Robert Means Lawrence

The Magic of the Horseshoe Robert Means Lawrence, 2015-03-13 A fascinating 1899 work tracing the origins of common superstitions through time and civilizations, tracking how they evolved. Superstitions still have a firm hold in cultures all across the world, but where did so many of them come from, and how do myths and beliefs differ from country to country? This 1899 gem sets out to determine just that, tracing superstitious origins across the world from ancient Egypt to Viking Norway to the Asian dynasties. Find out why people throw salt over their shoulder, why you should never open a theater on Friday in France, whether it is luckier to sneeze toward the left or the right, and why the number 13 is considered so unlucky. Readers of this book will finally be able to answer such important questions as whether a horseshoe on the door can protect from plague and why people say bless you after a sneeze.

Golden Horseshoe Frances Gunter, 2003 Eighth grade students have been awarded The Golden Horseshoe for excellence in West Virginia history since 1931. Award-winning teacher and author Frances B. Gunter makes West Virginia history come alive for students, parents and history buffs alike in her novels *The Golden Horseshoe* and *The Golden Horseshoe II*. *The Golden Horseshoe* received the Citation of Merit Award in 1992 from the West Virginia State Reading Council. *The Golden Horseshoe II* was written to fulfill the many requests by students, parents, and teachers to provide a sequel to the first novel. These modern day mysteries are a fun and entertaining way to learn some hard historical facts about the Mountain State. Frances Gunter makes West Virginia history come alive with a great story line and characters with which middle school students readily identify. The students learn both the history of West Virginia and the pride of being a West Virginian. Parents have told me they enjoyed reading the book after their children had finished it. Katherine A. Ferris, West Virginia Studies Teacher Reading Specialist Travel back into the history of West Virginia with three students as they solve a fascinating mystery. When young Ginny Lucas and cousins Chelsea and Brad discover an antique horseshoe pendant, the trio begin a dangerous trip through time, first landing in the caves of the ancient mound builders. Next the trio lands on Blennerhassett Island, on the eve of the Burr conspiracy, where they narrowly escape with their lives. When the teenagers arrive in Harpers Ferry, they witness the rowdy crowd at the grisly hanging of John Brown. They get caught in the crossfire between the Hatfields and the McCoys on the Tug River, and even experience some of the mine wars at Blair Mountain.

Horseshoe - the Horse Who Did Not Wear Horseshoes Hunter Jones,2020-11-25 The horse named Horseshoe did not wear horseshoes. One day, his barnyard friends all agreed, Horseshoe must wear horseshoes. They sent him to town to buy horseshoes. As it turns out, buying horseshoes is not as easy as one may think for a horse named Horseshoe.

The Magic Of The Horse-Shoe Robert Means Lawrence,2013-11-27 Among the many pleasant little superstitions, never really believed, rarely wholly disregarded, are the custom of the horse-shoe symbol, the faith in luck, the distrust of Friday as a day of evil omen, the dislike of sitting thirteen at a table, the disagreeable feeling at upsetting the salt, the suspicion of uncanniness about black cats and dogs, and the opinion that most odd numbers are more fortunate than even ones. All these popular fancies and many more are discussed by Dr. Lawrence with a wide reach of citation and illustration. Works of this class have a value'much beyond the recording of trivial superstitions. They are contributions to the psychology of man, and often throw unexpected light on serious investigations into the history of religions and rituals. The same motives, hopes, fears, underlie all beliefs in the

unseen, unknown powers which control the destiny of man; and it is profitable to study these motives, in all their manifestations, however insignificant they may individually seem.
