This definitive book on Bundy was recently made into a Netflix documentary. What goes on in the mind of a serial killer? Drawn from more than 150 hours of exclusive tape-recorded interviews with the handsome, charismatic Bundy, whose grisly killing spree left at least 30 young women dead across seven states between 1974 and 1978, this chilling exposé provides a shocking self-portrait of one of the most savage sex murderers in history. While Pike Logan and Jennifer Cahill prepare to join their team on a counter-terrorist mission in the triple frontier—the lawless tri-border region where Argentina, Brazil, and Paraguay meet—they are targeted in Charleston, South Carolina. A vicious explosion kills a friend, and the perpetrators have set it up to look like an accident. While the authorities believe this was not foul play, Pike knows the attack was meant for him. When he loses contact with the team in South America, Pike is convinced he and the Taskforce are under assault. His men are the closest thing to family that Pike has, which means he will do anything, even ignore direct orders to stand down, to find them. Pike and Jennifer head to Brazil to investigate their disappearance and run headlong into a crew of Russian assassins. Within days they are entangled in a byzantine scheme involving Brazilian politics and a cut-throat battle for control of offshore oil fields. Forged in combat, the Russians are the equal of anything the Taskforce has encountered before, but they make a mistake in attacking Pike’s team, because Pike has a couple of elite Israeli assassins of his own. And Pike will stop at nothing to protect his family.

**"K" is for Killer** Sue Grafton,2009-11-03 Lorna Kepler was beautiful and willful, a loner who couldn't resist flirting with danger. Maybe that's what killed her. Her death had raised a host of tough questions. The cops suspected homicide, but they could find neither motive nor suspect. Even the means were mysterious: Lorna's body was so badly decomposed when it was discovered that they couldn't be certain she hadn't died of natural causes. In the way of overworked cops everywhere, the case was gradually shifted to the back burner and became another unsolved file. Only Lorna's mother kept it alive, consumed by the certainty that somebody out there had gotten away with murder. In the ten months since her daughter's death, Janice Kepler had joined a support group, trying to come to terms with her loss and her anger. It wasn't helping. And so, leaving a session one evening and noticing a light on in the offices of Millhone Investigations, she knocked on the door. In answering that knock, Kinsey Millhone is pulled into the netherworld of unavenged murder, where only a pact with the devil will satisfy the restless ghosts of the victims and give release to the living they have left behind. Eleven books into the series that has won her readers around the world, Sue Grafton takes a darkside turn, pitching us into a shadow land of pain and grief where killers still walk free, unaccused, unpunished, unrepentant. With K is for Killer she offers a tale that is dark, complex, and deeply disturbing. *Green River, Running Red* Ann Rule, 2004-10-31 In the most extraordinary book Ann Rule has ever undertaken, America's master of true crime has spent more than two decades researching the story of the Green River Killer, who murdered more than forty-nine young women. The quest to discover the most prolific serial killer in American history has been an intimate part of Ann Rule's life, with some of the corpses found only a mile or so from where she lived and raised her own daughters. She did not know the killer, but he apparently knew her and attended many of her book signings. For twenty-one years, the killer carried out his self-described career as a killing machine, ridding the world of women he considered evil. His eerie ability to lure his victims to their deaths and hide their bodies made him far more dangerous than any infamous multiple murderer in the annals of crime. A few men -- including a law student, a truck painter, and a taxi driver -- eventually emerged as the prime suspects among an unprecedented forty thousand scrutinized by the Green River Task Force. Still, there was no physical evidence linking any of them to the murders until 2001, when investigators used a new DNA process on a saliva sample they had preserved since 1987, with stunning results. Ann Rule has followed the case since July 1982, when the first body -- that of teenager Wendy Lee Coffield -- was found in the Green River, snagged on pilings under a bridge. Rule has compiled voluminous files, working through an incredible 95,000 pages of official police records, transcripts, photographs, and maps, winnowing out the chaff and identifying what is truly important. Over the years, she gained unparalleled access to all the key players -- from King County Sheriff Dave Reichert to those close to the killer and his victims. When finally apprehended and convicted, the killer made a detailed confession -- of his twisted sexual obsessions -- that will shock even the most jaded reader. *Green River, Running Red* is a harrowing account of a modern monster, a killer who walked among us undetected. It is also the story of his quarry -- of who these young girls were, and who they might have become. A chilling look at the darkest side of human nature, this is the most important and most personal book of Ann Rule's long career.

**The Zodiac Killer** WL Knightly, Detective Darek Blake thought the secrets of his past were long buried, but when a young girl is murdered in a familiar way, finding the killer will not only bring back memories he’s repressed, but give him a golden opportunity to impress the FBI. So, when his partner, Special Agent Lizzy McNamara digs up evidence that’s a little too close to home, he’s shaken to the core. The worst sin he’s ever committed bubbles up, threatening to destroy his future. Are the Zodiac killings a coincidence or is someone toying with him, and if so... who? Warning: This is the first book in a thirteen-book series. Every book has a cliffhanger of some sort as we’re telling the story of a serial killer. There will be a book out on the last Thursday of every month until we get to December, where book 13 will reveal everything. We invite you to join us on this year long journey and try as hard as you can to figure

out... whodunit! There is cursing, violent situations, a bit of gore and murder in almost every book. Enjoy!!
