Henry Benjamin Wheatley

Index, A History of the: A Bookish Adventure from Medieval Manuscripts to the Digital Age Dennis Duncan,2022-02-15 A New York Times Editors' Choice Book Named a Most Anticipated Book of 2022 by Literary Hub and Goodreads A playful history of the humble index and its outsized effect on our reading lives. Most of us give little thought to the back of the book—it's just where you go to look things up. But as Dennis Duncan reveals in this delightful and witty history, hiding in plain sight is an unlikely realm of ambition and obsession, sparring and politicking, pleasure and play. In the pages of the index, we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. Here, for the first time, is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Charting its curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Duncan uncovers how it has saved heretics from the stake, kept politicians from high office, and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and—of course—indexers along the way. Revealing its vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties about the Age of Search, we are all index-rakers at heart—and we have been for eight hundred years.

**What is an Index?** Henry Benjamin Wheatley,1878

*Book Indexing For Authors* Katherine Verne,Michelle Campbell-Scott,2020-07-19 An index could be the thing your book is missing. Take a look in a library or bookstore and you will find few nonfiction books that don't have indexes. That's because publishers know how important the presence of an index is to readers – and therefore how vital it is for sales. Indies often don't realize this – and miss out on potential sales and potential good reviews. A book index is like a guidepost or map for your readers. It tells them what to expect from your book, where to find topics that interest them, and – importantly – what isn't in the book. This means that it reduces the chances of poor reviews and increases the chances of positive reviews. An index helps usability, which makes it more useful to readers.If you are an author thinking of creating your own index, you're in good company. There is quite a precedent for author-indexes (especially in the world of academia, where subjects are so specialist that it's hard to find a professional indexer with relevant experience). This book will guide you through the process and show you how to do it yourself in Microsoft Word. (Sorry, no Mac instructions.) This book is for you if... You need easy-to-understand instructions on how to create your own index for a non-fiction book using Microsoft Word; Your [traditional] publisher is insisting on an index and expecting you to pay for it; You don't have a big budget; You aren't a computer or publishing expert; You don't want to spend weeks (or months) learning how to index. This book is not for you if... You need an in-depth, theory-based book. Many people like the jump-right-in, workbook approach. You are looking for something to help you become a professional indexer, or to win indexing awards. Most professional training courses and organizations often recommend Nancy C. Mulwary's Indexing Books. Also check out the American Society of Indexers (ASI) – [www.asindexing.org](http://www.asindexing.org) – and other professional and standards organizations in other countries. You can find courses on indexing in local colleges, as well as online. If you do buy this [print] book, you will have the opportunity of joining the forthcoming online course based on it – free of charge. You will be able to ask questions, receive help, and see in real-time what the creation of an index involves.

*The Fear Index* Robert Harris,2012-01-31 At the nexus of high finance and sophisticated computer programming, a terrifying future may be unfolding even now. Dr. Alex Hoffmann's name is carefully guarded from the general public, but within the secretive inner circles of the ultrarich he is a legend. He has developed a revolutionary form of artificial intelligence that predicts movements in the financial markets with uncanny accuracy. His hedge fund, based in Geneva, makes billions. But one morning before dawn, a sinister intruder breaches the elaborate security of his lakeside mansion, and so begins a waking nightmare of paranoia and violence as Hoffmann attempts, with increasing desperation, to discover who is trying to destroy him. Fiendishly smart and suspenseful, The Fear Index gives us a searing glimpse into an all-too-recognizable world of greed and panic. It is a novel that forces us to confront the question of what it means to be human—and it is Robert Harris's most spellbinding and audacious novel to date.

**The Memory Index** Julian Ray Vaca,2022-08-09 In this electric speculative YA sci/fi novel, the world treats memories like currency, so dreams can be a complicated business. Perfect for fans of Neal Stephenson and Philip K. Dick. In an alternative 1987, a disease ravages human memories. There is no cure, only artificial recall. The lucky ones—the recollectors—need the treatment only once a day. Freya Izquierdo isn't lucky. The high school senior is a “degen” who needs artificial recall several times a day. Plagued by blinding half-memories that take her to her knees, she's desperate to remember everything that will help her investigate her father's violent death. When her sleuthing almost lands her in jail, a shadowy school dean selects her to attend his Foxtail Academy, where five hundred students will trial a new tech said to make artificial recall obsolete. She's the only degen on campus. Why was she chosen? Freya is nothing like the other students, not even her new friends Ollie, Chase, and the alluring Fletcher Cohen. Definitely not at all like the students who start to vanish, one by one. And nothing like the mysterious Dean Mendelsohn, who has a bunker deep in the woods behind the school. Nothing can prepare Freya and her friends for the truth of what that bunker holds. And what kind of memories she'll have to access to survive it. “Vaca's debut is a thrilling and often unsettling examination of the elusive nature of memory and truth. The Memory Index will leave you breathlessly turning pages until its satisfying conclusion.” —Jonathan Evison, New York Times bestselling author of Small World Get hooked on The Memory Index Duology: Book 1: The Memory Index Book 2: The Recall Paradox (coming Spring 2023)

*Price Index Concepts and Measurement* W. Erwin Diewert,John Greenlees,Charles R. Hulten,2010-02-15 Although inflation is much feared for its negative effects on the economy, how to measure it is a matter of considerable debate that has important implications for interest rates, monetary supply, and investment and spending decisions. Underlying many of these issues is the concept of the Cost-of-Living Index (COLI) and its controversial role as the methodological foundation for the Consumer Price Index (CPI). Price Index Concepts and Measurements brings together leading experts to address the many questions involved in conceptualizing and measuring inflation. They evaluate the accuracy of COLI, a Cost-of-Goods Index, and a variety of other methodological frameworks as the bases for consumer price construction.

*Indexing* Pat F. Booth,2013-02-06

**The Suicide Index** Joan Wickersham,2009-06-23 National Book Award Finalist: “Wickersham has journeyed into the dark underworld inside her father and herself and emerged with a powerful, gripping story.” —The Boston Globe One winter morning in 1991, Joan Wickersham's father shot himself in the head. The father she loved would never have killed himself, and yet he had. His death made a mystery of his entire life. Who was he? Why did he do it? And what was the impact of his death on the people who loved him? Using an index—the most formal and orderly of structures—Wickersham explores this chaotic and incomprehensible reality. Every bit of family history, every encounter with friends, doctors, and other survivors, exposes another facet of elusive truth. Dark, funny, sad, and gripping, at once a philosophical and a deeply personal exploration, The Suicide Index is, finally, a daughter's anguished, loving elegy to her father.

**Immunity Index** Sue Burke,2021-05-04 Sue Burke, author of Semiosis and Interference, gives readers a new near-future, hard sf novel. Immunity Index blends Orphan

Black with Contagion in a terrifying outbreak scenario. Bustle's 40 Best New Books May 2021 Amazon Best of the Month May 2021 In a US facing growing food shortages, stark inequality, and a growing fascist government, three perfectly normal young women are about to find out that they share a great deal in common. Their creator, the gifted geneticist Peng, made them that way—before such things were outlawed. Rumors of a virus make their way through an unprotected population on the verge of rebellion, only to have it turn deadly. As the women fight to stay alive and help, Peng races to find a cure—and the cover up behind the virus. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

How to Make an Index Henry Benjamin Wheatley,1902

**The Index Card** Helaine Olen,Harold Pollack,2016-01-05 “The newbie investor will not find a better guide to personal finance.” —Burton Malkiel, author of A RANDOM WALK DOWN WALL STREET TV analysts and money managers would have you believe your finances are enormously complicated, and if you don’t follow their guidance, you’ll end up in the poorhouse. They’re wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling Pound Foolish, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4 x 6 card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

**Global Innovation Index 2011** Cornell University,INSEAD,World Intellectual Property Organization,Soumitra Dutta,19?? The Global Innovation Index ranks the innovation performance of 125 countries and economies around the world, based on 80 indicators. This edition explores the impact of innovation-oriented policies on economic growth and development. High-income and developing countries alike are seeking innovation-driven growth through different strategies. Some countries are successfully improving their innovation capacity, while others still struggle.

**The Zero Index** Colin Duncan,2012-05-22 In today's organization, the old safety paradigms are no longer enough. Previous safety performance gains have leveled off and leaders are now tasked with navigating issues that their predecessors never anticipated: Stalling or increasing rates of high-severity injuries, greater technical complexity, increased legal accountability, and a looming shortage of qualified safety expertise, just to name a few. So where do we go from here? Global safety leader BST shares a new framework for creating comprehensive safety excellence: The Zero Index. Outlining 10 critical disciplines practiced by the world's safest organizations, the Zero Index provides a road map for safety as strategy and practical steps for getting from where you are now to the state where safety is Who we are.

The Violin Conspiracy Brendan Slocumb,2022-02-01 GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather’s heirloom violin on the eve of the most prestigious musical competition in the world. “I loved The Violin Conspiracy for exactly the same reasons I loved The Queen’s Gambit: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music.” —Chris Bohjalian, #1 New York Times bestselling author of The Flight Attendant and Hour of the Witch Growing up Black in rural North Carolina, Ray McMillian’s life is already mapped out. But Ray has a gift and a dream—he’s determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can’t afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him.

*Index Funds & Stock Market Investing* Samuel Feron,2023-07-05 Your All-In-One Guide to Understanding and Taking Advantage of Index Funds and the Stock Market This 2-in-1 guide is your gateway to understanding the power of diversified portfolios and equipping yourself with a wide range of investment strategies so you can finally live the financially free life that you’ve always dreamed of.
