Harold D. Nelson

**Black Morocco** Chouki El Hamel,2013 Chronicles the experiences, identity, agency and achievements of enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century.

Morocco, a Country Study Harold D. Nelson,1985 General study of Morocco - history, demographic aspects and geographical aspects, ethnic groups, religious practice, social structure, living conditions, education, economy, politics, government, international relations, defence, the administration of justice, etc. Bibliography, diagrams, glossary, maps, photographs, statistical tables.

**Morocco** C.R. Pennell,2013-10-01 The only comprehensive history of this popular travel destination Beginning with Morocco's incorporation into the Roman Empire, this book charts the country's uneasy passage to the 21st century and reflects on the nation of citizens that is emerging from a diverse population of Arabs, Berbers, and Africans. This history of Morocco provides a glimpse of an imperial world, from which only the architectural treasures remain, and a profound insight into the economic, political, and cultural influences that will shape this country's future.

**Morocco: Its People and Places** Edmondo De Amicis,1882 Presents the author's narrative accounts of his travels to Morocco in late 19th century.

**Morocco** James N. Sater,2009-12-04 For many contemporary observers and analysts, Morocco remains a mystery. So close to Europe, Morocco simultaneously represents a similarly open political culture and its complete antithesis: Human rights associations openly challenge authoritarian rule, while an emphasis on Moroccan singularity and authenticity prevents the establishment of a real democracy. Widespread poverty and illiteracy co-exist with a flourishing entrepreneurial class and the display of conspicuous wealth in its cities; electoral institutions and political parties pay allegiance to a traditional monarch; disgruntled youth and inhabitants of shantytowns are receptive to the rhetoric of Islamic inspired violence and terror. This book provides an introductory overview of contemporary politics and international relations in Morocco, and gives an up to date assessment of the economy and recent history. Drawing on key academic texts, the author provides a detailed analysis of Morocco, focusing on issues such as: Morocco's role within the region trade policies with Europe Morocco's Western Sahara policy ways of dealing with Political Islam the extent to which European influence has affected Moroccan society. Easily accessible to non-specialists, practitioners, and upper level undergraduate students, the book will be essential reading for those working in the fields of Comparative Politics, International Relations and Middle East Studies.

**The Barbarians of Morocco** Adalbert Wenceslaus Heinrich Leopold Maria Graf von Sternberg,Graf Adalbert Sternberg,1909

**Morocco since 1830** C.R. Pennell,2001-01-01 The first general history in English of Morocco in the nineteenth and twentieth centuries, Morocco since 1830: A History explores the profound changes that have affected social relations in Morocco over the last 150 years, especially those between the sexes, and between linguistic identities and cultures. Although the country has returned to roughly its pre-colonial boundaries, Morocco still suffers from the effects of colonization by France and Spain. Its current king, like the sultans of the nineteenth century, claims legitimacy through his leadership of the Islamic community, but there is a long tradition of dissent based on Islamic ideals. Morocco's history is also marked by the enduring presence of a large Jewish community. This comprehensive portrait examines the tactics used by Moroccan rulers to cope with European penetration in the nineteenth century and colonialism in the twentieth, and, since the 1950s, to retain control of the independent state. As Pennell points out, however, the ruling dynasty is not sufficiently representative of modern Morocco, nor are political events the only influence on change. Most Moroccans are still poor, and their lives are shaped by their economic circumstances. The influence of harvests, access to land and water, and external trade have always determined the fate of the majority.

**Morocco** Shana Cohen,Larabi Jaïdi,2006 Cohen and Jaidi trace the development of contemporary Morocco in the Islamic world of North Africa, which is currently at the forefront of the clash between Western-style development and the politicized Islam that now pervades the Arab world. By applying globalization theory to detailed accounts of everyday life in an Arab society, the book is uniquely suited to students. Morocco in particular is a good place to look at this extremely important confrontation. It is among the most liberalized Islamic states, yet it is also in the midst of a revival of politicized Islam, which has its own globalizing agenda. The authors detail how this clash pervades Moroccan culture and society, and what it can tell us about the effects of globalization on the Arab world. Morocco is extremely close to the West in terms of physical proximity, and it is a favoured spot for Western tourists. Yet its closest neighbours in social terms are Algeria, Libya, and Tunisia, all of which have directly experienced the effects of politicized Islam in the last quarter century.

*Tribe and Society in Rural Morocco* David M. Hart,2014-05-12 An anthropological study of Berber society and particularly the Rifian tribes of Morocco, a Muslim society. This book deals with the background of these tribes, their settlement in various areas and contemporary issues.

**Making Morocco** Jonathan Wyrzten,2016-01-05 How did four and a half decades of European colonial intervention transform Moroccan identity? As elsewhere in North Africa and in the wider developing world, the colonial period in Morocco (1912–1956) established a new type of political field in which notions about and relationships among politics and identity formation were fundamentally transformed. Instead of privileging top-down processes of colonial state formation or bottom-up processes of local resistance, the analysis in Making Morocco focuses on interactions between state and society. Jonathan Wyrzten demonstrates how, during the Protectorate period, interactions among a wide range of European and local actors indelibly politicized four key dimensions of Moroccan identity: religion, ethnicity, territory, and the role of the Alawid monarchy. This colonial inheritance is reflected today in ongoing debates over the public role of Islam, religious tolerance, and the memory of Morocco's Jews; recent reforms regarding women's legal status; the monarchy's multiculturalist recognition of Tamazight (Berber) as a national language alongside Arabic; the still-unresolved territorial dispute over the Western Sahara; and the monarchy's continued symbolic and practical dominance of the Moroccan political field.

**Morocco** ,2012-05-16 Presents an introduction to the food of Morocco, with eighty recipes for appetizers, tangine, couscous dishes, and stuffed pastries, along with a discussion of the country's history and diverse culinary culture.

**Morocco the Bizarre, Or, Life in Sunset Land** George Edmund Holt,1914

Morocco that was Walter Harris,1921

**Screening Morocco** Valerie Orlando,2011-05-24 'Screening Morocco' focuses on Moroccan films produced and distributed from 1999 to the present. Valerie K. Orlando introduces American readers to the richness in theme and scope of the cinematic production of Morocco.

Travels in the Atlas and Southern Morocco Joseph Thomson,1889 In introducing this book to the reader, little need be said. It is nothing more than what it pretends to be - a Personal Narrative of Exploration. It does not claim to be a book on Morocco, and consequently may appear in many respects to be very defective. To write such a book was originally my ambition when I turned my attention to that remarkable country, but the abrupt and premature conclusion of my travels has made me perforce alter my intention, and devote myself to recording only something of what we saw and experienced in the parts in which we travelled. It has, moreover, been as much my object to

sketch pictures as to chronicle facts. For the same reason this book has been made a personal narrative, with its inevitable frequent use of the first person singular or plural--Preface.

*Historical Dictionary of Morocco* Aomar Boum,Thomas Kerlin Park,2016 This third edition of Historical Dictionary of Morocco contains a chronology, an introduction, a glossary, and an extensive bibliography. The dictionary section has over 600 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture.

**Civil Society and Political Change in Morocco** James N. Sater,2007-06-11 Taking Morocco as its focus, this book looks at the political change in the country since 1990. It places particular emphasis on key topics, such as civil society, human rights and reform, as vital issues for understanding the developments in the contemporary Middle East.

**In Morocco** Edith Wharton,2022-06-13 While she might be better known for taking aim at American high society, Wharton was also a prolific travel writer. ‘In Morocco’ chronicles her visit to North Africa, at the tail-end of the First World War. Written at a time when the country was relatively unexplored, her writing perfectly captures the Moroccan architecture, towns, deserts, culture, tradition, and people. A fascinating read for anyone who enjoys other travel writers like Michael Palin and for those who want to explore Morocco before the advent of international tourism. Edith Wharton (1862 – 1937) was an American designer and novelist. Born in an era when the highest ambition a woman could aspire to was a good marriage, Wharton went on to become one of America’s most celebrated authors. During her career, she wrote over 40 books, using her wealthy upbringing to bring authenticity and detail to stories about the upper classes. She moved to France in 1923, where she continued to write until her death.
