Groove Tiger C. Roholt, 2014-09-25 A highly original work in the philosophy of music and sound, offering an in-depth study of the nature and purpose of rhythm--

Groove Tiger C. Roholt, 2014-09-25 Written by an experienced drummer and philosopher, Groove is a vivid and exciting study of one of music's most central and relatively unexplored aspects. Tiger C. Roholt explains why grooves, which are forged in music's rhythmic nuances, remain hidden to some listeners. He argues that grooves are not graspable through the intellect nor through mere listening; rather, grooves are disclosed through our bodily engagement with music. We grasp a groove bodily by moving with music's pulsations. By invoking the French philosopher Maurice Merleau-Ponty's notion of motor intentionality, Roholt shows that the feel of a groove, and the understanding of it, are two sides of a coin: to get a groove just is to comprehend it bodily and to feel that embodied comprehension.

Sexing the Groove Sheila Whiteley, 2013-09-05 Sexing the Groove discusses these issues and many more, bringing together leading music and cultural theorists to explore the relationships between popular music, gender and sexuality. The contributors, who include Mavis Beayton, Stella Bruzzi, Sara Cohen, Sean Cubitt, Keith Negus and Will Straw, debate how popular music performers, subcultures, fans and texts construct and deconstruct 'masculine' and 'feminine' identities. Using a wide range of case studies, from Mick Jagger to Riot Grrrls, they demonstrate that there is nothing 'natural', permanent or immovable about the regime of sexual difference which governs society and culture. Sexing the Groove also includes a comprehensive annotated bibliography for further reading and research into gender and popular music.

Get Up and Groove! Joey L. Dowdy, 2014-06-03 Are you're tired of sitting around every day thinking about, feeling, and doing the same old boring things. Which often leads to you getting no where? If so, it's time for a new direction and change. It's time to get your Mind in Gear and Your Body in Motion. It's time to "Get Up & Groove!" This book under my instruction will help you do just that by showing you how to "Put Your Groove Into Action." However, first, please allow me to introduce myself. I 'm Joey L. Dowdy Choreographer/Instructor/ and Fitness Motivator. I will be your narrator and personal guide. I am so excited to share with you my unique principles and techniques that I've assembled together from many years of being a professional Dancer, Performing/Artist, Instructor and fitness motivator. Let me just say, I feel so fortunate and thankful to be able to do what I love. As well as I love what I do. My goal is to help others, just like you, learn

how to do the same. It's to help you find, love, and live your passion towards a fulfilled life. Why? It's because far too often I witness people who are bound by limits and are living way below their capabilities. Yet what's astounding is they don't even realize it. They don't seem to realize the only limits that exist are the ones they've created for themselves. So that's where I come in, I want to help them discover and reach their fullest potential. I do this by using proven movement techniques that has helped me as well a countless other's achieve their successes. There's a quote that states, "The person who says it can't be done is usually interrupted by someone doing it". I love this quote; it's one of my favorite. It's so true because doing it means, "Taking Action." And that's what Get Up & Groove Motivational Movement techniques book series is all about. It's about taking control of your life through the exploration of movement and its many active methods. It's because movement is ever so present in our daily lives and practices. It affects everything we do from the way we think, talk, walk, feel, act, eat and look. When used effectively in a positive and productive manner, it has a magic touch that we simply can't live without it. It has the power to stimulate, encourage, intrigue, uplift and keep us inspired. That's why it critical you jump on board this "Groove Train" and take a journey that's sure to saturate (the non -fat version of course) your Mind, Body and SOUL. The first book of the series is entitled, "Step Into Greatness! Perform!" It's where dancespiration meets transformation, true stories about real people who took the step and made the change that lead them to transform their lives. So if you're looking for a "Groove to Improve" your life this book leads the way to infectious inspiration that will make you "Get Up Out of Your Seat and On Your Feet!"
