*Groupon's Biggest Deal Ever* Frank Sennett, 2012-06-05 The inside story of the meteoric rise of Groupon from startup to \$30 billion online giant and the audacious genius behind it, founder Andrew Mason In late 2010, Groupon made an incredible gamble. Rather than take Google's \$6 billion buyout offer, founder Andrew Mason turned the search giant down and decided to go it alone. The experts thought he was insane. Groupon was little more than two years old and staffed from top to bottom with twenty-somethings. The wild ride couldn't last, but Mason thought otherwise, and with knowledge of a possible IPO he liked his odds. A discount service that offers a deal a day at local merchants in countless cities in more than forty-three countries, Groupon is the fastest-growing company in Internet history and is as committed to innovating a new model for commerce as it is to creating an office culture and editorial voice based on radical transparency and absurd humor. *Groupon's Biggest Deal Ever* is the exclusive and unparalleled account of the incredible rise of discount giant Groupon and the compelling story of its offbeat founder Andrew Mason as he created a juggernaut of online commerce and ignited a consumer revolution.

**Groupon, The Online Discount Phenomenon** 50MINUTES.COM, 2017-11-03 Find out how Groupon exploded around the world in just 50 minutes! The online deal marketplace Groupon was founded in 2008 in response to ordinary citizens' declining buying power during the global economic crisis. Its initial success was astounding: its early growth outstripped that of Google, Amazon and eBay, and its value reached \$1 billion just 17 months after its creation. However, cracks soon began to show as partners complained of being forced into loss-marking contracts and investors deserted the company in droves, causing its share value to plummet. In response, Groupon has taken steps to reinvent itself through its new marketplace and direct purchasing options, leaving many onlookers uncertain but cautiously optimistic about the site's future. In 50 minutes you will: • Find out about Groupon's business model and astonishing early successes • Understand the reasons for Groupon's decline and the steps taken to remedy it • Identify Groupon's competitors and the challenges facing the company in future ABOUT 50MINUTES.COM | BUSINESS STORIES The Business Stories series from the 50Minutes collection provides the tools to quickly understand the innovative companies that have shaped the modern business world. Our publications will give you contextual information, an analysis of business strategies and an introduction to future trends and opportunities in a clear and easily digestible format, making them the ideal starting point for readers looking to understand what makes these companies stand out.

**Andrew Mason and Groupon** Philip Wolny, 2012-07-15 Started in Chicago, Illinois, Groupon has expanded to dozens of cities all around the world and has become an Internet sensation. Mason's billion-dollar idea has revolutionized e-commerce. Groupon has taken the good and the bad in stride, using setbacks, challenges, and competition to learn valuable lessons and improve its strategies for continued growth and worldwide expansion. It has revolutionized the ways in which we interact with our local economy, including our neighborhood businesses and merchants. This is the remarkable story of Andrew Mason and his billion dollar idea that is saving consumers around the world billions of their own dollars while providing a boost to recession-challenged local businesses. This volume includes Fact Sheets on Mason and Groupon, as well as an informative timeline.

**The Truth about Groupon, 60 Minutes Story - A Hyperink Quicklet** Macie Melendez, 2012-02-04 ABOUT THE BOOK To me, living in San Francisco, California means eating at new restaurants, trying microbrews at dive bars, discovering new parks, seeing up-and-coming bands, and paying an extremely high monthly rent. Aside from the final part, I love that about San Francisco. But it wasn't until the introduction of Groupon to my life that I was able to enjoy these things...and at half the cost, no less. Since it began to appear in my daily email inbox, Groupon has brought nothing but good: more beers with friends, more local comedians, more great food, and more getting out of the house because I can afford to do so. Watching 60 Minutes: The Real Deal With Groupon confirmed my love for the company and its revolutionary idea, but made me question whether Groupon is doing any good for the businesses it represents. This 60 Minutes segment doesn't just show the fun side of Groupon founder and CEO Andrew Mason; it also questions whether all that fun is going anywhere

Regardless, the 60 Minutes segment is worth the watch. If nothing else, it will show you where your money is going the next time you hit that bright green Buy! button. MEET THE AUTHOR Macie Melendez has been a professional writer since 2005 and has been published in various publications, including Home Energy and San Francisco magazine, among others. She graduated with a Bachelor of Arts in English from San Diego State University, and currently lives in San Francisco with her husband and their dog.

**My Groupon Adventure** Max Dickins, 2016-06-02 A book about opening yourself (and sometimes your colon) up to new experiences. When comedian Max Dickins was dumped by his girlfriend, he was faced not just with excruciating heartbreak but also with the cold realization that he was bored, bored, bored. Desperate to shake things up, he took a friend's advice and reluctantly bought a deal on Groupon. He then bought another. And another... until what started as a gateway to some new experiences snowballed into a limitless Narnia of discounted possibilities. Over the course of 18 months, Max did a new Groupon deal every week. He changed his name, became a Lord, wrestled alligators, moonlighted as a beekeeper, and even convinced Groupon to make him into a Groupon deal. (They sold 1,000.) Resuscitated by the oxygen of new experience, he emerged a better man. My Groupon Adventure is an uproarious and uplifting chronicle showing that it's possible to escape even the deepest of ruts if you just inject a bit of spontaneity into your life.

**Electronic Commerce** Efraim Turban, David King, Jae Kyu Lee, Ting-Peng Liang, Deborrah C. Turban, 2015-01-29 Throughout the book, theoretical foundations necessary for understanding Electronic Commerce (EC) are presented, ranging from consumer behavior to the economic theory of competition.
