Kindle Publishing Secrets Revealed James Chen,2014-05-05 Passive income. We all want to make it. And publishing books on Amazon Kindle is a great way to do it. Imagine your books earning money 24 hours a day, 365 days a year on autopilot, leaving you the time to do whatever you desire. Sounds like a wonderful life, right? It can be, and the first step is publishing your book. This book will guide you step by step through the process, from initial research to how to market your book. Don't think you are a very good writer? I will show you how outsource your ideas to other writers who will write the books for you. All you need to do is publish them. And collect the checks. I will also divulge a secret niche which sees extraordinary sales and searches on Amazon. There are very few writers taking advantage of this trick, and those who have are seeing their books in the bestseller lists.

Cracking the Kindle Sales Code: How To Search Engine Optimize Your Book So Amazon Promotes and Recommends it To Everyone Dr. Robert C. Worstell,2016-11-07 Do you know your book will sell, or are you only hoping it does? Successful authors know what most other authors don't. They know that selling books on Amazon is a game, and it runs on code. Successful authors have worked out how to crack that code and write books which are consistent bestsellers. Those books make them an annual 6-figure income in many cases. Most of the rest of Amazon authors run only on hope marketing. They publish a single book and only hope it sells. They never get anywhere near a living income and keep their day job and minimal retirement pensions. They could have real financial freedom from their book royalties. But unsuccessful authors don't know the rules to win the game of publishing. They don't even know most of them. They don't know how to crack the Sales Code that Amazon runs on. The hard work has already been done. Just read it and apply it. All you have to do is to get your copy now.

All-New Kindle Paperwhite Owner's Manual John A. Wilson,2018-12-31 The Kindle Paperwhite has been the best Kindle for most people since 2015 when Amazon last updated it with a screen that was nearly on par with the high-end Voyage and Oasis models at just a fraction of the price. Today, Amazon has updated the Paperwhite again, adding new features that were introduced with the second-generation Oasis, including waterproofing and support for Audible audiobooks in a lighter and thinner package. Nearly every aspect of the new Paperwhite is better. The screen is now flush with the front in a seamless sheet of glass -- just like the now-defunct Voyage offered -- there are more LEDs for the illuminated display, and storage has been doubled on the base model to 8GB, with another model offering 32GB of storage. There's support for Audible audiobooks over a connected pair of Bluetooth headphones or speakers, just like the Oasis. In this book the author has made it simple for anyone with the Kindle Paperwhite to master their device in just an hour. Here is a preview of what you will learn: *Checking out books and purchasing them on the Kindle store *Enhancing your reading experience on your device *How to download and install app on your Paperwhite *Transferring books from computer to your Kindle Paperwhite *The Parental control feature *Kindle cloud reader *Navigating the Paperwhite Home screen *How to transfer books from an android device to your Paperwhite *How to use the Experimental Browser *Goodreads Recommendations *Creating a correction *How to Play audible books *How to remove a book from your Paperwhite *How to delete books from your device *Amazon Household *Troubleshooting common Kindle Paperwhite Problems *Much, much, More! Kindly scroll up and hit the BUY button to have this Paperwhite guide in your Library.
