Win Me Something Kyle Lucia Wu,2021-11-02 A NPR, Electric Lit, and Entropy Best Book of the Year A Washington Post, Shondaland, NPR Books, Parade, Lit Hub, PureWow, Harper's Bazaar, PopSugar, NYLON, Alta, Ms. Magazine, Debutiful and Good Housekeeping Best Book of Fall A perceptive and powerful debut of identity and belonging—of a young woman determined to be seen. Willa Chen has never quite fit in. Growing up as a biracial Chinese American girl in New Jersey, Willa felt both hypervisible and unseen, too Asian to fit in at her mostly white school, and too white to speak to the few Asian kids around. After her parents' early divorce, they both remarried and started new families, and Willa grew up feeling outside of their new lives, too. For years, Willa does her best to stifle her feelings of loneliness, drifting through high school and then college as she tries to quiet the unease inside her. But when she begins working for the Adriens—a wealthy white family in Tribeca—as a nanny for their daughter, Bijou, Willa is confronted with all of the things she never had. As she draws closer to the family and eventually moves in with them, Willa finds herself questioning who she is, and revisiting a childhood where she never felt fully at home. Self-examining and fraught with the emotions of a family who fails and loves in equal measure, Win Me Something is a nuanced coming-of-age debut about the irreparable fissures between people, and a young woman who asks what it really means to belong, and how she might begin to define her own life.

For the Love of Letters John O'Connell,2013-01-01 Remember letters? They were good, weren't they? The thrill of receiving that battered envelope, all the better for the wait . . . In this richly entertaining book, paper geek John O'Connell puts forward a passionate case for the value of letter-writing in a distracted, technology-obsessed world. Drawing on great examples from the past, he shows that the best letters have much to teach us – Samuel Richardson's 'familiar letters'; Wilfred Owen's outpourings to his mother; the sly observational charms of Jane Austen. And in doing so he reminds us of the kind of letters we would all write if we had the time – the perfect thank-you letter, a truly empathetic condolence letter, and of course the heartfelt declaration of love. Was there a Golden Age of Letters? Why is handwriting so important? Can we ever regain the hallowed slowness of the pre-Twitter era? In answering these questions O'Connell shows how a proper letter is an object to be cherished, its crafting an act of exposure which gives shape and meaning to the chaos of life. *** 'The nib touches the paper. And instinctively I follow the old formula: address in top right-hand corner; date just beneath it on the left-hand side. My writing looks weird. I hand-write so infrequently these days that I've developed a graphic stammer - my brain's way of registering its impatience and bemusement. What are you doing? Just send an email! I haven't got all night . . .'

British and American Letter Manuals, 1680-1810, Volume 4 Eve Tavor Bannet,2017-09-29 During the 18th century, letter manuals became the most popular form of conduct literature. They were marketed to and used by a wide spectrum of society, from maidservants and apprentices, through military officers and merchants, to gentlemen, parents and children. This work presents the most influential manuals from both sides of the Atlantic.

Epistolary Spaces James S. How,2003 The author argues that the world of letter writing has not disappeared in the wake of the cyberspace revolution and that there is great value in reading letters as literary devices.

Her Letter, His Answer & Her Last Letter Bret Harte,2019-12-06 Her Letter, His Answer & Her Last Letter by Bret Harte Bret Harte was an American short story writer and poet best remembered for short fiction featuring miners, gamblers, and other romantic figures of the California Gold Rush. This tale takes a more eloquent and experimental route and is told in the form of three letters, written as poems. Love, longing, and loss are all portrayed in just a few words that became instant favorites.

To the Letter Simon Garfield,2013-10 'To the Letter' tells the story of our remarkable journey through the mail. From Roman wood chips discovered near Hadrian's Wall to the wonders and terrors of email, Simon Garfield explores how we have written to each other over the centuries and what our letters reveal about our lives. Along the way he delves into the great correspondences of our time, from Cicero and Petrarch to Jane Austen and Ted Hughes, and traces the very particular advice offered by bestselling letter-writing manuals. He uncovers a host of engaging stories, including the tricky history of the opening greeting.

A Letter to My Mother Charmaine Sheeler,2013-02-15 Regardless of the circumstances of each individual's life, every life begins with a mother. Throughout your life, you may have many different relationships with your mother—or perhaps you may have none at all. For the most part, it's safe to say that all of us have questions or perhaps just something important we'd like to say to our mothers. In A Letter to My Mother: Letters from Daughters Full of Love, Hope, Despair, Regret, and Forgiveness, women from various backgrounds and regions of the United States each write deep, heartfelt letters to their mothers. Each letter is a real, personal

attempt at resolution between the roles of mother and daughter. In this collection of heart-to-heart communications—meant to inspire the reader to address his or her own unspoken words—the authors raise a number of points, issues, and praise with respect to their relationships with their mothers. From positive friendships to bitter abandonment, each woman bares her heart completely in her own letter to her mother.

Letters and Communities Paola Ceccarelli,Lutz Doering,Thorsten Fögen,Ingo Gildenhard,2018-08-16 The writing of letters often evokes associations of a single author and a single addressee, who share in the exchange of intimate thoughts across distances of space and time. This model underwrites such iconic notions as the letter representing an 'image of the soul of the author' or constituting 'one half of a dialogue'. However justified this conception of letter-writing may be in particular instances, it tends to marginalize a range of issues that were central to epistolary communication in the ancient world and have yet to receive sustained and systematic investigation. In particular, it overlooks the fact that letters frequently presuppose and were designed to reinforce communities-or, indeed, to constitute them in the first place. This volume explores the interrelation of letters and communities in the ancient world, examining how epistolary communication aided in the construction and cultivation of group-identities and communities, whether social, political, religious, ethnic, or philosophical. A theoretically informed Introduction establishes the interface of epistolary discourse and group formation as a vital but hitherto neglected area of research, and is followed by thirteen case studies offering multi-disciplinary perspectives from four key cultural configurations: Greece, Rome, Judaism, and Christianity. The first part opens the volume with two chapters on the theory and practice of epistolary communication that focus on ancient epistolary theory and the unavoidable presence of a letter-carrier who introduces a communal aspect into any correspondence, while the second comprises five chapters that explore configurations of power and epistolary communication in the Greek and Roman worlds, from the archaic period to the end of the Hellenistic age. Five chapters on letters and communities in Ancient Judaism and Early Christianity follow in the third, part before the volume concludes with an envoi examining the trans-historical, or indeed timeless, philosophical community Seneca the Younger construes in his Letters to Lucilius.
