Media Messages Linda Holtzman,Leon Sharpe,2014-12-18 The new edition of this widely adopted book reveals how the popular media contribute to widespread myths and misunderstanding about cultural diversity. While focused on the impact of television, feature film, and popular music, the authors reach far beyond media to explore how our understanding, values, and beliefs about race, class, gender and sexual orientation are constructed. They analyze how personal histories, combined with the collective history of oppression and liberation, contribute to stereotypes and misinformation, as well as how personal engagement with media can impact prospects for individual and social freedom. Along with updated media examples, expanded theories and analysis, this edition explores even more deeply the coverage of race in two chapters, discusses more broadly how men and boys are depicted in the media and socialized, and how class issues have become even more visible since the Great Recession of the 21st century and the Occupy movements. Special activities and exercises are provided in the book and an online Instructor's Manual is available to adopters.

Text Messages from God John Mark Stewart,2010-10 Text Messages From God is the gripping story of Dave, a hard-driving, successful attorney, whose self-centered existence is suddenly turned upside down by text messages he receives from a mysterious person claiming to be God. Dave, who likes to be in control and prides himself on being self sufficient, notices that the messages draw out another side of him, exposing that he is not an impenetrable fortress after all. Gradually Dave's skepticism gives way to curiosity, and he plays along with captivating challenges from the message sender. As he cautiously begins to take the messages to heart, Dave is forced to deal with painful memories that he had blocked out for many years. Dave's tough shell finally begins to crack and he is faced with making a decision that could change his life forever. You Have Seven Messages Stewart Lewis,2012-09-11 A smart, heartbreaking mystery about unexpected love, art, family, and finding yourself. It's been a year since Luna's mother, the fashion-model wife of a successful film director, was hit and killed by a taxi in New York's East Village. Luna, her father, and little brother are still struggling with grief. But when Luna goes to clean out her mother's old studio, she's stunned to find her mom's old cell phone there—charged and holding seven unheard messages. As Luna begins to listen, she learns more about her mother's life than she ever wanted to know . . . because the tidy tale she's been told about her mother's death may not be the whole truth. With the help of Oliver, the musically gifted boy next door, Luna won't stop until she finds answers. But what else will she find along the way?

The Message and the Book John Bowker,Atlantic Books, an imprint of Grove Atlantic Ltd.,2012-03-27 Grand in its sweep, this survey of the sacred writings of the major religions of the world offers a thoughtful introduction to the ideas and beliefs upon which great faiths are built. Under the expert guidance of John Bowker, a religious scholar and author of international stature, readers explore the key texts of Jewish, Christian, Muslim, Hindu, Jain, Sikh, Buddhist, Parsi, Confucian, Daoist, and Shinto traditions. The author discusses some 400 books, among them such well-known sacred texts as the Bible and the Quran, but also spiritual writings by theologians, philosophers, poets, and others. Bowker provides clear and illuminating commentary on each text, describing the content and core tenets of the work and quoting pertinent passages. He also sets the writings in religious and historical contexts, showing how they have influenced—and in many cases continue to influence—artistic, musical, literary, and political traditions. The Message and the Book is essential reading for anyone who wishes to understand the meaning and the

deep significance of primary religious texts of civilizations around the globe.

Street Messages Nicholas Ganz,2015-08-31 There is plenty of creativity within the international graffiti and street art scene. Writing text messages in public spaces has been a unique art form and a means of communication between humans for thousands of years. Many street artists work only with text, written messages or poems, and not necessarily only with colourful murals, styles, tags and logos. Street Messages is the first publication that delivers a deep insight into this literary form of expression in the world of global street art. We are confronted with a vast amount of written information in the form of advertising and street or shop signs every single day of our lives. Reading and decoding this information has become a daily routine. Apart from the texts that are trying to sell us something or direct us somewhere, the streets are full of artistic and poetic forms of expression – messages written by graffiti and street artists. Street Messages offers a historic background to written messages in public spaces and introduces more than 80 artists from across the world who work exclusively or partly with text. The vast body of information and numerous exclusive quotes and words of wisdom makes Street Messages the first book to shed some light on this as yet undocumented form of street art culture. Features artwork by Banksy, Dolk, Ben Eine, Faith 47, Flint..., Kid Acne, Know Hope, Mobstr, Skki and many others.

Living with Cultivating Messages Elena Pelzer,2021-09-21 Wie beeinflussen Botschaften aus dem Fernsehen unsere Wahrnehmung über die soziale Realität? Meistens konzentrieren sich Kultivierungsstudien zu dieser Frage auf die Medieneffekte. Doch das vorliegende Buch wählt einen neuen Ansatz und stellt die kultivierenden Botschaften in den Vordergrund. Das Buch behandelt, was Botschaften sind und wie sich uniforme von genrespezifischen Botschaften und Metanarrativen unterscheiden. Es werden verschiedene theoretische und fachliche Perspektiven zusammengebracht und das neue Botschaftskonzept 'Subgenre-Botschaften' vorgestellt, welches die Veränderungen der Medienlandschaft hin zum Online-Fernsehen berücksichtigt. Die computergestützte Simulationsstudie zeigt, inwiefern sich manche Botschaftskonzepte mehr ähneln als andere, und demonstriert, dass Subgenre-Botschaften am robustesten gegenüber Verzerrungen sind.

Messages John Michael Hileman,2011-07-01 Words are everywhere-- on labels, magazines, sign posts, t-shirts-- everywhere. And as much as David Chance would like to hide from them, he can't. Words keep leaping off objects around him, forming messages in his mind. But how is this possible? Has his brain suddenly taken an evolutionary leap forward, or are the mysterious messages proof of divine intervention? Does God really exist? Driven to answer a question he'd long ago abandoned, and stalked by the killer he's trying to stop, David risks everything to follow the messages to a dirty bomb set to go off in the heart of Boston. But can he trust the author of the messages to protect him from a terrorist who seems to know his every move.

A Compilation of the Messages and Papers of the Presidents United States. President,James Daniel Richardson,1897 The first volume of this compilation was given to Congress and the public about May 1, 1896. I believe I am warranted in saying here that it met with much favor by all who examined it. The press of the country was unsparing in its praise. Congress, by a resolution passed on the 22d day of May, ordered the printing of 15,000 additional copies, of the entire publication. I have inserted in this volume a steel engraving of the Treasury building; the succeeding volumes will contain engravings of other important public buildings. The resolution authorizing this work required the publication of the annual, special, and veto messages, inaugural addresses, and proclamations of the Presidents. I have found in addition to these documents others which emanated from the Chief Magistrats, called Executive orders; they are in the nature of proclamations, and have like force and effect. I have therefore included in this, and will include in the succeeding volumes, all such Executive orders as may appear to have national importance or to possess more than ordinary interest. If this volume meets the same degree of favor as the first, I shall be greatly gratified.
