The Good One Rises: La Taína Sube Mynet Velez, 2021-10-15 As her beautiful island of Borikén is invaded, her people betrayed, and all trust broken by the Spaniard conquistadors, a young warrior rises above all attempts by the invaders to destroy the indigenous people of the island. Atabeira, the oldest daughter of the cacique, and the healing woman in her village, had an idyllic upbringing in her beautiful village nestled in the central mountains of the island now known as Puerto Rico. Forced into an arranged marriage to a Spanish captain, she must escape the abusive relationship to save her own life, rise up with the friends she chose to be family, to defend all that she loves, and ultimately become a warrior and champion for her people. Set in the early 16th Century when the Spanish conquistadors invaded the island, the inaugural book of the historical fiction, La Taína Trilogy Series will transport you to a time and place rarely discussed in modern day history. A time when the cultural staple of kindness and generosity were met with cruelty and betrayal, and where a series of historical events defined and established the foundation of the culture and people of the island of Puerto Rico. La Taína Sube!

**My Net Worth Shot Up To 6-Figures After Deleting My TikTok, Snapchat, Facebook, Twitter, and Instagram Accounts** Malik McCotter Jordan, 2021-06-17 Look, I'm not about to put you through the hassle of reading a long sales pitch disguised as a book description in order to get you to buy this book. You're either going to buy the book or you're not. No, this isn't reverse psychology. I'm not doing any mind tricks to get you to buy this book. I'm just being transparent. This book contains my personal story on how social media affected my life and I share what I did to reach a 6-figure net worth. This book is not for everybody. You're in luck if you enjoy short books, because this is only 10 chapters long. Each chapter is short as well. It didn't take long for me to write this book, because I lived everything that I wrote about in it. So when you buy this book, you'll notice that I get straight to the point and I give you my take on social media's impact on society. In the last chapter I share with you my entire portfolio that is worth 6-figures. This is so you know that I'm not lying to you and I'm not an imposter selling you success for a quick buck. None of this was easy to do by the way. I just want to make that clear. So yeah, don't get your hopes up. I understand that not everyone would be interested in giving up social media in order to change their financial situation for the better. Like I said in the first paragraph, you're either going to buy the book or you're not. Hope this doesn't come off as rude. I just don't want to waste your time.
