

Marijuana

Karen T. Van Gundy, Michael S. Staunton

Marijuana Kevin P Hill, 2015-03-31 The leading clinical expert on marijuana sifts through the myths about the drug to deliver an unbiased, comprehensive guide backed by scientific facts to give you the information you need to make informed decisions about marijuana. Marijuana--or weed, pot, grass, MJ, Mary Jane, reefer, cannabis, or hemp among dozens of other names--has a long, colorful history dating back more than 2,000 years as the one of the most sought-after mood-altering substances in the world. Societal opinion about the drug has dramatically swayed over the years, from viewing it as a grave danger to society in the 1930s film *Reefer Madness*, to a harmless recreational high in the '60s, to an addictive substance and gateway to such "hard" drugs as heroin today. The myths and misinformation about marijuana have only multiplied over the years as the controversy over legalization and medical marijuana grows. A nationally recognized clinical expert and leading researcher on marijuana, Kevin P. Hill provides a comprehensive guide to understanding the drug in *Marijuana: Cutting through the Myths about the World's Most Popular Weed*. Through research-based historical, scientific, and medical information, Hill will help you sort through what you hear on the streets and in the media and cut straight to the facts. Whether you're a parent concerned about your child's use, someone with an illness considering medical marijuana as a treatment option, a user who has questions about its effect on your health, or if you're just trying to make up your mind about legalization, this book will give you the most current and unbiased information you need to make informed decisions about marijuana.

The Facts about Marijuana Ted Gottfried, 2005 Presents the history, physical properties and physiological effects of marijuana, trends and attitudes about the use of marijuana among teens, information about dependency, and legal ramifications of marijuana use.

The Little Black Book of Marijuana Elliott Steve, 2011-06-26 This concise guide to cannabis delves into pot culture and history, from Herodotus To The hippies and beyond. It also covers the essentials of using, cultivating, and cooking with weed; identifying pot varieties; and understanding legal and health issues. Handy and To The point, *The Little Black Book of Marijuana* gives you the dope on pot, from possible side effects and risks to medical uses and their efficacy. Learn about cannabis history And The issues around its legalization. Includes full-color photos of marijuana varieties.

Marijuana Legalization Jonathan Paul Caulkins, Beau Kilmer, Mark Kleiman, 2016 *Marijuana Legalization: What Everyone Needs to Know* provides readers with a non-partisan primer covering everything from the risks and benefits of using marijuana to what is happening with marijuana laws around the world. This book serves as the price of admission for any serious discussion about marijuana legalization.

Marijuana As Medicine? Institute of Medicine, Janet Joy, Alison Mack, 2000-12-30 Some people suffer from chronic, debilitating disorders for which no conventional treatment brings relief. Can marijuana ease their symptoms? Would it be breaking the law to turn to marijuana as a medication? There are few sources of objective, scientifically sound advice for people in this situation. Most books about marijuana and medicine attempt to promote the views of advocates or opponents. To fill the gap between these extremes, authors Alison Mack and Janet Joy have extracted critical findings from a recent Institute of Medicine study on this important issue, interpreting them for a general audience. *Marijuana As Medicine?* provides patients—as well as the people who care for them—with a foundation for making decisions about their own health care. This empowering volume examines several key points, including: Whether marijuana can relieve a variety of symptoms, including pain, muscle spasticity, nausea, and appetite loss. The dangers of smoking marijuana, as well as the effects of its active chemical components on the immune system and on psychological health. The potential use of marijuana-based medications on symptoms of AIDS, cancer, multiple sclerosis, and several other specific disorders, in comparison with existing treatments. *Marijuana As Medicine?* introduces readers to the active compounds in marijuana. These include the principal ingredient in Marinol, a legal medication. The authors also discuss the prospects for developing other drugs derived from marijuana's active ingredients. In addition to providing an up-to-date review of the

science behind the medical marijuana debate, Mack and Joy also answer common questions about the legal status of marijuana, explaining the conflict between state and federal law regarding its medical use. Intended primarily as an aid to patients and caregivers, this book objectively presents critical information so that it can be used to make responsible health care decisions. *Marijuana As Medicine?* will also be a valuable resource for policymakers, health care providers, patient counselors, medical faculty and students—in short, anyone who wants to learn more about this important issue.

The African Roots of Marijuana Chris S. Duvall, 2019-05-09 After arriving from South Asia approximately a thousand years ago, cannabis quickly spread throughout the African continent. European accounts of cannabis in Africa—often fictionalized and reliant upon racial stereotypes—shaped widespread myths about the plant and were used to depict the continent as a cultural backwater and Africans as predisposed to drug use. These myths continue to influence contemporary thinking about cannabis. In *The African Roots of Marijuana*, Chris S. Duvall corrects common misconceptions while providing an authoritative history of cannabis as it flowed into, throughout, and out of Africa. Duvall shows how preexisting smoking cultures in Africa transformed the plant into a fast-acting and easily dosed drug and how it later became linked with global capitalism and the slave trade. People often used cannabis to cope with oppressive working conditions under colonialism, as a recreational drug, and in religious and political movements. This expansive look at Africa's importance to the development of human knowledge about marijuana will challenge everything readers thought they knew about one of the world's most ubiquitous plants.

Legalizing Marijuana Kayla Morgan, 2010-08 This title gives readers a balanced look at the arguments surrounding marijuana legalization. Readers will learn the history of marijuana, the medical use of the drug, and its health risks. Also covered are the key players in the legalization debate and the progress of legalizing marijuana in California. Color photos and informative sidebars accompany easy-to-follow text. Features include a table of contents, timeline, facts, additional resources, web sites, a glossary, a bibliography, and an index. *Essential Viewpoints* is a series in *Essential Library*, an imprint of ABDO Publishing Company.

Weed Land Peter Hecht, 2014-05-02 Early in the morning of September 5, 2002, camouflaged and heavily armed Drug Enforcement Administration agents descended on a terraced marijuana garden. The DEA raid on the Wo/Men's Alliance for Medical Marijuana, a sanctuary for severely ill patients who were using marijuana as medicine, is the riveting opening scene in *Weed Land*, an up-close journalistic narrative that chronicles a transformative epoch for marijuana in America. From the 1996 passage of California's Proposition 215, the nation's first medical marijuana law, through law enforcement raids, clinical studies that revealed medical benefits for cannabis, and the emergence of a lucrative cannabis industry, *Weed Land* reveals the changing political, legal, economic, and social dynamics around pot. Peter Hecht, an award-winning journalist from *The Sacramento Bee*, offers an independent, meticulously reported account of the clashes and contradictions of a burgeoning California cannabis culture that stoked pot liberalization across the country.

Pot, Inc. Greg Campbell, 2012-04-03 Greg Campbell, coauthor of the bestselling *Flawless and Blood Diamonds*, presents a compelling, close-up investigation of a hot-button topic: America's schizophrenic attitude to the legalization of pot. Campbell, a suburban father whose biggest vice is a cold beer, seems like the last person who would grow weed in his basement. But his attitude changed in 2009, when his home state of Colorado led the nation in mainstreaming medical marijuana. Watching with fascination as above-board and financially thriving dispensaries popped up everywhere, Campbell wondered, "Why not me?" *Pot, Inc.* chronicles Greg's journey into DIY ganjapreneurialism, as he learns how to cultivate marijuana, examines America's often unduly harsh laws, and unearths ignorance about pot's centuries-old therapeutic value—ignorance the government is desperate to maintain. Along the way, he also gains a very personal insight into the drug's medicinal value that shapes his opinion about legalization.

Weedopedia Adams Media, 2020-01-21 Discover everything you've ever wanted to know about

marijuana all in one place with this authoritative A-to-Z guide to cannabis! What's a wake and bake? Who is Mitch Hedberg? What does Louisa May Alcott have to do with cannabis? And what exactly is the difference between a bong and a bubbler? Now you can "weed" all about it and find all the answers and more with this entertaining and updated edition of Weedopedia, your guide to everything marijuana—from the best movies to watch while high to cannabis slang and terminology. Whether you're interested in learning more about all things marijuana, or if you want something entertaining to read while enjoying a toké, this book is the one-stop-shop for all your weed-related needs.

Marijuana in America James Hawdon, Bryan Lee Miller, Matthew Costello, 2022-03-29 This A-Z encyclopedia provides a broad and evenhanded overview of America's complex relationship with marijuana, examining political, recreational, cultural, medical, and economic aspects of marijuana use both historically and in the present day. Marijuana in America is an accessible and comprehensive exploration of the many changes in medical, legal, and cultural issues surrounding cannabis in the United States. This multidisciplinary volume features contributions from several different fields to explain all facets of marijuana, including its chemical composition, evolving depictions in popular culture, and historical, legal, and social settings in which marijuana use occurs. A mix of coverage provides readers with a full and accurate understanding of the spectrum of issues and controversies swirling around marijuana today, including: the changing legal landscape pertaining to the sale, possession, and use of marijuana, both at the state and federal levels; the factual basis for arguments for and against so-called medical marijuana; claims that marijuana is a gateway drug to harder drugs; changing cultural attitudes about marijuana and potheads; economic arguments for and against marijuana legalization; and the impact of marijuana on families, communities, the economy, and the criminal justice system.

Weed: The User's Guide David Schmader, 2016-04-05 This well-baked and hilarious guide to the brave new world of marijuana is "required reading for longtime potheads and new users alike (Dan Savage)". "This fun and insightful book is the perfect owner's manual." —Rick Steves The United States is in the midst of a weed renaissance. Recreational marijuana is greenlit in a growing number of states, with medical marijuana legal in many more. The Stranger writer and performer David Schmader is your witty and well-baked tour guide to this brave new world of legal marijuana. Here, you'll learn: • Which presidents were potheads • Hemp vs. cannabis • Dealing with dealers • What is the difference between a blunt and a spliff • How to make an apple into a pipe • How to clean a bong • How to make the world's best pot brownies • What to do if you are high and you don't like it • How to maximize your high with food (chilled grapes and a cheese platter, or \$10 worth of whatever you want from 7-Eleven), entertainment (from abstract expressionism to buddy comedies) and nature (dog parks are a stoner's paradise). Packed with history, ways to enjoy, recipes, safety and legality tips, and medical-use information, this little manual is the perfect addition to your stash!

Smokescreen Kevin A. Sabet, 2021-04-20 From the leading authority on marijuana—a man who has served as White House advisor on drugs to three different administrations and who NBC News once called "the prodigy of drug politics—comes the remarkable and shocking exposé about how 21st century pot, today's new and highly potent form of the drug, is on the rise, spreading rapidly across America by an industry intent on putting rising profits over public health. Smokescreen: What the Marijuana Industry Doesn't Want You to Know examines the inside story behind the headlines, containing accounts from Sabet's time in the Obama administration to stunning revelations from whistleblowers speaking out for the first time. What it finds is how the marijuana industry is running rampant without proper oversight, leaving Americans' health seriously at risk. Included are interviews with industry insiders who reveal the hidden dangers of a product they had once worshipped. Also contained in these pages are insights from a major underground-market dealer who admits that legalization is hastening the growth of the illicit drug trade. And more to the heart of the issue are the tragic stories of those who have suffered and died as a result of marijuana use, and in many cases, as a result of its mischaracterization. Readers will learn how power brokers worked behind the scenes to market marijuana as a miracle plant in order to help it gain widespread

acceptance and to set the stage for the lucrative expansion of recreational pot. The author of this compelling first-person narrative leading the national fight against the legalization of cannabis through his nonprofit, Smart Approaches to Marijuana (aka SAM) is Kevin Sabet. As a policy advisor to everyone from county health commissioners to Pope Francis, and a frequent public speaker on television, radio and through other media outlets, his analysis is consistently relied upon by those who recognize what's at stake as marijuana lobbyists downplay the risks of massive commercialization. A book several years in the making, filled with vivid characters and informed by hundreds of interviews and scores of confidential documents, Sabet's *Smokescreen* lays bare the unvarnished truth about marijuana in America.

Marijuana The New York Times Editorial Staff,2018-12-15 Today's headlines shine light on the growing trend toward the legalization of marijuana, a psychoactive drug derived from the cannabis plant whose use cuts across diverse classes of people. In this compilation of articles, readers encounter a journalistic history of cannabis use. Successive phases of fear (often coupled with racist attitudes toward Mexicans and Latinos) and embrace (by hippies, U.S. soldiers in Vietnam, and other segments of the counterculture) have often clouded sound judgment about the benefits and risks of the drug. These articles explore every facet of these diverse approaches, highlighting an array of medical, economic, and social perspectives on marijuana and those who use it.

Marijuana Medical Handbook Dale Gieringer,Ed Rosenthal,2008-11-01 An estimated 40 million Americans have medical symptoms that marijuana can relieve. *Marijuana Medical Handbook* is a one-stop resource that gives candid, objective advice on using marijuana for healing, understanding its effects on the body, safe administration, targeting illnesses, side effects, and the various delivery methods from edibles and tinctures to smokeless vaporizer pipes. The book also details supply issues, cultivation solutions (in a chapter by renowned expert Ed Rosenthal), and legal consequences. This thoroughly revised edition incorporates the most up-to-date information on the ever-changing politics of marijuana, the plant's usage, and medical research on it.

Marijuana Karen T. Van Gundy,Michael S. Staunton,2017-08-02 Drawing on scientific evidence from medicine, psychology, criminology, and sociology, this book explores the veracity of claims about marijuana use and misuse. Is marijuana an innocent recreational pleasure and medicinal boon or an evil that must be outlawed to protect the American public? With the legal and social status of marijuana in transition, accurate and objective information regarding its use is necessary for informed decisionmaking in both the personal and political arenas. To distinguish truth from fiction, this book draws on scientific evidence from medicine, psychology, criminology, and sociology, exploring many of the most commonly held beliefs about marijuana and documenting the scope and impact of its use-and abuse-in the United States. The work is organized around five broad topics: patterns and trends; risks and benefits; causes and consequences; criminalization; and practice and policy. It opens with examinations of use and abuse trends among various U.S. subpopulations, then goes on to scrutinize claims about the medical risks associated with the substance. Social and interpersonal causes and consequences of marijuana use are addressed, as is the history and future of marijuana legislation in the United States. Readers will come away from this book with broad-based knowledge about marijuana-and a scientifically grounded understanding of the benefits and risks of marijuana use.

Marijuana on My Mind Timmen Cermak,2022-04-19 Scientific evidence makes sense of the increasingly polarised debate about the potential benefits and safety implications of cannabis use.

The Everything Marijuana Book Alicia Williamson,Alicia Williamson,2010-10-18 When someone wants to start growing cannabis, they may be filled with questions: Is it legal? Can it be done inside or outside? It is hard to grow? In this book, you'll find a clear, step-by-step manual to the world of marijuana. Longtime licensed Oregon-based medical-grower Alicia Williamson explains the entire process--from choosing seeds or clones to proper curing and storage of harvest. You'll also find: Information on the legality of growing Tips on growing indoors, outdoors, and in containers Troubleshooting information for plants that just won't grow Recipes for edibles such as fruit rollups and chocolate lollies Growing cannabis can be challenging, yet rewarding. From the beginner

just starting out to the experienced gardener wanting to improve quality and productivity, this is the complete guide to everything marijuana.

Marijuana and Medicine Institute of Medicine, 1999-07-10 The medical use of marijuana is surrounded by a cloud of social, political, and religious controversy, which obscures the facts that should be considered in the debate. This book summarizes what we know about marijuana from evidence-based medicine—the harm it may do and the relief it may bring to patients. The book helps the reader understand not only what science has to say about medical marijuana but also the logic behind the scientific conclusions. *Marijuana and Medicine* addresses the science base and the therapeutic effects of marijuana use for medical conditions such as glaucoma and multiple sclerosis. It covers marijuana's mechanism of action, acute and chronic effects on health and behavior, potential adverse effects, efficacy of different delivery systems, analysis of the data about marijuana as a gateway drug, and the prospects for developing cannabinoid drugs. The book evaluates how well marijuana meets accepted standards for medicine and considers the conclusions of other blue-ribbon panels. Full of useful facts, this volume will be important to anyone interested in informed debate about the medical use of marijuana: advocates and opponents as well as policymakers, regulators, and health care providers.

Marijuana The New York Times Editorial Staff, 2018-12-15 Today's headlines shine light on the growing trend toward the legalization of marijuana, a psychoactive drug derived from the cannabis plant whose use cuts across diverse classes of people. In this compilation of articles, readers encounter a journalistic history of cannabis use. Successive phases of fear (often coupled with racist attitudes toward Mexicans and Latinos) and embrace (by hippies, U.S. soldiers in Vietnam, and other segments of the counterculture) have often clouded sound judgment about the benefits and risks of the drug. These articles explore every facet of these diverse approaches, highlighting an array of medical, economic, and social perspectives on marijuana and those who use it.

Thank you unquestionably much for downloading **Marijuana**. Maybe you have knowledge that, people have seen numerous times for their favorite books in the manner of this *Marijuana*, but stop happening in harmful downloads.

Rather than enjoying a good book as soon as a mug of coffee in the afternoon, otherwise they juggled past some harmful virus inside their computer. **Marijuana** is welcoming in our digital library an online right of entry to it is set as public consequently you can download it instantly. Our digital library saves in fused countries, allowing you to acquire the most less latency time to download any of our books with this one. Merely said, the *Marijuana* is universally compatible similar to any devices to read.
