

Hop

Phyllis Root, Holly Meade

Hop, Hop, Jump! Lauren Thompson, 2012-05-08 Get moving and have some fun with this invigorating picture book romp from bestselling author Lauren Thompson. Bestselling Little Quack author Lauren Thompson and acclaimed illustrator Jarrett Krosoczka have teamed up to show just how much fun moving around can be. Wiggling, wagging, stomping, and clomping—there are so many different ways to do it! Go ahead—try them all. Each page has a big, bold toddler face, minimal rhyming text, and a corresponding label for the body part that's moving, making this bright, rhythmic book perfect for the youngest movers and shakers.

The Hop Diana Clarke, 2022-06-07 “The Hop is a fresh ode to sisterhood and sexual agency that crackles with verve and wit. I couldn't put it down.”—Gabriela Garcia, author of the New York Times bestseller and Good Morning America Pick Of Women and Salt Clarke refuses to turn this story into a morality play...[and her] newly rich and famous [protagonist] doesn't turn away from sex work. Instead, she uses her new freedom to imagine what sex work might look like if its practitioners were truly empowered and autonomous. Like Clarke's debut, this is technically adventurous, politically relevant, and emotionally engaging. --Starred Kirkus Review A page-turning feminist novel that tells the story of a poor scrappy girl from rural New Zealand who grows reluctantly into a sex icon, the face of a movement, and a mother, all at the same time. Kate Burns grows up wanting attention from her Ma, but her Ma wants only money and Kate learns how to get both. She and her childhood friend, Lacey, run kissing lessons for cash in the janitor's closet of Fenbrook High, and just like that, they find themselves in the sex work industry. From there, they go on to work at The Purple Panther, a strip club in Auckland. When Ma dies of cancer, Kate discovers that the men her Ma was always inviting over to their home were, in fact, clients. Ma was no stranger to sex work either. Following in Ma's footsteps, Kate heads to Nevada where she picks up a job at America's most prestigious brothel: The Hop. In her new life as a Bunny, Kate searches for an identity she can perform—the other Bunnies include a goth, a housewife, a cheerleader, a rebel, not to mention Betty, a trans beauty queen, Mia, a Japanese cosplayer, and Rain, a dominatrix. Kate becomes Lady Lane. The girls at The Hop are more fantasy than fact, and performance is always more perfect than the real. Kate is a natural and quickly rises through the ranks to become the bestselling Bunny and the owner, Daddy's favorite. But when ten street hookers are killed in a nearby city, just bodies with no names, Lady joins her sister Bunnies in mourning and begins to see things in a new light. Lady's success breeds scandal and unwanted fame, deeply affecting her, transforming her life and The Hop forever. Diana Clarke's provocative second novel is subversive in the very best way, an unforgettable work of fiction with a radical message about women that couldn't be more important.

Dream Hop Julia Durango, 2005 Children learn a way to escape the dreams which scare them.

Llama Llama Hoppity-Hop Anna Dewdney, 2012-05-01 Can you move like Llama Llama? Watch Llama hop, stretch, touch, and tap in this third board book by Anna Dewdney. Then you can do it, too!

For The Love of Hops Stan Hieronymus, 2012-11-15 It is difficult to believe that at one time hops were very much the marginalized ingredient of modern beer, until the burgeoning craft beer movement in America reignited the industry's enthusiasm for hop-forward beer. The history of hops and their use in beer is long and shrouded in mystery to this day, but Stan Hieronymus has gamely teased apart the many threads as best anyone can, lending credence where due and scotching unfounded claims when appropriate. It is just one example of the deep research through history books, research articles, and first-hand interviews with present-day experts and growers that has enabled Stan to produce a wide-ranging, engaging account of this essential beer ingredient. While they have an

exalted status with today's craft brewers, many may not be aware of the journey hops take to bring them, neatly baled or pressed into blocks and pellets, into the brewhouse. Stan paints a detailed and, at times, personal portrait of the life of hops, weaving technical information about hop growing and anatomy with insights from families who have been running their hop farms for generations. The author takes the reader on a tour of the main growing regions of central Europe, where the famous landrace varieties of Slovenia, the Czech Republic, and Germany originate, to England and thence to North America, and latterly, Australia and New Zealand. Growing hops and supplying the global brewing industry has always been a hard-nosed business, and Stan presents statistics on yields, acreage, wilt and other diseases, interspersed with words from the farmers themselves that illustrate the challenges and uncertainties hop growers face. Along the way, Stan gives details about some of the most well-known varieties—Saaz, Hallertau, Tettnang, Golding, Fuggle, Cluster, Cascade, Willamette, Citra, Amarillo, Nelson Sauvin, and many others—and their history of use in the Old World and New World. The section culminates in a catalog of 105 hop varieties in use today, with a brief description of character and vital statistics for each. Of course, the art and science of using hops in making beer is not forgotten. Once the hops have been harvested, processed, and delivered to the brewery, they can be used in myriad ways. The author moves from the toil of the hop gardens to that of the brewhouse, again presenting a blend of history and present-day interviews and research articles to explain alpha acids, beta acids, bitterness, harshness, smoothness, and the deterioration of bittering flavors over time. Perception is all important when discussing bitterness, and the author touches on genetics, evolution, the vagaries of individuals' perceptions of bitterness, and changing tastes, such as the "lupulin shift." The meaning of the international bitterness unit, or IBU, is not always properly understood and here Stan lays out a brief history of how the IBU came to be and an appreciation of the many variables affecting utilization in the boil and final bitterness in beer. Adding hops is not as simple as it sounds, and Stan's research illustrates that if you ask ten brewers about something you will get eleven opinions. Early additions, late additions, continuous hopping, first wort hopping, and hop bursting are all discussed with a healthy dose of pragmatic wisdom from brewers and a pinch of chemistry. There then follows an entire chapter devoted to the druidic art of dry hopping, following its commonplace usage in nineteenth-century England to the modern applications found in today's US craft brewing scene. The author uncovers hop plugs, hop coffins, and the "pendulum method," along with the famous hop rocket and hop torpedo used by some of America's leading craft breweries. Every brewer has their dry hopping method and, gratifyingly, many are happy to share with the author, making this chapter a great source for inspiration and ideas. Many of the brewers the author interviewed were also happy to share recipes. There are 16 recipes from breweries in America, Belgium, Czech Republic, Denmark, England, Germany, and New Zealand. These not only present delicious beers but give some insight into how professional brewers design their recipes to get the most out of their hops. As always, Stan imparts wisdom in an engaging and accessible fashion, making this an amazing compendium on "every brewer's favorite flower."

The Book of Hops Dan DiSorbo, 2022-05-31 The first fully illustrated guidebook for craft beer drinkers, pairing hyper-detailed photography with profiles of 50 of today's most popular hop varieties. Hops are the most important ingredient in the beer we love, offering a spectrum of distinct aromas, flavors, and bitterness. Whether it's a floral Cascade, spicy Saaz, juicy Citra, or a combination of different varieties, hop character has become the driving force behind craft brewing. The Book of Hops profiles fifty of the most sought-after hops from around the world, with intricate photography and notes on taste, composition, use, and origin, plus examples of the wonderful beers that showcase them. With contributions from today's most important brewers and growers; a handy primer that

breaks down the science, story, and production of beer; and hand-picked craft beer recommendations throughout, this fully illustrated guidebook is all you need to discover and fully savor your next favorite brew.

The Bunny Hop (Sesame Street) Sarah Albee, 2018-01-02 On Easter morning, Elmo, Grover, Cookie Monster, Big Bird, and their Sesame Street friends find cute bunnies in the strangest (and funniest) places! Toddlers ages 1 to 3 will giggle their way through this hilarious, rhyming story with text that bounces along with a bunny-like rhythm. And as they read this sturdy board book, they'll want to know: Where did the bunnies come from? Where are they going? It's the perfect way to celebrate Easter and spring!

Kangaroos Hop Ros Moriarty, 2012-03-01 Simple, intelligent, bright and cheerful, this early childhood concept book introduces animal names and verbs and celebrates Indigenous art in a joyous, non-didactic and playful way. Kangaroos Hop helps children identify favourite Australian animals in the Australian landscape. The kangaroos hop, the butterflies fly, the echidnas shuffle across the land and down to the water's edge where a sleepy crocodile lies. Shhhh! The lively illustrations and cumulative text help readers identify animals as well as verbs.

The Hop Atlas Heinrich Joh Barth, Christiane Klinke, Claus Schmidt, 1994

Hop Production V. Rybacek, 2012-12-02 This book deals in detail with all aspects of hop growing, hop cone handling, drying, storage and processing into hop products and preparations, and with their utilization in the brewing industry. Particular attention is given to theoretical and practical hop production problems from the perspective of biology, chemistry, and economics, the ultimate objective of the book being high-quality hop raw materials for the brewing industries. The book is intended for hop growers, traders, brewing specialists, agricultural colleges, hop research and brewing industry institutes.

The Hop Grower's Handbook Laura Ten Eyck, Dietrich Gehring, 2016-05-27 With information on siting, planting, tending, harvesting, processing, and brewing It's hard to think about beer these days without thinking about hops. The runaway craft beer market's convergence with the ever-expanding local foods movement is helping to spur a local-hops renaissance. The demand from craft brewers for local ingredients to make beer—such as hops and barley—is robust and growing. That's good news for farmers looking to diversify, but the catch is that hops have not been grown commercially in the eastern United States for nearly a century. Today, farmers from Maine to North Carolina are working hard to respond to the craft brewers' desperate call for locally grown hops. But questions arise: How best to create hop yards—virtual forests of 18-foot poles that can be expensive to build? How to select hop varieties, and plant and tend the bines, which often take up to three years to reach full production? How to best pick, process, and price them for market? And, how best to manage the fungal diseases and insects that wiped out the eastern hop industry 100 years ago, and which are thriving in the hotter and more humid states thanks to climate change? Answers to these questions can be found in *The Hop Grower's Handbook*—the only book on the market about raising hops sustainably, on a small scale, for the commercial craft beer market in the Northeast. Written by hop farmers and craft brewery owners Laura Ten Eyck and Dietrich Gehring, *The Hop Grower's Handbook* is a beautifully photographed and illustrated book that weaves the story of their Helderberg Hop Farm with the colorful history of New York and New England hop farming, relays horticultural information about the unusual hop plant and the mysterious resins it produces that give beer a distinctively bitter flavor, and includes an overview of the numerous native, heirloom, and modern varieties of hops and their purposes. The authors also provide an easy-to-understand explanation of the beer-brewing process—critical for hop growers to understand in order to be able to provide the high-quality product brewers want to buy—along with recipes from a few of their favorite home and micro-brewers. The book also provides readers with detailed information on: • Selecting, preparing, and designing a hop yard site,

including irrigation; • Tending to the hops, with details on best practices to manage weeds, insects, and diseases; and, • Harvesting, drying, analyzing, processing, and pricing hops for market. The overwhelming majority of books and resources devoted to hop production currently available are geared toward the Pacific Northwest's large-scale commercial growers, who use synthetic pesticides, fungicides, herbicides, and fertilizers and deal with regionally specific climate, soils, weeds, and insect populations. Ten Eyck and Gehring, however, focus on farming hops sustainably. While they relay their experience about growing in a new Northeastern climate subject to the higher temperatures and volatile cycles of drought and deluge brought about by global warming, this book will be an essential resource for home-scale and small-scale commercial hops growers in all regions.

Hop! Hop! Leslie Patricelli, 2015-02-10 The inimitable Baby brings a humorous spin to the holidays in an e-book perfect for Easter time. The Easter Bunny is coming! It's time to dye eggs. Did you know that red and blue make purple? That blue and yellow make green? That an art project may result in a multicolored Baby? There are bunny ears to wear (for the dog and cat, too) and an Easter basket to put out before bedtime. What will Baby find inside it the next morning?

Insects Injurious to the Hop in New York Ira Myron Hawley, 1918

One Small Hop Madelyn Rosenberg, 2021-06-01 Perfect for fans of Carl Hiaasen's classic *Hoot*, this humorous adventure story set in a not-so-distant future celebrates the important differences we can make with small, brave acts. When Ahab and his friends find a bullfrog in their town -- a real, live bullfrog, possibly the last bullfrog in North America -- they have several options: A. Report it to the Environmental Police Force. Too bad everyone knows the agency is a joke. B. Leave it be. They're just a bunch of kids -- what if they hurt it by moving it? C. Find another real, live bullfrog on the black market. Convince their parents to let them bike to Canada. Introduce the two frogs. Save all of frogkind. Ahab convinces the rest of the group that C is their only real option. Because if they don't save this frog, who will? Their quest, which will involve fake ice cream, real frog spawn, and some very close calls, teaches Ahab that hope is always the logical choice and that science is always better with friends. With humor and empathy, acclaimed author Madelyn Rosenberg builds an all-too-imaginable future ravaged by climate change, where one kid can still lean on his friends and dream up a better tomorrow.

Hop on Pop Dr. Seuss, 2015-04-14 A sturdy board-book edition of Dr. Seuss's *Hop on Pop*, now available in a larger size perfect for babies and toddlers! This abridged version of the classic Beginner Book *Hop on Pop* introduces the youngest readers to the wonderful world of Seussian wordplay. See RED and NED and TED and ED in BED. And giggle as PAT sits on a HAT and a CAT and a BAT . . . and almost on a cactus! (NO PAT NO, don't sit on that.) A perfect gift for baby showers, birthdays, and happy occasions of all kinds, it is also a great way to show Pop some love on Father's Day!

Hop! Phyllis Root, Holly Meade, 2010 The nonstop antics of five baby bunnies have them bumping, tumbling, zigging, zagging, wiggling, twitching, thumping, and lunching. On board pages.

Can You Hop? Lawston Lisa, Ed Vere, 2000

Hop Jorey Hurley, 2016-01-05 Baby bunnies go on a spring day adventure in this delightful Classic Board Book from acclaimed artist and author Jorey Hurley. A perfect gift for your little one's Easter basket! Listen. Follow. Hide. Snuggle. A quiet spring day holds unpredictable adventure when a mother rabbit leads her three bunnies out to explore. Their world seems playful at first, but it can suddenly turn dangerous. The natural world holds unpredictable adventures for them at every turn. Celebrate the beauty of spring with this vibrant Classic Board Book that's a perfect read-aloud for parents and little ones to share.

The Hop Herbert Myrick, 2021-11-03 Herbert Myrick loved all things hop farming. Here, after a brief history of the hop from the 16th century onward, he provides a thorough

breakdown of everything from the variety and chemistry of hops to selling the final product. Myrick has left no stone unturned. He explores the ideal soil and soil preparation and even the impact of caterpillars and fungi. A talented writer and publisher, Myrick specialized in agriculture. He published and edited several agricultural magazines and authored a number of books on farming topics, covering crops such as turkeys, tobacco, sugar and corn. This book is a superb read for any hop enthusiast or even experts interested in how hop farming has changed over the years.

The Hanukkah Hop! Erica Silverman,2011-10-04 Rachel’s twirling streamers Daddy blows up blue balloons Mommy sizzles latkes as she hums a Hanukkah tune. It's Hanukkah! It's a time to celebrate family and enjoy festive traditions. As Rachel and her parents prepare the house, grandparents, cousins, and friends travel from near and far to sing and tell stories. Together, they will light candles, play games, and eat scrumptuous holiday foods... and, of course, dance the Hanukkah Hop. The stamping, the hopping, and the bim-bim-bopping is sure to go on all night! Erica Silverman's lively, rollicking text is sure to inspire every member of the family in celebrating the Festival of Lights!
