Lavender James Mansfield,2011-07-19 After receiving his discharge from a two year stint in the army during the Korean War, Spencer Corbin moves to southern California, gets a job and spends his free time going to bars and movies. Not long after he arrives he begins having a series of related dreams about a beautiful woman called Lavender. He falls in love with her because she is safe---Spencer has no interest in marriage nor steady girl friend. One Saturday morning two beautiful women, Stefanie and Joanna, who are lesbians, move into a bungalow next to his. Stefanie is a free lance painter. Spencer asks her to paint a portrait of Lavender from his description of her. Soon Spencer falls in love with Stefanie but regards her, as with Lavender, a safe situation because she is in a relationship with Joanna. Ultimately, the relationship between Stefanie and Joanna cools and Stefanie falls in love with Spencer. However, Spencer never becomes aware of that and does not declare his love for her. Stefanie, who has never ever had any feelings for a man, does not declare her love for Spencer because she does not understand those feelings, and because she believes he might eventually dump her as he has done with other women. He has always made it very clear to her that he is not interested in anything smacking of a permanent relationship with a woman. The Lavender dreams continue unabated throughout the novel and after a while even Stefanie begins having Lavender dreams. No matter who dreams them the same three people (Lavender, Stefanie and Spencer) are always in them. Sometimes Spencer finds it difficult to separate his dreams from the real world in which he lives. Toward the end of the novel Spencer turns his wasteful life around and, thanks in large part to his love for Stefanie, pursues and obtains his Ph.D. in History from USC (he had obtained a Masters degree in History prior to his army service). Then he is hired as a professor at USC. This is the happiest time of his life and he finally decides to tell Stefanie that he loves her regardless of how she might take the news. But something intervenes to delay that confession. In the end do the two worlds, that of the dreams and that of the real existence, merge as one, or is one world shed in deference to the other?

Lavender Culture Karla Jay,Allen Young,1994-11 The influence of gays and lesbians on language, literature, theater, poetry, dance, music, and the arts is unmeasurable. In the era before AIDS, gay and lesbian culture had a defining, if unrecognized, influence on American life, an influence that is only now being acknowledged. This reissue of the classic anthology, *Lavender Culture*, serves as a provocative, dynamic, and wide-ranging reminder of American gay and lesbian culture in the days before the status of gay people received widespread attention in the media, religion,

and politics, before Newsweek saw it fit to feature a cover story on LESBIANS, and before gays and lesbians took center stage in America's cultural landscape. Here we find the young, assertive voices of such activists, authors, and artists as Rita Mae Brown, Barbara Grier, John Stoltenberg, Julia Penelope, Andrea Dworkin, Andrew Kopkind, Jane Rule, Arthur Bell, Charlotte Bunche, and dozens more. Including essays on such diverse subjects as gay bath houses, the gay male image in classical ballet, images of gays in rock music, Judy Garland, lesbian humor, sports and machismo, the growing business of women's music, and the Cleveland bar scene in the 1940s, *Lavender Culture*, with new introductory essays by the editors and Cindy Patton, offers a panoply of gay and lesbian life, tracing the current influence and visibility of gay and lesbian culture back to its origins.
