Relations from Oxford. *The Sex Lives of African Girls* (Granta, 2011), Selasi's fiction debut, appears in Best American Short Stories 2012. She lives in Rome.

**The Empire of Ghana** Rebecca L. Green, 1998 A survey of the history and culture of the West African Empire of Ghana that, flourishing from about 750 until 1076, is not related to modern Ghana.

*Routes of Remembrance* Bayo Holsey, 2008-06 Over the past fifteen years, visitors from the African diaspora have flocked to Cape Coast and Elmina, two towns in Ghana whose chief tourist attractions are the castles and dungeons where slaves were imprisoned before embarking for the New World. This desire to commemorate the Middle Passage contrasts sharply with the silence that normally cloaks the subject within Ghana. Why do Ghanaians suppress the history of enslavement? And why is this history expressed so differently on the other side of the Atlantic? *Routes of Remembrance* tackles these questions by analyzing the slave trade's absence from public versions of coastal Ghanaian family and community histories, its troubled presentation in the country's classrooms and nationalist narratives, and its elaboration by the transnational tourism industry. Bayo Holsey discovers that in the past, African involvement in the slave trade was used by Europeans to denigrate local residents, and this stigma continues to shape the way Ghanaians imagine their historical past. Today, however, due to international attention and the curiosity of young Ghanaians,

the slave trade has at last entered the public sphere, transforming it from a stigmatizing history to one that holds the potential to contest global inequalities. Holsey's study will be crucial to anyone involved in the global debate over how the slave trade endures in history and in memory.

*The Economy of Ghana* Mozammel Huq, Michael Tribe, 2018-09-12 The book follows a first edition published in 1989, which focused on the severe economic crisis Ghana faced during the late 1970s and the early 1980s. In this second edition, the authors extend the review up to the mid-2010s, covering the entire period since independence, with a special focus on shifts in economic policy, starting with the adoption of the Economic Recovery Programme in 1983. Huq and Tribe provide systematic coverage of Ghanaian economic development since its independence, reviewing the two main modes of development that have been practiced; and offer an updated, rich data bank. By analyzing the wider macroeconomy of Ghana; its individual sectors; money, banking and trade; infrastructure and environmental policies; and Ghana's poverty, welfare and income distribution, the authors are able to draw vital lessons from the country's economic development.

*Exiles, Entrepreneurs, and Educators* Steven J. L. Taylor, 2019-02-01 Compares the political activities of African Americans who settled in Ghana in the 1950s and 1960s with those who settled in the 1980s to the present. After repeated coups and periods of military rule, Ghana is now one of Africa's longest enduring democratic republics. *Exiles, Entrepreneurs, and Educators* compares the political proclivities of two generations of African Americans who moved to Ghana. Steven J. L. Taylor blends archival and ethnographic research, including interviews, to provide a unique perspective on these immigrants who chose to leave an economically developed country and settle in an impoverished developing country. The first generation consisted of voluntary exiles from the US who arrived from 1957 to 1966, during the regime of President Kwame Nkrumah, and embraced both Nkrumah and his left-leaning political party. In contrast to the first generation, many in the second generation left the US to establish commercial enterprises in Ghana. Although they identified with the Democratic Party while living in the US, and were politically active, they avoided political activity in Ghana and many identified with the Ghanaian party that is modeled after the Republican Party in the US. Taylor dispels some of the incorrect assumptions about African politics and provides readers with an insightful look at how developing nations can embark upon a path toward democratization. Steven J. L. Taylor is Associate Professor of Government at American University. He is the author of *Desegregation in Boston and Buffalo: The Influence of Local Leaders*, also published by SUNY Press.

GHANA MY MOTHERLAND Reverend Georgina Mensah-Brown, 2014-09-08 Old things are old. Why should I be bothered with old news when I am moving forward?. History belongs to those who lived it. We are also making ours. This is what some young adults would say, but from where community have reached, some might not be able to tell as to how to focus on the future. Do you know that people have been walking to school daily covering three or more miles to school and back in many places?. Can you think a child going to school barefooted as compared to our modern world?. When did the market become dry with the sale of no fish except one type of fish whether people liked it or not?. What happens when governments are overthrown only to continue facing hardships. Have you come across empty shops with essential goods being hoarded and sold in private? When there was no fashion of today, what sort of dresses were the fashion of yesterday. If you were to be in any underdeveloped country or certain parts of Africa or elsewhere, would you be able to compare where you live and why others don't have what you have. Ghana my mother is a simple conversation to tell the younger generation in a simple conversation form, how far the country has come from the old to the new with one more step along the world to go.

**The People of Ghana** Godfrey Mwakikagile, 2017-07-01 This is a general survey of

Ghana and its people. Subjects covered include the country's regions and their people; Ghana's identity as a nation and how it faced challenges to national unity during the struggle for independence; the nature of the post-colonial state; the asymmetrical relationship between the north and the south rooted in the colonial era, a structural imbalance which continues to have a negative impact on the wellbeing of northerners and which could perpetuate inequalities between the two parts of the country; Ghana's place in the Pan-African world because of the leadership provided by the country's first prime minister – later president – Kwame Nkrumah; and its success in forging unity on the anvil of diversity. Among the people the author has covered include an African American community whose members were given some land in the Volta Region in the eastern part of the country for permanent settlement of the descendants of African slaves who want to return to the motherland. He describes it as a distinct ethnic group with the same attributes indigenous groups have and which they use to identify themselves as ethnic entities. The community has acquired an identity of its own and qualifies as an ethnic group because its members have a common history, language and culture as diasporans who lost their African identity under white domination in the United States and were forced to adopt a Euro-American culture and the English language. The author was closely associated with the founders of the African American community in Ghana, known as Fihankra, when he was a student in the United States and has written about them in some of his works including his autobiography, “My Life as an African.” Members of the general public and students may find this work to be useful if they want to learn some facts about Ghana, the first country in sub-Saharan Africa to win independence.

Politics, Governance, and Development in Ghana Joseph R a Ayee, 2019-10-16 Since it achieved independence in 1957, the West African state of Ghana has become the torchbearer of African liberation, as well as a laboratory for the study of endemic problems facing the African continent. In terms of democratic consolidation, the country holds a unique position on the continent as beacon of stability and democracy. Politics, Governance, and Development in Ghana takes critical stock of the landmark themes that have dominated its history since independence. The contributors address issues such as citizenship, civil society, the military, politicians, chiefs, transnational actors, the public sector and policies, the executive branch, decentralization, the economy, electoral politics, natural resources, and relations with Asia and the diaspora. These themes support mobilizing for Ghana's future, which is the theme for the diamond jubilee celebration of Ghana's independence. Edited by Joseph R.A. Ayee, this book will deepen the literature on studies on Ghana especially in the areas of politics, governance, economy and development; serve as a resource for academics, students, practitioners; and commemorate the diamond jubilee celebration of Ghana's independence.
