The Tangible in Music Marko Aho, 2016-05-26 In the age of digital music it seems striking that so many of us still want to produce music concretely with our bodies, through the movement of our limbs, lungs and fingers, in contact with those materials and objects which are capable of producing sounds. The huge sales figures of musical instruments in the global market, and the amount of time and effort people of all ages invest in mastering the tools of music, make it clear that playing musical instruments is an important phenomenon in human life. By combining the findings made in music psychology and performative ethnomusicology, Marko Aho shows how playing a musical instrument, and the pleasure musicians get from it, emerges from an intimate dialogue between the personally felt body and the sounding instrument. An introduction to the general aspects of the tactile resources of musical instruments, musical style and the musician is followed by an analysis of the learning process of the regional kantele style of the Perho river valley in Finnish Central Ostrobothnia.

Instrument Dao Strom, 2020-11 Poetry. Literary Nonfiction. Asian & Asian American Studies. Women's Studies. Art. Music. 175 pages long, Dao Strom's INSTRUMENT is an experiment in multimodal poetics-inhabiting a synergistic blend of poetry, music, and visual art: the artist's three forms of voice. Born in Vietnam and leaving the country at the age of two for Northern California, Strom's life and work speaks to fragmentation-of/within selves, histories, cultures, groups of people, and places-yet within this configuring lies her art's fluid mastery. Combining color photography, personal biography and gripping, restless poetry, INSTRUMENT represents a unique melding of literature and art. The poems are augmented by an album, Traveler's Ode, of ambient and folk-tinged songs featuring ethereal assemblages of sung-poetry, vocal layering, spare guitar and piano, and field sounds from sources such as rivers, sea, jungle, birds. Traveler's Ode is a collaborative release between Fonograf Ed. and Antiquated Future.
