The Mall Richie Tankersley Cusick,2011-10-04 There's a stalker on the loose at the mall—and there's no safe place to hide Working at the mall is supposed to be fun. Trish's job at Muffin-Mania is hardly intellectually challenging and her boss is a piece of work, but it's worth it to have a job in the same building as her two best friends, the Hanson twins. And the hot guys who hang out there are an added bonus. But something isn't right about this mall. It's the oldest mall in the state, remodeled over a dozen times without rhyme or reason, and there are many strange nooks and secret passages behind the bright gleaming storefronts. Someone has been stealing housewares, furniture, and food, and now a mysterious man with ash-gray hair and a whisper-soft voice has started harassing Trish on the phone. He knows her secrets, and he has dark plans for her. This ebook features an illustrated biography of Richie Tankersley Cusick including rare photos and never-before-seen documents from the author's personal collection.

Shopping Mall Matthew Newton,2017-09-07 Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. The mall near Mat thew Newton's childhood home in Pittsburgh, Pennsylvania, was one of the state's first enclosed shopping malls. Like all malls in their heyday, this one was a climate-controlled pleasuredome where strangers converged. It boasted waterfalls, fish ponds, an indoor ice skating rink larger than Rockefeller Center's, and a monolithic clock tower illuminated year-round beneath a canopy of interconnected skylights. It also became the backdrop for

filmmaker George A. Romero's zombie opus *Dawn of the Dead*. Part memoir and part case study, *Shopping Mall* examines the modern mythology of the mall and shows that, more than a collection of stores, it is a place of curiosity, ritual, and fantasy. *Object Lessons* is published in partnership with an essay series in *The Atlantic*.

Mall Eric J. McConnell, 2021-09-20 This shopping trip is endless. During a quick trip to his local shopping mall to get his phone fixed, Luke Chesterfield is thrust into chaos when a nuclear bomb is detonated over his hometown. Thanks to Cold War era defenses, Luke and a handful of shoppers survive the ordeal but are trapped inside the mall, isolated with only the resources available within the various retailers to navigate their new existence. Jack Jay, a handsome and confident electronics store technician, catches Luke's eye, but their budding attraction is put on hold when Luke unearths a conspiracy among the mall's higher-ups to pick off those who remain trapped inside. Luke, Jack, and a ragtag team of other survivors, including a department store cashier with a proclivity for weaponry, band together to uncover the secrets and eliminate the threat. But the clock is ticking...and not everyone in their newfound group of friends will survive.

The Last Mall Rat Erik E. Esckilsen, 2005-09 Mitch proposes a way for beleaguered mall workers to combat the endless humiliation they suffer at the feet of their customers, and recruits his friends to staff the bold new venture. Demand for their services skyrockets, and words like gang, Mall Mafia, and even terrorist start to fly.

Beware the Mall Stalker Louis Newcomb, 2001-10 Shopping malls, or fashion malls, are where most people prefer to do their shopping. Promenades by another name, they offer a one-stop marketplace to satisfy most buyers. A mall also provides shoppers with an indoor covered atmosphere, an air-conditioned shelter and safe haven where one can spend an entire day leisurely browsing from store to store before indulging in one of the many food outlets available. Some malls also offer various attractions and amenities aside from the usual shops. Conversely a mall is also an area where the less desirables may wander about for lack of anywhere else to prowl. They are there not to shop, at least for merchandise per se, but to observe and stare at the attractive faces parading around. Malls are filled with girls and women of all ages, innocently going about their business unaware that perhaps someone is being more than merely gawked at. Perhaps some creep may be lurking, watching and waiting until his chosen one appears. And when she does, that same foreboding, diabolical fiend may choose to follow the alluring prey, one particular shopper who is preparing to exit the mall and return to her vehicle and then, just maybe, her worst nightmare occurs...

Northland Mall Gerald E. Naftaly, 2016 Revisit your favorite stores and memories of innovative Northland Mall in Michigan, once heralded as the future of shopping. When the Northland Mall opened in Michigan on March 22, 1954, it was the world's largest shopping center. Its innovative design was the

vision of architect Victor Gruen and the Webbers, nephews of Joseph Lowthian Hudson and executives of the J.L. Hudson Company. Northland featured Hudson's flagship suburban store surrounded by other businesses selling a variety of merchandise and services. More than just a shopping destination, Northland Mall was a total experience of activity and relaxation, with colorful courtyards displaying sculptures such as the famous The Boy and Bear.

The Mall Megan McCafferty, 2020-07-28 New York Times bestselling author Megan McCafferty returns to her roots with this YA coming of age story set in a New Jersey mall. The year is 1991. Scrunchies, mixtapes and 90210 are, like, totally fresh. Cassie Worthy is psyched to spend the summer after graduation working at the Parkway Center Mall. In six weeks, she and her boyfriend head off to college in NYC to fulfill The Plan: higher education and happily ever after. But you know what they say about the best laid plans... Set entirely in a classic “monument to consumerism,” the novel follows Cassie as she finds friendship, love, and ultimately herself, in the most unexpected of places. Megan McCafferty, beloved New York Times bestselling author of the Jessica Darling series, takes readers on an epic trip back in time to The Mall.

Tales from the Mall Ewan Morrison, 2012 Fashion. Food Courts. Lingerie. Fire Bombing. Suicide. Free Parking. Welcome to the Mall. Why would one woman threaten to kill another for a pair of discounted shoes? Why are cross-dressers drawn to mall car parks? What do impulse buys have to do with rioting? And why are market research companies hiding the truth from us? From one of the UK's most acclaimed literary and media talents, *Tales From The Mall*, is a mash-up of fiction, essays and true stories, that tells the rise of the most iconic symbol of our modern age the shopping mall. From over a hundred interviews and confessions, Morrison re-tells the true-life tales of those who work, shop and even find love inside their walls. With wry wit, insight and compassion, Morrison uncovers the secrets of retail heaven and hell, to reveal how malls manipulate our emotions in cleverly calculated ways, how they are an ideal space to meet a new lover or to kill yourself and how they are taking over the world. A startling window on our time, to make you think, fear and laugh. Retail will never be therapy again.

Mall City Stefan Al,2016-07-01 Hong Kong is the twenty-first-century paradigmatic capital of consumerism. Of all places, it has the densest and tallest concentration of malls, reaching tens of stories. Hong Kong's malls are also the most visited, sandwiched between subways and skyscrapers. These mall complexes have become cities in and of themselves, accommodating tens of thousands of people who live, work, and play within a single structure. *Mall City* features Hong Kong as a unique rendering of an advanced consumer society. Retail space has come a long way since the nineteenth-century covered passages of Paris, which once awed the bourgeoisie with glass roofs and gaslights. It has morphed from the arcade to the department store, and from the mall into the "mall city"—where "expresscalators" crisscross mesmerizing atriums. Highlighting the effects of this development in Hong Kong, this book raises questions about architecture, city planning, culture, and urban life. "At the nexus of density, humidity, topography, and prosperity, Hong Kong has spawned more malls per square mile than any place on earth. This fantastic book decodes and graphically depicts an environment both apart and ubiquitous, a convulsive form of public space in a liquid territory where intensely contested politics, commerce, and sociability

weirdly merge in a city like no other.” —Michael Sorkin, distinguished professor of architecture of the City University of New York “Hong Kong may be packed with the most shopping malls per square kilometer in the world, but Mall City is packed with the most drawings, information, and fascinating mall facts. The book dissects, categorizes, and displays all kinds of intriguing data on the city-state’s shopping complexes and culture. Its richly layered analysis perfectly matches Hong Kong’s multi-story machines for consumption.” —Clifford Pearson, director of USC American Academy in China “Stefan Al has again produced a book that provides a sharp lens on radically new urban forms that are emerging in China. While his previous books, *Villages in the City* and *Factory Towns of South China* introduced the site of production and housing for the migrant labor of the Pearl River Delta, here we enter the phantasmagoria of the enormous interconnected free-trade shopping zone of the Hong Kong Special Administrative Region. Mall City dissects the basic unit of this climate-controlled consumer landscape—the mall. This beautifully illustrated book is a must-read for those who wish to understand the future of public space in high-density cities.” —Brian McGrath, professor of urban design and dean of constructed environments, Parsons School of Design

The National Mall Lisa Benton-Short, 2016-08-12 The National Mall in Washington, D.C. is one of the most important and highly visible urban public spaces in the U.S. It is considered by many Americans to be “the nation’s front yard.” Yet few have written about the role of this public space in the twenty-first century. In *The National Mall*, Lisa Benton-Short explores the critical issues that are redefining and reshaping this extraordinary public space. Her work focuses on three contemporary and interrelated debates about public space: the management challenges faced by federal authorities, increased demands for

access and security post 9/11, and the role of the public in the Mall's long-term planning and development plans. By taking a holistic view of the National Mall and analyzing the unique twenty-first century challenges it faces, Lisa Benton-Short provides a fluid, cohesive, and timely narrative that is as extraordinary as the Mall itself.
