

Klondike

R Bogdan

Klondike Pierre Berton, 2011-02-11 With the building of the railroad and the settlement of the plains, the North West was opening up. The Klondike stampede was a wild interlude in the epic story of western development, and here are its dramatic tales of hardship, heroism, and villainy. We meet Soapy Smith, dictator of Skagway; Swiftwater Bill Gates, who bathed in champagne; Silent Sam Bonnifield, who lost and won back a hotel in a poker game; and Roddy Connors, who danced away a fortune at a dollar a dance. We meet dance-hall queens, paupers turned millionaires, missionaries and entrepreneurs, and legendary Mounties such as Sam Steele, the Lion of the Yukon. Pierre Berton's riveting account reveals to us the spectacle of the Chilkoot Pass, and the terrors of lesser-known trails through the swamps of British Columbia, across the glaciers of souther Alaska, and up the icy streams of the Mackenzie Mountains. It contrasts the lawless frontier life on the American side of the border to the relative safety of Dawson City. Winner of the Governor General's award for non-fiction, *Klondike* is authentic history and grand entertainment, and a must-read for anyone interested in the Canadian frontier.

Call of the Klondike David Meissner, Kim Richardson, 2016-11-04 Winner of the Golden Kite Award for Nonfiction The remarkable tale of two young men during the Klondike Gold Rush, told through first-hand diaries, letters, and more—"excellent reading" for middle grade fans of *The Call of the Wild* and adventure stories (School

Library Journal) As thousands head north in search of gold, Marshall Bond and Stanley Pearce join them, booking passage on a steamship bound for the Klondike goldfields. The journey is life threatening, but the two friends make it to Dawson City, in Canada, build a cabin, and meet Jack London—all the while searching for the ultimate reward: gold! A riveting, true, action-packed adventure, with their telegrams, diaries, and letters, as well as newspaper articles and photographs. An author's note, timeline, bibliography, and further resources encourage readers to dig deeper into the Gold Rush era.

Klondike Tales Jack London, 2001-03-13 As a young man in the summer of 1897, Jack London joined the Klondike gold rush. From that seminal experience emerged these gripping, inimitable wilderness tales, which have endured as some of London's best and most defining work. With remarkable insight and unflinching realism, London describes the punishing adversity that awaited men in the brutal, frozen expanses of the Yukon, and the extreme tactics these adventurers and travelers adopted to survive. As Van Wyck Brooks observed, "One felt that the stories had been somehow lived—that they were not merely observed—that the author was not telling tales but telling his life." This edition is unique to the Modern Library, featuring twenty-three carefully chosen stories from London's three collected Northland volumes and his later Klondike tales. It also includes two maps of the region, and notes on the text.

Gold Diggers Charlotte Gray, 2011-08-23 Between

1896 and 1899, thousands of people lured by gold braved a grueling journey into the remote wilderness of North America. Within two years, Dawson City, in the Canadian Yukon, grew from a mining camp of four hundred to a raucous town of over thirty thousand people. The stampede to the Klondike was the last great gold rush in history. Scurvy, dysentery, frostbite, and starvation stalked all who dared to be in Dawson. And yet the possibilities attracted people from all walks of life—not only prospectors but also newspapermen, bankers, prostitutes, priests, and lawmen. Gold Diggers follows six stamperders—Bill Haskell, a farm boy who hungered for striking gold; Father Judge, a Jesuit priest who aimed to save souls and lives; Belinda Mulrooney, a twenty-four-year-old who became the richest businesswoman in town; Flora Shaw, a journalist who transformed the town's governance; Sam Steele, the officer who finally established order in the lawless town; and most famously Jack London, who left without gold, but with the stories that would make him a legend. Drawing on letters, memoirs, newspaper articles, and stories, Charlotte Gray delivers an enthralling tale of the gold madness that swept through a continent and changed a landscape and its people forever.

The Klondike Stampede Tappan Adney, 1900

Women of the Klondike Frances Backhouse, 1995
Here are the stories of those fascinatingly diverse women -- entrepreneurs, domestics, nuns, doctors, nurses, and journalists -- who played a critical role in the Klondike gold rush at the turn of the century.

Alaska and the Klondike John Scudder McLain, 1905

The Klondike Cat Julie Lawson, 2004-08 While heading for the Klondike to look for gold, Noah takes his cat, against his father's wishes.

Alaska and the Klondike Angelo Heilprin, 1899

Jack London and the Klondike Franklin Walker, 1966 Biography, with particular attention to the time London spent in the Yukon, and critique of his Yukon writings.

Klondike, 1897

Report on Gold Values in the Klondike High Level Gravels Richard George McConnell, Geological Survey of Canada, 1907

The Gold Fields of the Klondike John William Leonard, 1897

The Nature of Gold Kathryn Taylor Morse, 2003 NEW IN PAPER--In this first environmental history of the gold rush, Kathryn Morse describes how the miners got to the Klondike, the mining technologies they employed, and the complex networks by which they obtained food, clothing, and tools. She looks at the political and economic debates surrounding the valuation of gold and the emerging industrial economy that exploited its extraction in Alaska. The profound economic and cultural transformations that supported the Alaska-Yukon gold rush ultimately reverberate to modern times.--Morse demonstrates the dramatic environmental damage created by the gold rush, but she also helps us understand the very real accommodations that miners had to make if they hoped to survive in these far northern landscapes. . . . She is a superb storyteller with a wry sense of humor, a flair for the quirky detail and the

revealing anecdote, and a keen appreciation for the tragicomic underside of this famous event. -- from the Foreword by William Cronon--This environmental history of a gold rush is as surprising, revealing, and complicated as gold itself.-- I know of nothing quite like this wry and clever book. --Richard White--If you're only allowed one book about the Klondike Gold Rush, I suppose it has to be Jack London.-- But this volume definitely comes next -- a wonderfully compelling account of what it actually felt like to pack up and head to the Yukon.-- Scholars will find it provocative and deep, but all readers will find it absorbing, touching, funny -- a truly revealing window on our national history and our national character. --William McKibben--The Nature of Gold follows environmental history's prescription to examine how people know nature through labor. But this is no myopic study of gold seekers trudging up Chilkoot Pass and then lighting the fires that thawed the frozen earth for mining. Kathryn Morse recognizes how profoundly the economic and political culture of the 1890s shaped the rush for gold in Alaska and the Yukon. And she details the varieties of interconnected human and animal labor that sustained the Klondike rush, from the Native peoples who hauled supplies over the pass, to the woodcutters who provided the fuel for steamboats, to the packhorses and sled dogs who moved goods from place to place, to the local fishers and hunters and distant farmhands and meatpackers who kept the miners and their beasts fed. The Nature of Gold effectively and seamlessly blends both

older and newer environmental history methodologies, and does so in an eminently accessible and compelling prose style.--Susan Lee Johnson, University of Wisconsin-Madison--The Nature of Gold is a tour de force of modern scholarship.-- It takes on special significance because few theoretical analyses of northern settlement, particularly in Alaska, have yet been written, and the Klondike gold rush is one of the first historical events newcomers to the field find themselves drawn to.-- This work will give them just the introduction they need to construct a meaningful understanding of northern history. -- Pacific Northwest Quarterly--Kathryn Morse is associate professor of history at Middlebury College in Vermont.-

Klondike Saga Carl L. Lokke, 1965-01-01 Klondike Saga was first published in 1965. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. This is the story of the Monitor Gold Mining and Trading Company, an organization of sixteen Minnesotans who went to the Canadian Klondike region in the late 1890's to prospect for gold. It is based on diaries and letters written by the men during their venture. Most of the company members were of Scandinavian origin, recent immigrants to America, and a number of the letters were written to Nye Normanden, a Norwegian-language newspaper published in Minneapolis at the time. The leader of the company, Lars Gunderson, was the grandfather of the late Carl L. Lokke, author of

the book. Mr. Lokke, a historian, was chief of the foreign affairs branch of the National Archives at the time of his death in 1960. This is the first book issued under a joint publishing arrangement between the University of Minnesota Press and the Norwegian-American Historical Association. It is Volume 7 in the association's Travel and Description Series. There is a preface by Kenneth O. Bjork, editor of the association, and Senator Ernest Gruening of Alaska writes a foreword.

Stampede Brian Castner, 2021-04-13 A gripping and wholly original account of the epic human tragedy that was the great Klondike Gold Rush of 1897-98. One hundred thousand men and women rushed heedlessly north to make their fortunes; very few did, but many thousands of them died in the attempt. In 1897, the United States was mired in the worst economic depression that the country had yet endured. So when all the newspapers announced gold was to be found in wildly enriching quantities at the Klondike River region of the Yukon, a mob of economically desperate Americans swarmed north. Within weeks tens of thousands of them were embarking from western ports to throw themselves at some of the harshest terrain on the planet--in winter yet--woefully unprepared, with no experience at all in mining or mountaineering. It was a mass delusion that quickly proved deadly: avalanches, shipwrecks, starvation, murder. Upon this stage, author Brian Castner tells a relentlessly driving story of the gold rush through the individual experiences of the iconic characters who endured it. A young Jack London, who would make his fortune but not in gold.

Colonel Samuel Steele, who tried to save the stampeders from themselves. The notorious gangster Soapy Smith, goodtime girls and desperate miners, Skookum Jim, and the hotel entrepreneur Belinda Mulrooney. The unvarnished tale of this mass migration is always striking, revealing the amazing truth of what people will do for a chance to be rich.

Two Years in the Klondike and Alaskan Gold Fields 1896-1898 William Haskell ,2014-01-27 "A thrilling narrative of personal experiences and adventures in the wonderful gold regions of Alaska and the Klondike, with observations of travel and exploration along the Yukon. Portraying the dangers, hardships, and privations of a gold-seeker's life; with a faithful description of life and scenes in gold mines and camps. Including full and authentic information of the countries described, their underground treasures, how to find them, etc." This classic first-hand account contains the following chapters: I. My Boyhood and Early Life—What Led Me to Adopt the Life of a Gold-seeker—Why My Eyes Were Turned Towards Alaska II. Ho For Alaska!—Extent of Our Great Territory—Getting Ready For the Start—Our Outfit and What It Consisted Of III. Choosing a Route—Our Voyage Along the Coast—arrival at Dyea—First Experience With Natives IV. Life on the Trail—Strange Sights and Scenes—Storm Bound in Sheep Camp—a Woman's Adventures and Experiences V. The Dreaded Chilkoot Pass—How We Crossed It—Sliding Down the Mountains at Lightning Speed—"There Comes a Woman" VI. Camp Life in Alaska—We Build a Boat to Continue Our Journey— Adventures With Bears VII. A Dangerous

Voyage—Overturning of Our Boat—Loss of an \$800

◦ Integration		

purchase several of them for educational or professional purposes. By accessing Klondike versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Klondike books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you

can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are

designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Klondike books and manuals, several platforms offer

an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Klondike books and manuals is

Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational

institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides

a vast collection of digitized books and historical documents. In conclusion, Klondike books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access

to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Klondike books and manuals for download and embark on your journey of knowledge?
