My Petition For More Space John Hersey, 2019-09-04 A street in New Haven. A line of people, blocks long, more closely packed than the rush-hour subways of the good old times. Poynter has been on the line since before dawn, as are thousands of others, pressed together, waiting their turns at the window to present their individual petitions. His is for more space—a notion so preposterous that when it is discovered it shocks, reverberates down the line, almost triggering violent reactions. In front of Poynter, so tightly jammed against him that he can see no more than the side of her face, is a girl petitioning to change her job. And, locked together in this fearful proximity, they talk, explore their predicaments, and perhaps fall in love. My Petition for More Space chills by its glimpse of a world grown so crowded that dissent is an inconceivable crime and acquiescence the law of survival. Feelings of hope and fear, desire, anger, frustration erupt sporadically, sparked by the friction of numbers. Call it tonight's disturbing dream or a coldly logical scenario of things to come, John Hersey's taut novel stings the mind.

Refugee High Elly Fishman, 2023-10-03 A year in the life of a Chicago high school with one of the nation's highest proportions of refugees, told with "strong novel-like pacing" (Milwaukee Magazine) A stunning and heart-wrenching work of nonfiction.—Chicago Reader Winner of the Studs and Ida Terkel Award For a century, Chicago's Roger C. Sullivan High School has been a home to immigrant and refugee students. In 2017, during the worst global refugee crisis in history, its immigrant population numbered close to three hundred—or nearly half the school—and many were refugees new to the country. These young people came from thirty-five different countries, speaking more than thirty-eight different languages. Called "a feat of immersive reporting" (National Book Review), and "a powerful portrait of resilience in the face of long odds" (Publishers Weekly), *Refugee High*, by award-winning journalist Elly Fishman, offers a riveting chronicle of the 2017–8 school year at Sullivan High, a time when anti-immigrant rhetoric was at its height in the White House. Even as we follow teachers and administrators grappling with the everyday challenges facing many urban schools, we witness the complicated circumstances and unique needs of refugee and immigrant children: Alejandro may be deported just days before he is scheduled to graduate; Shahina narrowly escapes an arranged marriage; and Belenge encounters gang turf wars he doesn't understand. Heartbreaking and inspiring in equal measure, *Refugee High* raises vital questions about the priorities and values of a public school and offers an eye-opening and captivating window into the present-day American immigration and education systems.

While the people profiled may not have a lot in common in terms of their daily lives or their personal background, what they do share is an understanding of how unique their lives are, and how much effort and determination is required to maintain the lifestyle in the face of modern America's push toward connectivity and development.
