Karma Sadhguru,2021-04-27 NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER “Full of valuable insights to guide you.”—WILL SMITH “Thoughtful and life-affirming . . . a must-read.”—TONY ROBBINS “This book will put you back in charge of your own life.”—TOM BRADY A new perspective on the overused and misunderstood concept of “karma” that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn’t some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it’s possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver’s seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru’s teachings, you will learn how to live intelligently and joyfully in a challenging world.

Instant Karma Marissa Meyer,2020-11-03 In New York Times bestselling author Marissa Meyer's young adult contemporary romance, a girl is suddenly gifted with the ability to cast instant karma on those around her - both good and bad. Chronic overachiever Prudence Barnett is always quick to cast judgment on the lazy, rude, and arrogant residents of her coastal town. Her dreams of karmic justice are fulfilled when, after a night out with her friends, she wakes up with the sudden ability to cast instant karma on those around her. Pru giddily makes use of the power, punishing everyone from public vandals to mean gossips, but there is one person on whom her powers consistently backfire: Quint Erickson, her slacker of a lab partner. Quint is annoyingly cute and impressively noble, especially when it comes to his work with the rescue center for local sea animals. When Pru resigns herself to working at the rescue center for extra credit, she begins to uncover truths about baby otters, environmental upheaval, and romantic crossed signals—not necessarily in that order. Her newfound karmic insights reveal how thin the line is between virtue and vanity, generosity and greed . . . love and hate... and fate.

Karma Traleg Kyabgon,2015-06-30 The Buddha’s teaching on karma (literally, action) is nothing other than his compassionate explanation of the way things are: our thoughts and actions determine our future, and therefore we ourselves are largely responsible for the way our lives unfold. Yet this supremely useful teaching is often ignored due to the misconceptions about it that abound in popular culture, especially oversimplifications that make it seem like something not to be taken seriously. Karma is not simple, as Traleg Kyabgon shows, and it’s to be taken very seriously indeed. He cuts through the persistent illusions we cling to about karma to show what it really is—the mechanics of why we suffer and how we can make the suffering end. He explains how a realistic understanding of karma is indispensable to Buddhist practice, how it provides a foundation for a moral life, and how understanding it can have a transformative effect on the way we relate to our thoughts and feelings and to those around us.

Karma Ramesh Nathan,2017-05 Karma, the Law of Action and Consequence is a thorough investigation into the Law of Karma. How does one acquire karma? How do we rid ourselves of our karma? Karma, cause and effect, is universal and all-penetrating.¿¿The true meaning of the Law of Karma is yet to be understood by man. The true activity of this law, the reality of this law, is something that the mind cannot contain. All of man's actions and thoughts comprise his karma and it can be understood that he himself is living in the woven threads of his own karma, which we call life.Learn about the powerful law of karma, and how you can change your life by learning how to deal with it.

Karma Burns Alma Trevino,2005-08 Who's crazy and who's in charge of figuring it out? Karma Burns are those experiences that are usually spontaneous, inexplicable and more often unavoidable. Some persons may have more than the usual share of Karma Burns while others may only have a few. But it is the few experiences that are the more serious. Within this book are short stories of such events. Submitted in first person context, most of the Karma Burns you will read about are often funny. It is always good to inject humor in all experiences that are usually quite humbling. While there are recipients of Karma Burns and there are witnesses to these experiences, it is never clear what your role will be. As for the more serious Karma Burns, the irony can also be very entertaining. It is only with good intentions if you should relate to any of these stories. And, it is the author's wish that your Karma Burns are treatable.

The Karma Chronicles Pepper Carlson,2017-01-20 What if karmic debt is real and the powers that be are eagerly waiting to collect? It is said we all have karmic debt and we get seven years to pay it back. We have a responsibility to settle these debts, hopefully learning from our mistakes so we don’t have to go back to that chapter in the lesson book. With good karma, we do good deeds so we will reap what we sow. What about the price tag for bad karmic debt? Do we really have to spend seven lifetimes to get it right? In the first book of The Karma Chronicles, Hadrian’s Seal, a twin dies at birth and leaves her little sister behind to enter the combat zone. With her last breath comes the gift of ageless wisdom and divine intelligence. She mysteriously summons the archangels to help her and learns they were expecting her beckoning call all along.

The End of Karma: Hope and Fury Among India's Young Somini Sengupta,2016-03-07 “[A] sharply observed study . . . richly detailed portraits.”—Economist Somini Sengupta emigrated from Calcutta to California as a young child in 1975. Returning thirty years later as the bureau chief for The New York Times, she found a vastly different country: one defined as much by aspiration and possibility—at least by the illusion of possibility—as it is by the structures of sex and caste. The End of Karma is an exploration of this new India through the lens of young people from different worlds: a woman who becomes a Maoist rebel; a brother charged for the murder of his sister, who had married the “wrong” man; a woman

who opposes her family and hopes to become a police officer. Driven by aspiration—and thwarted at every step by state and society—they are making new demands on India’s democracy for equality of opportunity, dignity for girls, and civil liberties. Sengupta spotlights these stories of ordinary men and women, weaving together a groundbreaking portrait of a country in turmoil.

Karma Jeffrey Armstrong,2023-04-07 Combining the ancient wisdom of the Vedic tradition and the point of view of the modern spiritual seeker, Karma illustrates how to find meaning and purpose in a life that can at times feel random and out of control. In this compelling and in-depth introduction to the ancient Hindu concept of karma, spiritual teacher and award-winning author Jeffrey Armstrong explores reincarnation, the deeper mysteries of the soul, the laws of nature, and the ways in which cause and effect influence our lives. Moving beyond Western perceptions of science and luck, Armstrong explores the mystical balance of the universe. These long-secret laws of karma, excavated from the ancient wisdom of India, offer a means to deepen one’s spiritual vision and reveal the profoundly interconnected nature of all that exists. The Mandala Wisdom Series is an introductory collection on Eastern wisdom and spirituality, providing readers with the tools to enhance their health and well-being.
