The Korean Language Ho-Min Sohn,2001-03-29 This book provides a detailed survey of the Korean language, covering its speakers, genetic affiliation, historical development, dialects, lexicon, writing systems, sound patterns, word structure, and grammatical structure. It is designed to be accessible to a wide readership, and provides a wealth of data in a user-friendly format that does not presuppose an in-depth knowledge of the latest linguistic theories. It will be used by general linguists and Korean linguists who are interested in the typological characteristics of the language from both synchronic and diachronic perspectives, and by undergraduates and graduate students in those disciplines who seek a comprehensive introduction to the linguistics of Korean. Likewise, advanced students of the Korean language and language educators will find it offers valuable insights into lexical, phonological, morphological and syntactic aspects of the language for their purposes.

*The Birth of Korean Cool* Euny Hong,2014-08-05 A FRESH, FUNNY, UP-CLOSE LOOK AT HOW SOUTH KOREA REMADE ITSELF AS THE WORLD'S POP CULTURE POWERHOUSE OF THE TWENTY-FIRST CENTURY By now, everyone in the world knows the song Gangnam Style and Psy, an instantly recognizable star. But the song's international popularity is no passing fad. Gangnam Style is only one tool in South Korea's extraordinarily elaborate and effective strategy to become a major world superpower by first becoming the world's number one pop culture exporter. As a child, Euny Hong moved from America to the Gangnam neighbourhood in Seoul. She was a witness to the most accelerated part of South Korea's economic development, during which time it leapfrogged from third-world military dictatorship to first-world liberal democracy on the cutting edge of global technology. Euny Hong recounts how South Korea vaulted itself into the twenty-first century, becoming a global leader in business, technology, education, and pop culture. Featuring lively, in-depth reporting and numerous interviews with Koreans working in all areas of government and society, *The Birth of Korean Cool* reveals how a really uncool country became cool, and how a nation that once banned miniskirts, long hair on men, and rock 'n' roll could come to mass produce boy bands, soap operas, and the world's most important smart phone.

**My First Book of Korean Words** Kyubyong Park, Henry J. Amen,2012-09-10 My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!

*I Want to Die but I Want to Eat Tteokbokki* Baek Sehee,2022-06-23 \_\_\_\_\_ THE PHENOMENAL KOREAN BESTSELLER TRANSLATED BY INTERNATIONAL BOOKER SHORTLISTEE ANTON HUR 'Will strike a chord with anyone who feels that their public life is at odds with how they really feel inside.' - Red PSYCHIATRIST: So how can I help you? ME: I don't know, I'm - what's the word - depressed? Do I have to go into detail? Baek Sehee is a successful young social media director at a publishing house when she begins seeing a psychiatrist about her - what to call it? - depression? She feels persistently low, anxious, endlessly self-doubting, but also highly judgemental of others. She hides her feelings well at work and with friends; adept at performing the calmness, even ease, her lifestyle demands. The effort is exhausting, overwhelming, and keeps her from forming deep relationships. This can't be normal. But if she's so hopeless, why can she always summon a desire for her favourite street food, the hot, spicy rice cake, tteokbokki? Is this just what life is like? Recording her dialogues with her psychiatrist over a 12-week period, Baek begins to disentangle the feedback loops, knee-jerk reactions and harmful behaviours that keep her locked in a cycle of self-abuse. Part memoir, part self-help book, *I Want to Die but I Want to Eat Tteokbokki* is a book to keep close and to reach for in times of darkness.

**Two Lenses on the Korean Ethos** Keumsil Kim Yoon,Bruce Williams,2015-01-13 A war-torn country only 60 years ago, South Korea has since achieved prodigious growth and global integration, experiencing rapid industrialization and seeing its cultural exports gain international popularity. Because of this rapid transformation, an investigation of the Korean ethos--the shared self-concept woven through the divergent social contexts of both South and North Korea--is challenging. This book provides an introduction to the Korean ethos, detailing its representation in key cultural words and in film. Part I explores definitive concepts (terms) generally regarded as difficult to translate, such as han (regret), jeong (feeling) and deok (virtue), and how they are expressed in Korean cinema. Part II analyzes film narratives based on these concepts via close readings of 13 films, including three from North Korea.

*The Rise of the Korean Economy* Byung-Nak Song,2003 This book by a noted Korean economist is already known for providing a unique insider's view on Korea's impressive economic and industrial growth. The third edition of this standard work is now updated with statistics as recent as 2000 as well as analyses of the Asian Economic Crisis, the restructuring of the Korean Economy, and the major policy measures resulting from changing North-South Korean relations.

*Korean American Families* Johanna Niemann,2003-10-09 Seminar paper from the year 2001 in the subject American Studies - Culture and Applied Geography, grade: 1,3 (A), Humboldt-University of Berlin (Anglistics/American Studies), course: Asian American Literature: Foodways and Cultural Transformation(s), language: English, abstract: "Your life can be different, Young Ju. Study and be strong. In America, women have choices."1 Korean people tend to define women as wives, mothers, caregivers, or just simply as girls, always with regard to their sexual behavior rather to their individuality as a person. For over five hundred years Confucianism has been the mainstream of Korean culture and tradition, setting the social role of Korean women. Koreans still strongly believe in Confucian values, behave, feel, and think in Confucian ways, despite the fact that Koreans, particularly Korean Americans and specifically Korean American women, have experienced new social realities and such social changes as modern socialization, westernisation, Christianization, industrialization, and immigration to the American socio-cultural setting. The major premises for this paper are (1) a view on women in Korea and Confucian values in Korean society. (2) What happens when a traditional immigrant couple arrives in America and that a departure from traditional roles often results in domestic violence. (3) The role of Korean children in Korea and in America. These considerations build the theoretical background for (4) an examination of a Korean American novel of a family experiencing new social realities upon arriving in the United States. The paper will show that the Confucian values are still dominating in Korean American families and that a departure of the traditional family setting is hard or impossible for single family members, especially for the men who see their patriarchal authority over their wife and children erode. The women begin to question the superior position of their husbands and children experience a time of confusion and frustration for their parents often disagree about new ways of raising them. This paper will also show that the problems and examples given in the novel *A Step from heaven* by An Na are typical for Korean American immigrants and that children are again the ones that suffer the most. 1 Na, An: *A Step from heaven*. New York, 2000
