Welcome to Indonesian Stuart Robson, 2012-01-31 This is a concise and user-friendly introduction to the Indonesian language. This concise book aims to introduce the reader to the Indonesian language not by creating a course, with grammar and exercises, but by describing it from various points of view, such as telling what it is related to and how it has developed, and on this basis saying where some of its words originate, as a means of familiarization with some common examples. After that, the description moves on to talk about the kinds of words one would expect to meet, and how they can be put together as sentences, before providing a few examples of journalistic prose as well as some more literary specimens, in order to give a feeling for the language. Welcome to Indonesian includes: Chapter 1: What is Indonesian? Chapter 2: Bahasa Indonesia as the National Language Chapter 3: A Historical Overview Chapter 4: The Development of Modern Indonesian Chapter 5: Indonesian and Malaysian Chapter 6: The colloquial Dimension, Influence of Dialek Jakarta Chapter 7: What is Indonesian Related to? Chapter 9: Loanwords in Indonesian Chapter 10: The Indonesian Word Chapter 11: The Indonesian Sentence Chapter 12: Journalistic Prose Chapter 13: A Literary Dimension Suggestions for Further Reading Glossary of Indonesian Words

Colloquial Jakartan Indonesian James N. Sneddon, 2006 This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta. While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.

Indonesian Destinies Theodore Friend, 2009-07-01 How can such a gentle people as we are be so murderous? a prominent Indonesian asks. That question--and the mysteries of the archipelago's vast contradictions--haunt Theodore Friend's remarkable work, a narrative of Indonesia during the last half century, from the postwar revolution against Dutch imperialism to the unrest of today. Part history, part meditation on a place and a past observed firsthand, *Indonesian Destinies* penetrates events that gave birth to the world's fourth largest nation and assesses the continuing dangers that threaten to tear it apart. Friend reveals Sukarno's character through wartime collaboration with Japan, and Suharto's through the mass murder of communists that brought him to power for thirty-two years. He guides our understanding of the tolerant forms of Islam prevailing among the largest Muslim population in the world, and shows growing tensions generated by international terrorism. Drawing on a deep knowledge of the country's cultures, its leaders, and its ordinary people, Friend gives a human face and a sense of immediacy to the self-inflicted failures and immeasurable tragedies that cast a shadow over Indonesia's past and future. A clear and compelling passion shines through this richly illustrated work. Rarely have narrative history and personal historical witness been so seamlessly joined.

My Life in Indonesia Alex Woolf, 2014-12-15 Follow a day in the life, from wake-up to bedtime, of a young person from Indonesia.

Indonesia Abandons Confrontation Franklin B. Weinstein, 2009 Indonesia's foreign policy has been the topic of all too few scholarly works. This condition is, however, rapidly changing, and we can now look forward during the next few years to the publication of several important studies. Among the highly qualified authors presently engaged in completing books on various aspects of this subject are: Indonesia's former Vice-President, Mohammad Hatta; a former Foreign Minister and Deputy Prime Minister, Mohamad Roem, and a former Foreign Minister, Anak Agung Gde Agung. Currently major studies are also well under way by Ambassador Howard Jones, Professor Frederick Bunnell, and Professor David Mozingo. None of these ongoing studies, however, focuses on the very recent period described by Mr. Franklin Weinstein in the Interim Report which the Indonesia Project is here publishing. His report is concerned with one of the most significant, but at the same time one of the most confusing, watersheds of Indonesian foreign policy. This is the process whereby Indonesia's confrontation against Malaysia was brought to an end. A development of this significance, we feel, merits careful study now, even though the relevant data are as yet only partially available. It is our belief that a sufficient amount of pertinent material is on hand at this point to warrant the avowedly provisional account which Mr. Weinstein has undertaken with the encouragement of the Cornell Modern Indonesia Project. He, himself, wishes to emphasize the tentative character of his report and would appreciate it if those who read it, Indonesians in particular, would be kind enough to send him their criticisms and suggestions for the study's improvement. It is his hope, and ours, that a substantial amount of such commentary will be sent him so that following his current sojourn and research in Indonesia, he will be in a position to publish a study of recent Indonesian foreign policy which will be more comprehensive and definitive in character. - George McT. Kahin, October 1968
