

Music Sites

Roy Shuker

Sites of Popular Music Heritage Sara Cohen,Robert Knifton,Marion Leonard,Les Roberts,2014-08-27 This volume examines the location of memories and histories of popular music and its multiple pasts, exploring the different 'places' in which popular music can be situated, including the local physical site, the museum storeroom and exhibition space, and the digitized archive and display space made possible by the internet. Contributors from a broad range of disciplines such as archive studies, popular music studies, media and cultural studies, leisure and tourism, sociology, museum studies, communication studies, cultural geography, and social anthropology visit the specialized locus of popular music histories and heritage, offering diverse set of approaches. Popular music studies has increasingly engaged with popular music histories, exploring memory processes and considering identity, collective and cultural memory, and notions of popular culture's heritage values, yet few accounts have spatially located such trends to focus on the spaces and places where we encounter and engender our relationship with popular music's history and legacies. This book offers a timely re-evaluation of such sites, reinserting them into the narratives of popular music and offering new perspectives on their function and significance within the production of popular music heritage. Bringing together recent research based on extensive fieldwork from scholars of popular music studies, cultural sociology, and museum studies, alongside the new insights of practice-based considerations of current practitioners within the field of popular music heritage, this is the first collection to address the interdisciplinary interest in situating popular music histories, heritages, and pasts. The book will therefore appeal to a wide and growing academic readership focused on issues of heritage, cultural memory, and popular music, and provide a timely intervention in a field of study that is engaging scholars from across a broad spectrum of disciplinary backgrounds and theoretical perspectives.

Blue Ridge Music Trails of North Carolina Fred C. Fussell,Steve Kruger,2013-04-22 The music and dance traditions of North Carolina's Blue Ridge Mountains are legendary. Residents continue a musical heritage that stretches back many generations. In this lively guidebook, noted folklorist Fred C. Fussell puts readers on the trail to discover the many sites in western North Carolina where this unique musical legacy thrives. Organized by region and county, Blue Ridge Music Trails of North Carolina welcomes readers into the rich worlds of bluegrass, old-time, gospel, and string band music, as well as clogging, flatfooting, and other forms of traditional dance. The book, a project of the North Carolina Arts Council and its partner, the Blue Ridge National Heritage Area, features a CD with more than 20 songs by musicians profiled in the book, historic recordings of the region's most influential musicians spanning nine decades--available for the first time here--and songs based on true stories of love, crime, and tragedy set in the North Carolina mountains. Includes: * driving directions * maps * venue contact information * color photographs and profiles of prominent mountain musicians * informative sidebars on musicians and performance styles * a CD with 20 music tracks

Sites of Popular Music Heritage Sara Cohen,Robert Knifton,Marion Leonard,Les Roberts,2014-08-27 This volume examines the location of memories and histories of popular music and its multiple pasts, exploring the different 'places' in which popular music can be situated, including the local physical site, the museum storeroom and exhibition space, and the digitized archive and display space made possible by the internet. Contributors from a broad range of disciplines such as archive studies, popular music studies, media and cultural studies, leisure and tourism, sociology, museum studies, communication studies, cultural geography, and social anthropology visit the specialized locus of popular music histories and heritage, offering diverse set of approaches. Popular music

studies has increasingly engaged with popular music histories, exploring memory processes and considering identity, collective and cultural memory, and notions of popular culture's heritage values, yet few accounts have spatially located such trends to focus on the spaces and places where we encounter and engender our relationship with popular music's history and legacies. This book offers a timely re-evaluation of such sites, reinserting them into the narratives of popular music and offering new perspectives on their function and significance within the production of popular music heritage. Unruly Media Carol Vernallis,2013-09-19 Unruly Media argues that we are the crest of a new international style in which sonic and visual parameters become heightened and accelerated. This audiovisual turn calls for new forms of attention. Post-classical cinema, with its multi-plot narratives and flashy style, fragments under the influence of audiovisual numbers and music-video-like sync. Music video becomes more than a way of selling songs. YouTube's brief, low-res clips encompass many forms and foreground reiteration, graphic values and affective intensity. These three media are riven by one another: a trajectory from YouTube through music video to the new digital cinema reveals commonalities, especially in the realms of rhythm, texture and form. This is the first book to account for the current audiovisual landscape across medium and platform, and it demonstrates that attending equally to soundtrack and image reveals how these media work and how they both mirror and shape our experience.

The Ultimate Digital Music Guide Michael Miller,2012 Everything You Need to Know about Digital Music! Musicdot.com Roger Walton,2001 As the expansion of the Internet continues apace, the interactive technology evolves, website design becomes ever more important to the various record companies and artists vying for our attention. Music.com is the first printed collection of site design to concentrate exclusively on websites created for the music industry. The book presents not only the most exciting visual design innovation, but also considers site construction and navigation, technical quality, and gives information on the equipment you will need to enjoy featured sites to the full. At a time when the music industry's tradition marketing and distribution systems are being radically reassessed in the light of the ubiquitous influence of the internet, Music.com brings you the best, the coolest, the most radical website design from this innovative area of work. Music.com is an essential reference for professionals working in the design and music industries, as well as for music fans and dedicated net surfers everywhere. And it may also be your last chance to see the featured sites before they are re-constructed, de-constructed, or they simply disappear into the ether forever

Music on the Internet Ian Waugh, Colin Berry, 1998 The Internet is the largest music store, encyclopedia and software library in the world. Through it you can contact the most knowledgeable people in the business...if you know where to look. Also contains the Net addresses of hundreds of essential sites so you can find what you want quickly and without delay.

Understanding Popular Music Culture Roy Shuker, 2016-01-29 This extensively revised and expanded fifth edition of *Understanding Popular Music Culture* provides an accessible and comprehensive introduction to the production, distribution, consumption and meaning of popular music, and the debates that surround popular culture and popular music. Reflecting the continued proliferation of popular music studies, the new music industry in a digital age, and the emergence of new stars, this new edition has been reorganized and extensively updated throughout, making for a more coherent and sequenced coverage of the field. These updates include: two new chapters entitled 'The Real Thing': Authenticity, covers and the canon and 'Time Will Pass You By': Histories and popular memory new case studies on artists including The Rolling Stones, Lorde, One Direction and Taylor Swift further examples of musical texts, genres, and performers throughout including additional coverage of Electronic Dance Music expanded coverage on the importance of the back catalogue and the box set; reality television and the music biopic greater attention to the role and impact of the internet and digital developments in relation to production, dissemination, mediation and consumption; including the role of social network sites and streaming services each chapter now has its own set of expanded references to facilitate further investigation. Additional resources for students and teachers can also be found on the companion website (www.routledge.com/cw/shuker), which includes additional case studies, links to relevant websites and a discography of popular music metagenres.

Creating a Music Website Mike Simmons, 2001 The music industry is changing. Once upon a time the only way to make and sell records was to get a deal with a record company. Today, more and more musicians are going it alone. Building their own studios, recording their own albums and doing the marketing for themselves. The advantages are obvious--total creative freedom and a greater slice of the retail price finding its way back to the musician. There is one big disadvantage, however--without the power of the record company how is a musician going to reach the public? What's new, and what makes it possible for a musician to reach the greatest possible market is the Internet. With your own website you can join the ever growing number of musicians and bands who are marketing and selling their music on the Internet. *Creating a Music Website* takes you through the basics of setting up your own site, points out some of the pitfalls, and helps you to produce your own unique presence on the Internet. It introduces HTML, shows you how to brighten up your site with graphics, tables, and frames. You'll learn how to add files of your own music, even a band video, and if you fancy selling your music off your website, the book addresses the vexed question of selling on the Internet. Written by a man who's been there and done that (check out www.musicfromthemountains.com) this book will help you bring your music to a worldwide audience.

American Roots Music Robert Santelli, Holly George-Warren, Jim Brown, 2001-09 This volume explores the creative outpouring of the geniuses who wrote uniquely American genres of folk music that originated in small communities and spread across the nation. It spotlights the songwriters and singers, the entrepreneurs and promoters, the musicians who cross-pollinated traditional musics, and the contemporary artists who have attained international standing. Essays by experts in each field cover the major musical genres. Also included are first-person narratives of key artists, historical timelines, and many color and black and white photographs and art. Edited by Santelli (Experience Music Project), Holly George-Warren (editor of Rolling Stone Press), and Jim Brown (director of

music documentaries). Oversize: 10.25x12.5. c. Book News Inc.

World Music Concise Edition Terry E. Miller, Andrew Shahriari, 2014-08-13 **World Music: A Global Journey, Concise Edition** is an ideal introduction to the diversity of musical expression around the world, taking students across the globe to experience cultural traditions that challenge the ear, the mind, and the spirit. Based on the comprehensive third edition, this concise version offers a brief survey of the world's musical culture within a strong pedagogical framework. As one prepares for any travel, each chapter starts with background preparation, reviewing the historical, cultural, and musical overview of the region. Visits to multiple 'sites' within a region provide in-depth studies of varied musical traditions. Music analysis begins with an experiential first impression of the music, followed by an aural analysis of the sound and prominent musical elements. Finally, students are invited to consider the cultural connections that give the music its meaning and life. Features A brief survey of the world's musical cultures 43 sites carefully selected for a global balance A 2-CD set of music, a fundamental resource for students to begin their exploration of world music and culture Listening Guides analyzing various pieces of music, with selected examples presented in an interactive format online Popular music incorporated with the traditional The dynamic companion website hosts interactive listening guides, plus many student resources including video, flashcards, practice quizzes, and links to further resources. Instructor resources include assignment ideas, handouts, PowerPoint slides, and a test bank.

World Music CONCISE Terry E. Miller, Andrew Shahriari, 2023-10-06 **World Music CONCISE: A Global Journey, Third Edition**, explores the diversity of musical expression around the world, taking students across the globe to experience cultural traditions that challenge the ear, the mind, and the spirit. Based on the Fifth Edition of **World Music: A Global Journey**, this Third CONCISE Edition maintains the text's familiar travel theme and strong pedagogical framework to serve as an introduction to the many and varied world music traditions, condensing the number of travel sites from 69 to 44. These sites are carefully selected from the existing compilation to be representative of all continents and regions. Features Easy-to-follow chapter structure, organized by geographic region Listening Guides, detailed maps, and hundreds of colorful photos Coverage of an eclectic blend of world musics, including both popular and traditional music A robust companion website with audio examples, flashcards, quizzes, and video links—ideal for online coursework Used in classrooms around the globe, **World Music: A Global Journey** is an internationally acclaimed and best-selling textbook with a student-friendly approach. This Third CONCISE Edition is a fundamental resource for exploring world music and culture.

Music & Musicians on the Internet Andy Phillips, 2001

money by getting the site up and running right the first time * Understand how the Internet is used by experts in the music business, benefit from their experience to make the Internet a tool that works for you

Historic Connecticut Music Venues: From the Coliseum to the Shaboo Tony Renzoni, Felix Cavaliere, 2022 Connecticut is home to a number of landmark music venues that have featured local and national performers. While some of the locations have closed, they have certainly not been forgotten. The New Haven Coliseum, the Arena and the Bushnell Memorial were once the places to be for music lovers, while elsewhere places like the Cheri Shack and the Shaboo hosted local bands and national headliners. Other venues such as Foxwoods, Mohegan Sun, The Meadows and Toad's Place have now taken center stage and continue to attract large crowds. With in-depth interviews with performers and many timeless photos, author Tony Renzoni takes you on a nostalgic and fun tour of the Nutmeg State's most beloved music sites.

Vienna's Musical Sites and Landmarks Addie Funk, 1927

The Enigmatic Realm of **Music Sites**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Music Sites** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
