Betrayal Aaron Allston, 2006 Jacen Solo and Ben Skywalker are ambushed and uncover evidence that a rebellion is brewing.

Tempest: Star Wars Legends (Legacy of the Force) Troy Denning, 2008-04-29 Forty years after the Battle of Yavin a dangerous new era in the Star Wars epic begins— the revelations are shocking, the stakes desperate, and the enemy everywhere. As civil war threatens the unity of the Galactic Alliance, Han and Leia Solo have enraged their families and the Jedi by joining the Corellian insurgents. But the Solos draw the line when they discover the rebels' plot to make the Hapan Consortium an ally— which rests upon Hapan nobles murdering their pro-Alliance queen and her daughter. Yet the Solos' selfless determination to save the queen cannot dispel the inescapable consequences of their actions, that will pit mother against son and brother against sister in the battles ahead. For as Jacen Solo's dark powers grow stronger under the Dark Jedi Lumiya, and his influence over Ben Skywalker becomes more insidious, Luke's concern for his nephew forces him into a life-and-death struggle against his fiercest foe, and Han and Leia Solo find themselves at the mercy of their deadliest enemy . . . their son. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Bloodlines: Star Wars Legends (Legacy of the Force) Karen Traviss, 2008-04-29 A new era of exciting adventures and shocking revelations continues to unfold, as the legendary Star Wars saga sweeps forward into astonishing new territory. Civil war looms as the fledgling Galactic Alliance confronts a growing number of rebellious worlds—and the approaching war is tearing the Skywalker and Solo families apart. Han and Leia return to Han's homeworld, Corellia, the heart of the resistance. Their children, Jacen and Jaina, are soldiers in the Galactic Alliance's campaign to crush the insurgents. Jacen, now a complete master of the Force, has his own plans to bring order to the galaxy. Guided by his Sith mentor, Lumiya, and with Luke's young son Ben at his side, Jacen embarks on the same path that his grandfather Darth Vader once did. And while Han and Leia watch their only son become a stranger, a secret assassin entangles the couple with a dreaded name from Han's past: Boba Fett. In the new galactic order, friends and enemies are no longer what they seem. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Sacrifice Karen Traviss, 2007 As Jacen Solo continues his rise to power, he grows increasingly like his grandfather, Darth Vader, and his evil Sith mentor, Emperor Palpatine, until he is forced to make a horrifying choice that will change his own life and those of the Skywalker and Solo families.

Betrayal: Star Wars Legends (Legacy of the Force) Aaron Allston, 2008-04-29 This is the era of Luke Skywalker's legacy: the Jedi Master has unified the order into a cohesive group of powerful Jedi Knights. But as the new era begins, planetary interests threaten to disrupt this time of relative peace, and Luke is plagued with visions of an approaching darkness. Evil is rising again—out of the best intentions—and it looks as if the legacy of the Skywalkers may come full circle. Honor and duty will collide with friendship and blood ties as the Skywalker and Solo clans find themselves on opposing sides of an explosive conflict with potentially devastating repercussions for both families, for the Jedi order, and for the entire galaxy. When a mission to uncover an illegal missile factory on the planet Adumar ends in a violent ambush—from which Jedi Knight Jacen Solo and his protégé and cousin, Ben Skywalker, narrowly escape with their lives—it's the most alarming evidence yet that sparks of political unrest are threatening to ignite into total rebellion. The governments of numerous worlds are chafing under the strict regulations of the Galactic Alliance, and diplomatic efforts to enforce compliance are failing. Fearing the worst, the Alliance readies a preemptive display of military might in a bid to bring the rogue worlds in line before an uprising erupts. The designated target of this exercise: planet Corellia—renowned for the brash independence and renegade spirit that have made its favorite son, Han Solo, a legend. Something of a rogue himself, Jacen is nevertheless duty bound as a Jedi to stand with his uncle, Jedi Master Luke Skywalker, on the

side of the Galactic Alliance. But when the wary Corellians launch a counterstrike, the Alliance's show of force—and a secret mission to disable Corellia's crucial Centerpoint Station—give way to an armed skirmish. Once the smoke clears, the battle lines are drawn. Now the specter of full-scale war looms between a growing cadre of defiant planets and the Galactic Alliance that some fear is becoming a new Empire. And even as both sides struggle to find a diplomatic solution, mysterious acts of treachery and sabotage threaten peace efforts at every turn. Determined to root out those behind the mayhem, Jacen follows a trail of cryptic clues to a dark rendezvous with the most shocking of revelations . . . while Luke grapples with something even more troubling: dream visions of a shadowy figure whose Force power and ruthlessness remind him of Darth Vader—a lethal enemy who strikes like a dark spirit on a mission of doom. An agent of evil who, if Luke's visions come to pass, will bring untold pain to the Jedi Master . . . and to the entire galaxy. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Sacrifice: Star Wars Legends (Legacy of the Force) Karen Traviss, 2008-04-29 Civil war rages as the Galactic Alliance—led by Cal Omas and the Jedi forces of Luke Skywalker—battles a confederation of breakaway planets that rally to the side of rebellious Corellia. Suspected of involvement in an assassination plot against Queen Mother Tenel Ka of the Hapes Consortium, Han and Leia Solo are on the run, hunted by none other than their own son, Jacen, whose increasingly authoritarian tactics as head of GA security have led Luke and Mara Skywalker to fear that their nephew may be treading perilously close to the dark side. But as his family sees in Jacen the chilling legacy of his Sith grandfather, Darth Vader, many of the frontline troops adore him, and countless citizens see him as a savior. The galaxy has been torn apart by too many wars. All Jacen wants is safety and stability for all—and he's prepared to do whatever it takes to achieve that goal. To end the bloodshed and suffering, what sacrifice would be too great? That is the question tormenting Jacen. Already he has sacrificed much, embracing the pitiless teachings of Lumiya, the Dark Lady of the Sith, who has taught him that a strong will and noble purpose can hold the evil excesses of the dark side at bay, bringing peace and order to the galaxy—but at a price. For there is one final test that Jacen must pass before he can gain the awesome power of a true Sith Lord: He must bring about the death of someone he values dearly. What troubles Jacen isn't whether he has the strength to commit murder. He has steeled himself for that, and worse if necessary. No, the question that troubles Jacen is who the sacrifice should be. As the strands of destiny draw ever more tightly together in a galaxy-spanning web, the shocking answer will shatter two families . . . and cast a grim shadow over the future. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Exile: Star Wars Legends (Legacy of the Force) Aaron Allston, 2008-04-29 In the Star Wars galaxy, evil is on the move as the Galactic Alliance and Jedi order battle forces seen and unseen, from rampant internal treachery to the nightmare of all-out war. With each victory against the Corellian rebels, Jacen Solo becomes more admired, more powerful, and more certain of achieving galactic peace. But that peace may come with a price. Despite strained relationships caused by opposing sympathies in the war, Han and Leia Solo and Luke and Mara Skywalker remain united by one frightening suspicion: Someone insidious is manipulating this war, and if he or she isn't stopped, all efforts at reconciliation may be for naught. And as sinister

visions lead Luke to believe that the source of the evil is none other than Lumiya, Dark Lady of the Sith, the greatest peril revolves around Jacen himself. . . .
