

**GREAT**

**Eric Boles**

**Good to Great** Jim Collins,2001-10-16 The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

**The Great Book of Chocolate** David Lebovitz,2004-04-15 A compact connoisseur's guide, with recipes, to today's cutting-edge array of chocolates and chocolate makers from former Chez Panisse pastry chef David Lebovitz. In this compact volume, David Lebovitz gives a succinct cacao botany lesson, explains the process of chocolate making, runs through chocolate terminology and types, presents information on health benefits, offers an evaluating and buying primer, profiles the world's top chocolate makers and chocolatiers (with a whole chapter dedicated to Paris alone!), and shares dozens of little-known factoids in sidebars throughout the book. The Great Book of Chocolate includes more than 50 location and food photographs, and features more than 30 of Lebovitz's favorite chocolate recipes, from Black-Bottom Cupcakes to Homemade Rocky Road Candy, Orange and Rum Chocolate Mousse Cake to Double Chocolate Chip Espresso Cookies. His extensive resource section (with websites for international ordering) can bring the world's best chocolate to every door. A self-avowed chocoholic, Lebovitz nibbles chocolate every day, and with The Great Book of Chocolate in hand, he figures the rest of us will too.

**Great Books** David Denby,2013-06-18 THE NATIONAL BESTSELLER At the age of forty-eight, writer and film critic David Denby returned to Columbia University and re-enrolled in two core courses in Western civilization to confront the literary and philosophical masterpieces -- the great books -- that are now at the heart of the culture wars. In Great Books, he leads us on a glorious tour, a rediscovery and celebration of such authors as Homer and Boccaccio, Locke and Nietzsche. Conrad and Woolf. The resulting personal odyssey is an engaging blend of self-discovery, cultural commentary, reporting, criticism, and autobiography -- an inspiration for anyone in love with the written word.

**Great Books Reader, The** John Mark Reynolds,2011-09 This anthology includes excerpts from thirty of the greatest works in western literature, and essays about those works written by distinguished professors, lecturers, and authors--Provided by publisher.

**The Great Book of King Arthur** John Matthews,2022-06-21 Foreword by Neil Gaiman The world's leading Arthurian authority reimagines one of the most beloved and influential legends--the story of King Arthur and his Knights--for a new century in this gorgeous keepsake edition, illustrated with luminous full-color paintings and drawings by internationally acclaimed Tolkien artist John Howe. The stories of King Arthur and Merlin, Lancelot and Guinevere, Galahad, Gawain, Tristan and the rest of the Knights of the Roundtable, and the search for the Holy Grail have been beloved for centuries and are the inspiration of many modern fantasy novels, films, and shows. These legends began when an obscure Celtic hero named Arthur stepped on to the stage of history sometime in the sixth century, generating a host of oral tales that would be inscribed some 900 years later by

Thomas Malory in his classic *Morte D'Arthur* (The Death of Arthur). The Great Book of King Arthur brings these legends into the modern age, using accessible prose for contemporary readers for the first time. In addition to the stories in *Morte D'Arthur*, John Matthews includes many tales of Arthur and his knights either unknown to Malory or written in other languages, such as the story of Avenable, the girl brought up as a boy who becomes a famous knight; Morien, whose adventures are as fantastic and exciting as any found in Malory's work; and a retelling of the life of Round Table favorite Gawain, from his strange birth to his upbringing among the poor to his ascension to the highest position—Emperor of Rome. In addition, there are some of the earliest tales of Arthur, deriving from the tradition of Celtic storytelling. The epic hero is represented in such powerful stories as “The Adventures of Eagle-boy” and “The Coming of Merlin,” which is based on the early medieval text *Vita Merlini* and tells a completely new version of the great enchanter's story. The Great Book of King Arthur includes 15 full-color paintings and 25 pencil drawings.

**Great by Choice** Jim Collins, Morten T. Hansen, 2011-10-11 Ten years after the worldwide bestseller *Good to Great*, Jim Collins returns with another groundbreaking work, this time to ask: why do some companies thrive in uncertainty, even chaos, and others do not? Based on nine years of research, buttressed by rigorous analysis and infused with engaging stories, Collins and his colleague Morten Hansen enumerate the principles for building a truly great enterprise in unpredictable, tumultuous and fast-moving times. This book is classic Collins: contrarian, data-driven and uplifting.

What Makes This Book So Great Jo Walton, 2014-01-21 As any reader of Jo Walton's *Among Others* might guess, Walton is both an inveterate reader of SF and fantasy, and a chronic re-reader of books. In 2008, then-new science-fiction mega-site Tor.com asked Walton to blog regularly about her re-reading—about all kinds of older fantasy and SF, ranging from acknowledged classics, to guilty pleasures, to forgotten oddities and gems. These posts have consistently been among the most popular features of Tor.com. Now this volume presents a selection of the best of them, ranging from short essays to long reassessments of some of the field's most ambitious series. Among Walton's many subjects here are the Zones of Thought novels of Vernor Vinge; the question of what genre readers mean by mainstream; the underappreciated SF adventures of C. J. Cherryh; the field's many approaches to time travel; the masterful science fiction of Samuel R. Delany; Salman Rushdie's *Midnight's Children*; the early Hainish novels of Ursula K. Le Guin; and a Robert A. Heinlein novel you have most certainly never read. Over 130 essays in all, *What Makes This Book So Great* is an immensely readable, engaging collection of provocative, opinionated thoughts about past and present-day fantasy and science fiction, from one of our best writers. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Rescuing Socrates* Roosevelt Montás, 2023-03-21 A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds. What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

Great American Hot Dog Book Becky Mercuri, 2007-03-13 The Great American Hot Dog Book reveals the inside story of how the hot dog became one of America's favorite food icons. This collection is also loaded with frank recipes from across the nation as well as recipes for out-of-this-world fries, sauces, sides, and more.

**The Great Ideas** Mortimer Jerome Adler, 1999 Previously published: New York : Macmillan, 1992.

*How to Think About the Great Ideas* Mortimer Adler, 2000-03-01 Time magazine called Mortimer J. Adler a philosopher for everyman. In this guide to considering the big questions, Adler addresses the topics all men and women ponder in the course of life, such as What is love?, How do we decide the right thing to do?, and, What does it mean to be good? Drawing on his extensive knowledge of Western literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and

contemplative distillation of the Great Ideas of Western Thought.

Great Work, Great Career Stephen R. Covey, Jennifer Colosimo, 2009 Stephen Covey reveals how to hurdle economic disaster while staying on the path for a successful future. Here, listeners will discover.

Beyond Great Arindam Bhattacharya, Nikolaus Lang, Jim Hemerling, 2020-10-06 Great is no longer good enough. Beyond Great delivers a powerful new playbook of 9 core strategies to thrive in a post-COVID world where all the rules of the game are being re-written. Beyond Great answers to two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological, economic, and social change. First, what is outstanding performance in this new volatile era? Second, how do we build competitive advantage in a world with new and often uncertain rules? Supported by years of research and hands-on consulting practice, this book presents a comprehensive framework for building a high performing, resilient, adaptive, and socially responsible global company. The book begins by taking an incisive look at these disruptive forces transforming globalization, including economic nationalism; the boom in data flows and digital commerce; the rise of China; heightened public concerns about capitalism and the environment; and the emergence of borderless communities of digitally connected consumers. Distilled from the study of hundreds of companies and interviews with dozens of business leaders, the authors have distilled nine core strategies – the new winning playbook of the 21st century. Beyond Great argues that business leaders today must lead with a new kind of openness, flexibility and light-footedness, constantly layering in new strategies and operational norms atop existing ones to allow for always-on transformation. Leaders must master a whole new set of rules about what it takes to be global, becoming shapeshifters adept at handling contradiction, multiplicity, and nuance. This book will show them how.

On Reading Well Karen Swallow Prior, 2018-09-04  Publishers Weekly starred review A Best Book of 2018 in Religion, Publishers Weekly Reading great literature well has the power to cultivate virtue, says acclaimed author Karen Swallow Prior. In this book, she takes readers on a guided tour through works of great literature both ancient and modern, exploring twelve virtues that philosophers and theologians throughout history have identified as most essential for good character and the good life. Covering authors from Henry Fielding to Cormac McCarthy, Jane Austen to George Saunders, and Flannery O'Connor to F. Scott Fitzgerald, Prior explores some of the most compelling universal themes found in the pages of classic books, helping readers learn to love life, literature, and God through their encounters with great writing. The book includes end-of-chapter reflection questions geared toward book club discussions, original artwork throughout, and a foreword by Leland Ryken. The hardcover edition was named a Best Book of 2018 in Religion by Publishers Weekly. [A] lively treatise on building character through books.'--Publishers Weekly (starred review)

Peter the Great Diane Stanley, 1999-08-25 Peter the Great, crowned tsar of Russia at the age of ten, believed that whatever he wanted he should have -- and the sooner the better. What he wanted most was to bring his beloved country into the modern world. He traveled to the West to learn European ways -- the first tsar ever to leave Russia -- disguised as a common soldier. He explored the West with excitement and curiosity and returned home ready to undertake a series of momentous social reforms. And to satisfy his boyhood dream of a Russian naval port, he began to build, on a freezing swamp, a glittering new capital to be named St. Petersburg. In this welcome reissue of Diane Stanley's acclaimed picturebook biography, her meticulously researched text and sumptuous illustrations capture the fabulous world of seventeenth -- and eighteenth-century tsarist Russia and the greatness of its larger-than-life leader -- a man of huge stature and tremendous spirit whose impatience and vision, insatiable curiosity and boundless energy transformed half a continent.

The Great Book of Trains Brian Hollingsworth, Arthur Cook, 2001 Illustrations and descriptions of more than 300 locomotives from the early steam pioneers of the 1830s to modern electric and diesel locomotives and proposed locomotives for the 1990s and beyond.

Santa's Great Book Leisure Arts, Inc, Oxmoor House, 2001-03 Santa collectors will cherish this collection of 39 of Leisure Arts' most popular portraits of the jolly old gent. This cheery Christmas collection is perfect for cross stitching holiday tradition.

The Great American Read: The Book of Books PBS, 2018-08-21 A blockbuster illustrated book that captures what Americans love to read, The Great American Read: The Book of Books is the gorgeously-produced companion book to PBS's ambitious summer 2018 series. What are America's best-loved novels? PBS will launch The Great American Read series with a 2-hour special in May 2018 revealing America's 100 best-loved novels, determined by a rigorous national survey. Subsequent episodes will air in September and October. Celebrities and everyday Americans will champion their favorite novel and in the finale in late October, America's #1 best-loved novel will be revealed. The Great American Read: The Book of Books will present all 100 novels with fascinating information about each book, author profiles, a snapshot of the novel's social relevance, film or television adaptations, other books and writings by the author, and little-known facts. Also included are themed articles about banned books, the most influential book illustrators, reading recommendations, the best first-lines

in literature, and more. Beautifully designed with rare images of the original manuscripts, first-edition covers, rejection letters, and other ephemera, *The Great American Read: The Book of Books* is a must-have book for all booklovers.

**The Great Book of American Idioms Lingo Lingo Mastery**,2019-10-13 Do you feel that it's like pulling teeth when you want to learn new sayings? Would you like to be able to discover new American idioms and phrases that will make communication a piece of cake? Sure, you can learn English with a language course or a textbook just fine, and climb up the ranks in terms of your grasp of the language... but are you sure you can talk like a native? For starters, many expressions used by fluent speakers of English can't exactly be learned in a book, and it can be frustrating to realize that your formal learning hasn't been enough to teach you the way people talk in real life. Sometimes, it's all about having the right tools at your disposal... and this is where *The Great Book of American Idioms* comes in! Written to act as a powerful addition to your other English-learning resources, this book will allow you to: Discover over 1300 different idioms and sayings, covering hundreds of different subjects Learn the correct definition and usage of each expression, ensuring that you know exactly when you can say them out loud during a conversation Visualize examples of the sayings in common conversations, helping you understand their context Take advantage of important tips we provide you in the introduction and conclusion of the book, so that you can boost your learning and get a much better understanding of the English language. What are you waiting for? Over 1300 idioms and expressions are awaiting you! Don't miss out on learning why this dark horse will help you see the big picture!

### GREAT Introduction

In today's digital age, the availability of GREAT books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of GREAT books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of GREAT books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing

GREAT versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, GREAT books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing GREAT books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for GREAT books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, GREAT books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of GREAT books and manuals for download and embark on your journey of knowledge?

## FAQs About GREAT Books

1. Where can I buy GREAT books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a GREAT book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of GREAT books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are GREAT audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read GREAT books for free? Public Domain Books: Many classic books are available for free as

they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
