**Tom Lichtenberg**

**Grave** Joan Frances Turner,2014-02 Death was never the end... With the fragile balance between zombies and the living shattered by an artificial plague, life has only gotten harder for those still walking. While the undead no longer threaten mankind, there are almost no humans left to terrorize: the world belongs to mutation-riddled beings, so-called exes that are stronger, faster, and crueler than any human or zombie. For a group of survivors, staying one step ahead of death seems impossible. Because Death himself has had enough. Cheated of his rightful prizes and taunted by scientists and survivors alike, Death is determined to end it all-- permanently. But even Death has a price, if you're willing to make the ultimate sacrifice.

**Zombies and Other Walking Dead** Ruth Owen,2013-01-01 Could a human being really come back from the dead to feed on human flesh and brains? If myths about zombies and other walking dead are just fictional stories, why have so many people claimed to have witnessed the return of the dead from the grave? What would it be like to become a zombie, and how can you tell if the person stumbling toward you with glassy eyes and outstretched arms is one of the living dead? In *Zombies and Other Walking Dead*, children will read historical stories and modern-day accounts of zombie encounters and get all the information they need to protect themselves from these frightening creatures. Children will also investigate the truth behind zombie stories and examine how the fears and superstitions of different cultures might explain the origins of zombie myths. Kids will also look at the scientific facts that might explain the seemingly unexplainable. If you love a spine-tingling horror story but also want to investigate the truth behind these myths, this is the book for you!

**The Grave Diggers** Chris Fritschi,2020-02-17 Society didn't collapse. It was devoured. It's been two years since the undead nearly wiped out the human race. Some countries were entirely

lost; others barely survived. The United States was left was gutted, and the inexperienced remains of the government struggle to hold the country together. Nobody was spared from the horror, including Sergeant Jack Tate. Once a dedicated soldier in the Special Forces, a tragedy has left him cold and indifferent to the world around him. Everything changes when he gets a cryptic offer to join a covert society of patriots, working in the background to save the country. Seeing a chance at redemption, he ignores his suspicions and accepts. It's a decision that plunges Tate, and his rookie team, into a fight for their lives. Before the shocking truth comes to light, Tate will learn the undead aren't the only ones out to kill him. Jump into this wicked thriller where Tom Clancy meets Dawn of the Dead in a post-apocalypse world. There's never enough bullets, but there's always more undead.

**Gravediggers: Terror Cove** Christopher Krovatin, 2013-09-10 Action, laughs, and thrills make Gravediggers: Terror Cove an exciting second book in the Gravediggers series, which R.L. Stine, author of Goosebumps, called fast, frightening, and all too real! Newly crowned zombie slayers Ian, Kendra, and PJ are on a family vacation in the tropics when they are warned about a cursed island called Isla Hambrienta. What none of them expect to find is a zombie colony much stronger than the one they defeated on the mountain—and another presence on the island that's way more dangerous than the creatures they're supposed to turn to dust. Fans of creepy books like Skeleton Creek by Patrick Carman will love Christopher Krovatin's wild stories about zombies and the kids who defeat them.

**Empty Graves** Jonathan Maberry, 2021-09-01 From the New York Times–bestselling author of V-Wars, sixteen horror stories “written with great verve . . . for die hard zombie fans” (Publishers Weekly). Bram Stoker Award winner Jonathan Maberry is a master of the zombie tale. Empty Graves: Tales of the Living Dead is emotionally charged and disturbing. These stories range across the genres of horror, science fiction, and biological thriller without

ever straying from the fascinating humanity at the core. Together in a single action-packed collection, these sixteen gritty tales of the living dead span Maberr's career, including an exclusive never-before-published short story.

*Gravediggers: Entombed* Christopher Krovatin, 2014-09-09 For tween fans of R.L. Stine and Patrick Carman, this exciting final installment of the Gravediggers series is full of gross-out gore, humor, and "splattery mayhem" (Kirkus Reviews). Severed limbs. Rotting flesh. Popping bones. Best friends Ian, Kendra, and PJ have seen it all, and they've spent the last few months risking their lives to rid the world of zombies. Now they face their biggest challenge yet: tracking down the vengeful ex-Gravedigger who is holding their mentor hostage in an abandoned underground city. Deep in the menacing caves of Kudus, time is running out for O'Dea, whose powers can be used to unlock a deadly curse. If that weren't enough, all the kids are keeping things from each other—secrets that threaten to break up the group and thwart their efforts to destroy the gruesome zombies that are crawling all over Kudus. Will their friendship survive this harrowing underground mission? Will they escape Kudus with their lives?

*Gravediggers: Mountain of Bones* Christopher Krovatin, 2012-09-11 During a class trip to the Montana woods, three sixth-graders, athletic Ian, sensitive PJ, and brainy Kendra, are separated from their group and must rely on each other to survive as they encounter zombies and more.

*Zombie Nights* Tom Lichtenberg, 2010-03-11 Being a zombie, not so easy. That could have been Dave Connor's six word memoir. At first he couldn't remember how he'd ended up in that shallow grave; he just knew it was hell to claw his way out, and that the taste of its dirt would remain in his mouth for the rest of his time on this earth ... Expect the unexpected in this existential resurrection thriller.

**Return of the Living/Dead** Mika Busch, 2016-03-01 It's like Walking Dead for kids. There are zombies everywhere... -CJ age

nine It's thrilling. I can't read zombies before bedtime without nightmares, but Saffron is on the train tracks right now and I'm scared for her! -Amy, age thirty-four It's fun and exciting at the same time. -Hailey, age thirteen I fell in love with the protagonist in the first book and as I see her relate to more and more people, she just grows more endearing. I highly recommend this book. -Catherine, age fifty-one I love this book. It has strong moral values and that is an important message these days. -Peter, age eighteen  
Author's Note: This is a limited edition draft copy for the (few) fans of mine clamoring for the next book. I don't expect my editor to find any major problems, but purchase at yr own risk 8 )

**Grave Creatures** John P. Logsdon,Christopher P.

Young,2017-11-15 Ever have one of those nights where a necromancer unleashes a zombie army and you get stuck having to deal with it?That's the kind of night Ian Dex is having. Cemeteries are coming undone and the crew of the Las Vegas Paranormal Police Department has to figure out who the hell is causing it. Fast. Unfortunately, the necromancer who is responsible keeps slipping through their fingers. Even more fun is that every time the guy brings up a fresh batch of zombies, they're altered in a fashion to improve their chances at defeating the PPD. This means he's learning with each new release of his reanimated

corpses. On top of that, it turns out that he's been building a massive army of zombies via graves way out in the desert. With the sheer number of zombies headed their way, Ian and his crew understand they're going to need help. But involving normals is not exactly something the PPD gets all warm and fuzzy about. So they need to figure out a sneaky way to get it done. The only silver lining that Ian can find in this mess is when a succubus breaks into his condo and does her best to seduce him.

The Zombie Zone Ron Roy, 2005-04-01 Reports of zombies and grave-robbers alarm the people of a Louisiana swampland village, but Ruth Rose, Josh, and Dink begin to suspect that the supernatural may not be the cause of the eerie occurrences.

**Empty Graves: Tales of Zombies (a Murphy's Lore After Hours Collection)** Patrick Thomas, 2008-04-01 The second volume of Murphy's Lore After Hours pits the patrons and friends of Bulfinche's Pub against zombies. *Investigating Zombies and the Living Dead* Mary-Lane

Kamberg, 2014-12-15 For nearly a century, big-screen tales of zombies have fascinated viewers, shambling their way from horror films to action thrillers and comedies. In recent years, there have even been news reports of real zombie-like behavior. But few know the truth behind Haitian folklore's biggest contribution to global imagination. These pages get to the bottom of the origins of the zombie legend and its changes and development over time. The possible sources of "zombification," including tropical drugs and poisons, are examined, and real stories of zombies are debunked. Real or not, zombies have invaded pop culture and there's no escape.

**The Zombie Book** Nick Redfern, Brad Steiger, 2014-08-18

Rampaging, driven, killing machines. Soulless and dead. Infected and infectious. Zombies. The epidemic of the living dead is stronger than ever in today's pop-culture, but long before exotic viruses, biological warfare, and sinister military experiments brought the dead back to life in our cinemas and on our television screens, there were the dark spells and incantations of the ancient Egyptians, the Sumerians, and the Babylonians. Blending the historical with the modern, the biographical with the literary, the plants and animals with bacteria and viruses, the mythological with the horrifying true tales, *The Zombie Book: The Encyclopedia of the Living Dead* is a comprehensive resource to understanding, combating, and avoiding zombies. More than 250 entries cover everything from hit television shows, books, and movies, including *The Walking Dead*, *World War Z* and *Pride and Prejudice and Zombies*, to zombies' ignominious role in folklore and mythology, such as the Greek god Asclepius, ancient Voodoo religion, and the Native American Wendigo legend. *The Zombie Book: The Encyclopedia of the Living Dead* examines mad cow disease, the

Spanish flu pandemic of 1918, the Centers for Disease Control preparing for the end of the world, and much, much more.

*The Grave Winner* Lindsey R. Loucks, 2015-08-03 Leigh Baxton is terrified her mom will come back from the dead -- just like the prom queen did. While the town goes bee-hive over the news, Leigh bikes to the local cemetery and buries some of her mom's things in her grave to keep her there. When the hot and mysterious caretaker warns her not to give gifts to the dead, Leigh cranks up her punk music and keeps digging. She should have listened. Two dead sorceresses evicted the prom queen from her grave to bury someone who offered certain gifts. Bury them alive, that is, then resurrect them to create a trio of undead powerful enough to free the darkest sorceress ever from her prison inside the earth. With help from the caretaker and the dead prom queen, Leigh must find out what's so special about the gifts she gave, and why the sorceresses are stalking her and her little sister. If she doesn't, she'll either lose another loved one or have to give the ultimate gift to the dead - herself.

*Zombies* Jim Pipe, 2006-08-01 Explores zombie stories from around the world.
