Top of the Morning Brian Stelter, 2013-04-23 CNN correspondent Brian Stelter reveals the dark side of morning television with exclusive material about current and past morning stars, from Matt Lauer to Katie Couric. When America wakes up with personable and charming hosts like Robin Roberts and George

Stephanopoulos, it's hard to imagine their show bookers having to guard a guest's hotel room all night to prevent rival shows from poaching. But that is just a glimpse of the intense reality revealed in this gripping look into the most competitive time slot in television. Featuring exclusive content about all the major players of the 2000s, *Top of the Morning* illuminates what it takes to win the AM -- when every single viewer counts, tons of jobs are on the line, and hundreds of millions of dollars are at stake. Stelter is behind the scenes as Ann Curry replaces Meredith Vieira on the Today show, only to be fired a year later in a fiasco that made national headlines. He's backstage as Good Morning America launches an attack to dethrone Today and end the longest consecutive winning streak in morning television history. And he's there as Roberts is diagnosed with a crippling disease -- on what should be the happiest day of her career. So grab a cup of coffee, sit back, and discover the dark side of the sun. Praise for *Top of the Morning* Mr. Stelter pulls back the curtains and exposes a savage corporate world that might have been inhabited by the Sopranos. -- Washington Times A troubling look inside an enterprise as vicious and internecine as a soap opera. -- Kirkus Reviews

Morning, Noon, and Night Arnold Weinstein, 2011-02-15 From Homer and Shakespeare to Toni Morrison and Jonathan Safran Foer, major works of literature have a great deal to teach us about two of life's most significant stages—growing up and growing old. Distinguished scholar Arnold Weinstein's provocative and engaging new book, *Morning, Noon, and Night*, explores classic writing's insights into coming-of-age and surrendering to time, and considers the impact of these revelations upon our lives. With wisdom, humor, and moving personal observations, Weinstein leads us to look deep inside ourselves and these great books, to see how we can use art as both mirror and guide. He offers incisive readings of seminal novels about childhood—Huck Finn's empathy for the runaway slave Jim illuminates a child's moral education; Catherine and Heathcliff's struggle with obsessive passion in *Wuthering Heights* is hauntingly familiar to many young lovers; Dickens's Pip, in *Great Expectations*, must grapple with a world that wishes him harm; and in Marjane Satrapi's autobiographical *Persepolis*, little Marjane faces a different kind of struggle—growing into adolescence as her country moves through the pain of the Iranian Revolution. In turn, great writers also ponder the lessons learned in life's twilight years: both King Lear and Willy Loman suffer as their patriarchal authority collapses and death creeps up; Brecht's *Mother*

Courage displays the inspiring indomitability of an aging woman who has “borne every possible blow. . . but is still standing, still moving.” And older love can sometimes be funny (Rip Van Winkle conveniently sleeps right through his marriage) and sometimes tragic (as J. M. Coetzee’s David Lurie learns the hard way, in *Disgrace*). Tapping into the hearts and minds of memorable characters, from Sophocles’ Oedipus to Artie in Art Spiegelman’s *Maus*, *Morning*, *Noon*, and *Night* makes an eloquent and powerful case for the role of great literature as a knowing window into our lives and times. Its intelligence, passion, and genuine appreciation for the written word remind us just how crucial books are to the business of being human.
