Birds of Paradise David Evans, Winnie Holzman, 1988 The Harbour Island Players is an amateur theatre group whose lives are turned upside down when Lawrence Wood (a down-on-his-luck professional actor) come home for a visit. Homer, a young writer/composer has written a bizarre musical adaptation of Anton Chekhov's *The Seagull*, and Wood offers to direct and star.

Beethoven in Paradise Barbara O'Connor, 1999-09-10 Set in a trailer park called Paradise You're just wasting your God-given talents if you don't get yourself something besides a little ole harmonica to play. Wylene made it sound so easy. Martin had always like music -- liked to listen to it, liked to make up tunes in his head. But all he had to do was say the word piano to his father and all hell would break loose. His father thought music was for sissies, and was always mad at Martin for not being good at baseball. But with a lot of help from his friends Wylene and Sybil and his grandmother, Hazeline, Martin learns that, although he can't change his father, he can learn to stick up for himself. With humor, pathos, and a colorful cast of offbeat characters, Barbara O'Connor shows that there's room for genius wherever there's a place for compassion-- even in Paradise.

Driven Into Paradise Reinhold Brinkmann, Christoph Wolff, 1999-09-14 This is a long overdue and brilliant contribution to

our understanding of the intellectual migration from Europe. The essays in this volume illuminate in new ways the experiences of musicians and scholars who fled Europe.—Leon Botstein, Music Director, American Symphony Orchestra With a sweep and coherence very rare in essay collections, this volume immediately takes its place as one of the most important publications on twentieth-century music. The range of source materials is dazzling: anecdotes, letters, memoirs, interviews, newspaper articles, musical scores, films, and archival documents. Handled with deft scholarship, they add up to a balanced yet deeply moving account of how figures of exile experienced and transformed American culture.—Walter Frisch, author of *The Early Works of Arnold Schoenberg*

South Pacific Jim Lovensheimer, 2010-08-25 Rodgers and Hammerstein's Tony and Pulitzer Prize-winning musical *South Pacific* has remained a mainstay of the American musical theater since it opened in 1949, and its powerful message about racial intolerance continues to resonate with twenty-first century audiences. Drawing on extensive research in the Rodgers and the Hammerstein papers, including Hammerstein's personal notes on James A. Michener's *Tales of the South Pacific*, Jim Lovensheimer offers a fascinating reading of *South Pacific* that explores the show's complex messages and demonstrates how the presentation of those messages changed throughout the creative process. Indeed, the author shows how Rodgers and especially Hammerstein continually refined and softened the theme of racial intolerance until it was more acceptable to mainstream Broadway audiences. Likewise, Lovensheimer describes the treatment of gender and colonialism in the musical, tracing how it both reflected and challenged early Cold War Era American norms. The book also offers valuable background to the writing of *South*

Pacific, exploring the earlier careers of both Rodgers and Hammerstein, showing how they frequently explored serious social issues in their other works, and discussing their involvement in the political movements of their day, such as Hammerstein's founding membership in the Hollywood Anti-Nazi League. Finally, the book features many wonderful appendices, including two that compare the original draft and final form of the classic songs I'm Gonna Wash That Man Right Out-a My Hair and I'm In Love With a Wonderful Guy. Thoroughly researched and compellingly written, this superb book offers a rich, intriguing portrait of a Broadway masterpiece and the era in which it was created.

Stairway to Paradise Ari Katorza, 2021-09-07 *Stairway to Paradise* reveals how American Jewish entrepreneurs, musicians, and performers influenced American popular music from the late nineteenth century till the mid-1960s. From blackface minstrelsy,

ragtime, blues, jazz, and Broadway musicals, ending with folk and rock 'n' roll. The book follows the writers and artists' real and imaginative relationship with African-American culture's charisma. *Stairway to Paradise* discusses the artistic and occasionally ideological dialogue that these artists, writers, and entrepreneurs had with African-American artists and culture. Tracing Jewish immigration to the United States and the entry of Jews into the entertainment and cultural industry, the book allocates extensive space to the charged connection between music and politics as reflected in the Jewish-Black Alliance - both in the struggle for social justice and in the music field. It reveals Jewish success in the music industry and the unique and sometimes problematic relationships that characterized this process, as their dominance in this field became a source of blame for exploiting African-American artistic and human capital. Alongside this, the book shows how black-Jewish cooperation, and its fragile alliance, played a role in the hegemonic conflicts involving American culture during the 20th century. Unintentionally, it influenced the process of decline of the influence of the WASP elite during the 1960s. *Stairway to Paradise* fuses American history and musicology with cultural studies theories. This inter-disciplinary approach regarding race, class, and ethnicity offers an alternative view of more traditional notions regarding understanding American music's evolution.

Take Me to My Paradise Colleen Ballerino Cohen, 2010-09-27 The British Virgin Islands (BVI) markets itself to international visitors as a paradise. But just whose paradise is it? Colleen Ballerino Cohen looks at the many players in the BVI tourism culture, from the tourists who leave their graffiti at beach bars that are popularized in song, to the waiters who serve them and the singers who entertain them.

Interweaving more than twenty years of field notes, Cohen provides a firsthand analysis of how tourism transformed the BVI from a small neglected British colony to a modern nation that competes in a global economic market. With its close reading of everything from advertisements to political manifestos and constitutional reforms, *Take Me to My Paradise* deepens our understanding of how nationalism develops hand-in-hand with tourism, and documents the uneven impact of economic prosperity upon different populations. We hear multiple voices, including immigrants working in a tourism economy, nationalists struggling to maintain some control, and the anthropologist trying to make sense of it all. The result is a richly detailed and accessible ethnography on the impact of tourism on a country that came into being as a tourist destination.

Poetry in English and Metal Music Arturo Mora-Rioja, 2023-05-05

Many metal songs incorporate poetry into their lyrics using a broad array of techniques, both textual and musical. This book develops a novel adaptation, appropriation, and quotation taxonomy that both expands our knowledge of how poetry is used in metal music and is useful for scholars across adaptation studies broadly. The text follows both a quantitative and a qualitative approach. It identifies 384 metal songs by 224 bands with intertextual ties to 146 poems written by fifty-one different poets, with a special focus on Edgar Allan Poe, John Milton's *Paradise Lost* and the work of WWI's War Poets. This analysis of transformational mechanisms allows poetry to find an afterlife in the form of metal songs and sheds light on both the adaptation and appropriation process and on the semantic shifts occasioned by the recontextualisation of the poems into the metal music culture. Some musicians reuse – and sometimes amplify – old verses related to politics and religion in our present times; others

engage in criticism or simple contradiction. In some cases, the bands turn the abstract feelings evoked by the poems into concrete personal experiences. The most adventurous recraft the original verses by changing the point of view of either the poetic voice or the addressed actors, altering the vocaliser of the narrative or the gender of the protagonists. These mechanisms help metal musicians make the poems their own and adjust them to their artistic needs so that the resulting product is consistent with the expectations of the metal music culture.

The Art of Digital Music David Battino, Kelli Richards, 2005 Some of the great modern artists of digital--including Alan Parsons, Herbie Hancock, BT, Todd Rundgren, Steve Reich, and Phil Ramone--explain how they use digital technology to expand their range of creative choices. Original.

Music Writing Literature, from Sand via Debussy to Derrida Peter Dayan, 2017-07-05 Why does poetry appeal to music? Can music be said to communicate, as language does? What, between music and poetry, is it possible to translate? These fundamental questions have remained obstinately difficult, despite the recent burgeoning of word and music studies. Peter Dayan contends that the reasons for this difficulty were worked out with extraordinary rigour and consistency in a French literary tradition, echoed by composers such as Berlioz and Debussy, which stretches from Sand to Derrida. Their writing shows how it is both necessary and futile to look for music in poetry, or for poetry in music: necessary, because each art defines itself by reference to what it is not, and cannot be, in order to point to an idealized totality outside itself; futile, because the musicality of poetry, like the poetic meaning of music, must remain as elusive as that idealized totality; its distance is the very condition of the art. Thus is generated a subtle but unmistakable general definition of the nature

of art which has proved uniquely able to survive all the probings of poststructuralism. That definition of art is inseparable from a disturbingly effective scepticism towards all forms of explication and explanation in critical discourse, so it is doubtless not surprising that critics in general have done their best to ignore it. But by bringing out what Sand, Baudelaire, Mallarmé, Proust, Debussy, Berlioz, Barthes, and Derrida all do in the same way as they work on the limits of the analogy between music and literature, this book shows how it is possible, productive, illuminating, and fascinating to work on those limits; though to do so, as we find repeatedly, in Chopin's dreams as in Derrida's 'tombeaux', requires us to have the courage to face, in music, our literal death, and the limits of our intelligence.

Word and Music Studies, 2016-08-29 The eighteen interdisciplinary essays in this volume were presented in 2001 in Sydney, Australia, at the Third International Conference on Word and Music Studies, which was sponsored by The International Association for Word and Music Studies (WMA). The conference celebrated the sixty-fifth birthday of Steven Paul Scher, arguably the central figure in word and music studies during the last thirty-five years. The first section of this volume comprises ten articles that discuss, or are methodologically based upon, Scher's many analyses of and critical commentaries on the field, particularly on interrelationships between words and music. The authors cover such topics as semiotics, intermediality, hermeneutics, the de-essentialization of the arts, and the works of a wide range of literary figures and composers that include Baudelaire, Mallarmé, Proust, T. S. Eliot, Goethe, Hölderlin, Mann, Britten, Schubert, Schumann, and Wagner. The second section consists of a second set of papers presented at the conference that are devoted to a different area of word and music studies: cultural identity

and the musical stage. Eight scholars investigate – and often problematize – widespread assumptions regarding ‘national’ and ‘cultural’ music, language, plots, and production values in musical stage works. Topics include the National Socialists’ construction of German national identity; reception-based examinations of cultural identity and various “national” opera styles; and the means by which composers, librettists, and lyricists have attempted to establish national or cultural identity through their stage works.

The Lost Paradise Jonathan Glasser, 2016-04-08 The urban centers of Morocco, Algeria, and Tunisia are home to performance traditions whose practitioners trace them to al-Andalus, or medieval Muslim Spain. According to its devotees, the repertoire was passed down over the centuries from master to disciple. Today it is ubiquitous in the Maghreb and its diaspora, and is held up as a quasi-official classical music that expresses an abiding link to a prestigious precolonial past. Despite its deep roots, Andalusí music has also profoundly changed in the past one hundred years, and it is now considered a threatened art. In *The Lost Paradise*, Jonathan Glasser accounts for the longevity of Andalusí music's revivalist project through ethnographic and archival research carried out in Algeria, Morocco, and France. He treats Andalusí music as a circulatory practice that privileges the transmission of embodied knowledge from master to disciple. The genealogical model embeds Andalusí music in social relations, closely linking it to the cultivation of old urban identities that reach across North Africa and into al-Andalus. At the same time, it is precisely the genealogical model that makes the repertoire so elusive as a social practice, giving rise to both the longstanding claim that some masters withhold valuable songs and the efforts to counteract alleged hoarding via the printed word. By looking to the performative, textual, institutional, and emotive practices surrounding Andalusí music, Glasser evokes a tradition animated by subtle tensions between secrecy and publicness, keeping and giving, embodiment and detachment.

Absolute Radio Phillip Nyakpo, 2022-09-06 From the heart of Africa, a spellbinding true story of entrepreneurship, media, culture, and tradition, all tastefully rolled into one! Absolute Radio is an authentic story of girls and boys who became women and men - and heroes - on the wings of a radio station. Running the course of 25 years, the story comes from the culturally stylish twin city of Sekondi-Takoradi in Ghana, with global footprints. It is the most tantalising and ground-breaking body of work about Ghana's private broadcasting industry. The author, former journalist Phillip Nyakpo, is himself an eye-witness and a participant in these true events. From his base in Perth, Australia, Phillip interviewed women and men across four continents who made it happen over a quarter of a century. The result is that he opened up to the world, a character and spirit of Africa that is all too often missing. In telling the story, he writes a compelling narrative that is delicate, witty, eye-opening, and wonderfully inspiring.
