South Milwaukee Nels J. Monson,Dean Marlowe,2004 Not to be confused with Milwaukee's South Side, the City of South Milwaukee is in fact a separate and independent community, with a rich and colorful history all its own. It is this spirit of self-sufficiency that has long been a hallmark of South Milwaukee, going back to 1835 when the area was first settled and continuing through the city's remarkable transformation from a small rural settlement to a bustling industrial suburb. Since 1892, the city has been home to Bucyrus International, one of the world's leading manufacturers of heavy excavation equipment. Bucyrus provided employment to South Milwaukee citizens, allowing the city to grow and add more businesses and city services, and to feel an even more confident sense of independence.

Educating Milwaukee James K. Nelsen,2015-11-17 Milwaukee's story is unique in that its struggle for integration and quality education has been so closely tied to [school] choice. --from the Introduction *Educating Milwaukee: How One City's History of Segregation and Struggle Shaped Its Schools* traces the origins of the modern school choice movement, which is growing in strength throughout the United States. Author James K. Nelsen follows Milwaukee's tumultuous education history through three eras--no choice, forced choice, and school choice. Nelsen details the whole story of Milwaukee's choice movement through to modern times when Milwaukee families have more schooling options than ever--charter schools, open enrollment, state-funded vouchers, neighborhood schools--and yet Milwaukee's impoverished African American students still struggle to succeed and stay in school. *Educating Milwaukee* chronicles how competing visions of equity and excellence have played out in one city's schools in the modern era, offering both a cautionary tale and a choice example.

Black Milwaukee Joe William Trotter,1985 Other historians have tended to treat black urban life mainly in relation to the ghetto experience, but in *Black Milwaukee*, Joe William Trotter Jr. offers a new perspective that complements yet also goes well beyond that approach. The blacks in Black Milwaukee were not only ghetto dwellers; they were also industrial workers. The process by which they achieved this status is the subject of Trotter's ground-breaking study. This second edition features a new preface and acknowledgments, an essay on African American urban history since 1985, a prologue on the antebellum and Civil War roots of Milwaukee's black community, and an epilogue on the post-World War II years and the impact of deindustrialization, all by the author. Brief essays by four of Trotter's colleagues--William P. Jones, Earl Lewis, Alison Isenberg, and Kimberly L. Phillips--assess the impact of the original *Black Milwaukee* on the study of African American urban history over the past twenty years.

Milwaukee's Bronzeville: Paul H. Geenen, 2012-09-18 With the migration of African American sharecroppers to northern cities in the first half of the 20th century, the African American population of Milwaukee grew from fewer than 1,000 in 1900 to nearly 22,000 by 1950. Most settled around a 12-block area along Walnut Street that came to be known as Milwaukee's Bronzeville, a thriving residential, business, and entertainment community. Barbershops, restaurants, drugstores, and funeral homes were started with a little money saved from overtime pay at factory jobs or extra domestic work taken on by the women. Exotic nightclubs, taverns, and restaurants attracted a racially mixed clientele, and daytime social clubs sponsored matinees that were dress-up events featuring local bands catering to neighborhood residents. Bronzeville is remembered by African American elders as a good place to grow up--times were hard, but the community was tight.

Cream City Chronicles John Gurda, 2014-03-07 Cream City Chronicles is a collection of lively stories about the people, the events, the landmarks, and the institutions that have made Milwaukee a unique American community. These stories represent the best of historian John Gurda's popular Sunday columns that have appeared in the Milwaukee Journal Sentinel since 1994. Find yourself transported back to another time, when the village of Milwaukee was home to fur trappers and traders. Follow the development of Milwaukee's distinctive neighborhoods, its rise as a port city and industrial center, and its changing political climate. From singing mayors to summer festivals, from blueblood weddings to bloody labor disturbances, the collection offers a generous sampling of tales that express the true character of a hometown metropolis.

Milwaukee's Brady Street Neighborhood Frank D. Alioto, 2008-01-23 Milwaukee's Brady Street neighborhood, bounded by the Milwaukee River, Lake Michigan, Ogdon Avenue, and Kane Place, is arguably the most densely-populated square mile in the state of Wisconsin. A mix of historic shops, single-family homes, apartments, and condos, Brady Street boasts of great diversity that draws from many distinct eras. It began in the mid-19th century as a crossroads between middle-class Yankees from the east and early German settlers. Polish and Italian immigrants soon followed, working the mills, tanneries, and breweries that lined the riverbank. After these groups had assimilated and many of their descendants moved to the suburbs,

the hippies in the 1960s arrived with their counterculture to fill the void. By the 1980s, the area fell into blight, neglect, and decay; now, a true model for new urbanism, the Brady Street neighborhood is in the midst of a renaissance.
