Q: If the boy you love commits a crime, would you turn him in? Sadie Ames is a type-A teenager from the wealthy suburbs. She's been accepted to the prestigious Mind Corps Fellowship program, where she'll spend six weeks as an observer inside the head of Ford, a troubled boy with a passion for the crumbling architecture of the inner city. There's just one problem: Sadie's fallen in love with him. Q: What if the crime is murder? Ford Winters is haunted by the murder of his older brother, James. As Sadie falls deeper into his world, dazzled by the shimmering pinpricks of color that form images in his mind, she begins to think she knows him. Then Ford does something unthinkable. Q: What if you saw it happen from inside his mind? Back in her own body, Sadie is faced with the ultimate dilemma. With Ford's life in her hands, she must decide what is right and what is wrong. And how well she can really ever know someone, even someone she loves. A high concept, cinematic read with a surprising twist, *MINDERS* asks the question: who is really watching who?

Minder Laikyn Meng,2020-07-28 He should have stayed away from me. I wasn't the angel everyone claimed me to be. There wasn't a halo hovering above my head. Even true love creates scars so deep you have to rip your heart apart to mend. Lawson Arzola didn't get the picture, and I wasn't in the mood to make him believe. The blood of my mother was still fresh in my mind, but there were other things to worry about. A promise to a new life, denial of my father's kingdom. But we all have consequences when choosing the right. Even if we know it will go wrong. Lennox Krause held me confined to a Texas boarding school since the death of my mother, his once lover. Now we are back together all under one roof. The twins, Calhoun and Kalonie. The eldest of us, Leonie. But with new beginnings come old quarrels and loathsome jealousy. I thought losing my mother was the hardest thing I would have to endure in my short life. Turns out fighting for my life, all in the name of survival, is the least of my worries. We never stood a chance, not when Lawson Arzola came in like a fierce storm so damaging, it could only be him who waved the white flag. *MINDER: Olallie's Offering* is the 1st book in the Mum's The Word Series. *MUFFLE: A Love Like Luna's* is the Prequel to the series. 18+ Mature Content, Explicit Language and Sexual Scenes, Abuse, and Violence.

The Minder Brain Joe Herbert,2007 Ambition, genius, thought, imagination, love, hate, greed and, above all, consciousness ourselves as alive and as part of our world ? all this is somehow enabled by the brain. The brain is the person, and if it goes wrong, a person is ruined. This book is about part of what the brain does ? a role of which many of us are hardly aware, but one that has ensured, the survival of mankind. Despite famine, drought, wars, cold, infections and hostile environments, we survive as a species ? though not always as individuals. All this time, our brains have been coping with what fate throws at us ? a process that some call adaptation. How does the brain do it? How does it know what's needed? How does it enable us to provide that need? How much do we depend on our own brains, or on those of others?This book is different from other books on the brain. It deals with the brain's role in survival, rather than ?higher? cognitive functions (such as language or thought). It describes the special part of the brain that keeps you alive: that makes you feel hungry when you need energy, makes you feel thirsty when you need water, drives you to reproduce so that your species survives, makes you fearful of things or individuals that might harm you, and defends you against adversity.
