The Navigator Michael Pocalyko,2013-06-11 Wall Street comes to Washington in Michael Pocalyko's The Navigator. On the darkest night of 1945, a 20-year-old B-24 navigator assists in the liberation of a German concentration camp. His haunting trauma is prologue to destiny. Flash forward to present-day Manhattan. Warren Hunter, reigning master of the financial universe, is poised to close the world's first trillion dollar deal. ViroSat is the Street's biggest-ever technology play—an entirely new worldwide communication system. It will catapult his investment bank and the global economy into a bright future . . . if the deal goes through. In Washington, ViroSat captures the attention of Senate political aide Julia Toussaint. Meanwhile, battered tech start-up veteran Rick Yeager has just landed his dream job at a mysterious but well-connected financial firm whose partners want a piece of the action. Warren, Julia, and Rick are caught in a web of intrigue, money, power, and dangerous secrets. Coincidences are not what they seem as the past collides with the present in a way that will change their lives forever. A gripping story written by a consummate insider from both Washington and Wall Street, Michael Pocalyko's The Navigator is a furiously-paced parable of our troubled age. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Navigator - The Complete Series SD Tanner,2017-11-27 USA TODAY Bestseller The Complete Navigator series This omnibus edition of the Navigator series contains all four books: Enemy Lines, Blind Sighted, Killer Edge and Broken Arrow. With hydraulics, armor and advanced vision, Navigators are soldiers of the future, and in the game of survival of the fittest, they become the only hope man has to fight for their right to dominate. Enemy Lines After nearly being executed in a war zone, Staff Sergeant Leon Shield finds himself urgently recalled from deployment, and lands back home to a defeated country. In a matter of days, and without a single shot being fired, a new species has taken over the world. Determined to survive Armageddon, the only chance to fight back is to find a man called Ark, and use an untested technology to become Navigators. Blind Sighted Leon and Ark elect to train their new Navigator squad outside the wire, while Bill works with the weapons engineers to solve the bigger problems. The medical team are taking the critters apart, desperately looking for anything that will give them an edge. Killer Edge Our team match the enemy by creating a little critter magic of their own. New forces join them, and survivors add their weight to the fight, further changing what becomes possible. First contact is made, and believing they are running headlong into failure, Ark learns to take the lesser loss. Broken Arrow The aliens take a step too far and Ark decides it's time to go all in. Sending all of their Navigator battle teams to the nests, they uncover unexpected allies in a final showdown that will determine which side will rule earth. The Navigator series is a fast paced, action-based story following the people who will need to become a tight knit team if they're to defeat an enemy capable of taking over the world. The Navigator Clive Cussler,Paul Kemprecos,2008-06-24 Kurt Austin and the NUMA Special Assignments Team search for an ancient Middle Eastern relic with secret ties to an American founding father in the #1 bestselling New York Times-bestselling series. Years ago, an invaluable Phoenician statue known as the Navigator was stolen from the Baghdad museum, and there are men who would do anything to get their hands on it. Their first victim is a crooked antiquities dealer, murdered in cold blood. Their second target a UN investigator, only survives thanks to the timely assistance of Kurt Austin and Joe Zavala. What’s so special about this statue? Austin wonders. The search for answers will take the NUMA team on an astonishing odyssey through time and space, one that encompasses no less than the lost treasures of King Solomon, a mysterious packet of documents personally encoded by Thomas Jefferson, and a top-secret scientific project that could change the world forever. And that’s before the surprises really begin. . . . Rich with all the hair-raising action and endless invention that have become Cussler’s hallmarks, The Navigator is the best yet from “Clive the Incredible”.

The Barefoot Navigator Jack Lagan,2013-08-04 The Barefoot Navigator is an unusual and fascinating exploration of the skills of navigation employed by the ancients and transferrable to the present day. The first half of the book investigates the navigation capabilities of seafarers long before modern navigation instruments or charts became available. For example, how did the Polynesians manage to populate an area of ocean larger than North America simply by analysing clouds, currents, wind direction, sun, stars and the flight patterns of ocean birds? And how did the Vikings routinely travel between Iceland, Greenland and Scandinavia - huge tracts of treacherous water? The second part of the book analyses how the techniques of the ancients can be employed by 21st century seafarers to supplement today's navigational hardware - especially in survival situations. This is a unique analysis of practical technology-free navigation, whose techniques can easily be employed by modern navigators to supplement their personal navigation skills in order to just 'know' where they are. It will fascinate navigators and landlubbers alike.

The Navigator Robert Foster,2014-02-27 Into a complacent generation God placed Dawson Trotman. Full of contagious zeal, drive, and creativity, Trotman helped awaken those around him and exhorted Christians to single-mindedly obey God. Thousands responded to his challenge of fruitful discipleship. Now his challenge goes to you. The Navigator will motivate you to joyfully obey God more. It will invite you to share in Trotman’s “bifocal vision”: a consuming passion for the salvation of the world and also for the spiritual nurturing of one individual. He once said, “If you care for one, God can give you a burden for the world.” Through the worldwide Christian organization he founded, The Navigators, Trotman helped bring back some forgotten biblical truths: the importance of personal follow-up, one-on-one training, and the multiplication of disciples. Author Robert D. Foster, a longtime Navigator associate, combines his own personal recollections, interviews with those who knew Trotman, and Trotman’s conference messages to portray a man who was unconventional and fun-loving—a strong disciplinarian with a compassionate heart. Let The Navigator help you find what God wants for your life, and then help you wholeheartedly do it!

Prince Henry "the Navigator" Peter Edward Russell,Peter Russell, MD Frcpa,Sir Peter Russell, Frc,2000-01-01 Henry the Navigator is a legendary, almost mythical, figure in late medieval history. Together with Columbus he was considered one of the progenitors of 'modernity', a man who dared to challenge the scientific assumptions of his age and by so doing was responsible for

liberating Europeans from the geographical constraints which had bound them since the collapse of the Roman Empire. His image as imperialist and, above all, maritime, mathematical, and navigational pioneer has been slow to die. Yet there has been no English life of this 'hero of both science and of action' since Beazley's of 1895. This book, therefore, represents the first re-evaluation of his life in over a century. Peter Russell has made use of much recently published documentary evidence to provide an eloquent, sophisticated and highly readable account of Henry's life. While full attention is given to all aspects of his voyages of discovery in the African Atlantic, including their economic and cultural consequences and the difficult questions of international law and papal jurisdiction, Russell also examines in detail the other spheres of activity which contributed to his fame, or sometimes brought it into question

The Navigator Eoin McNamee,2009-01-16 Owen turned to Cat but she was staring into the woods, her face a mask of fear. Far off, but moving closer, were two figures, both white, both faceless, seeming to glide between the trees. The Harsh whispered Cati.They're here.One day the world around Owen shifts oddly: Time flows backwards, and the world and family he knew disappear. Time can only be set right when the Resisters vanquish their ancient enemies, the Harsh. Unless they are stopped, everything Owen knows will vanish as if it has never been...And Owen discovers he has a terrifying role to play in this battle: he is the Navigator.

Henry Hudson Anthony Dalton,2014-09-12 From the era of wooden sailing ships and Europe's golden age of exploration, the story of famed British navigator Henry Hudson tells a classic tale of courage, ambition, and treachery on the high seas. As the leader of four Arctic voyages in 1607, 1608, 1609, and 1610, Hudson searched in vain for a navigable route through the polar ice that would open the way to the riches of Asia. In his obsession to succeed, he made reckless decisions that pushed his crew to the brink, with disastrous results. Hudson did not achieve his goal, but as a result of his skillful mapping of Hudson Bay and the Hudson River area, his name would live on as a prominent landmark in the geography and imagination of North America.

The Navigator Morris West,2017-08-23 Son of a Norwegian master-mariner and grandson of Kaloni, the last of the great Polynesian navigators, Gunnar Thorkild is a man consumed by a dream. Convinced that the Polynesians' legendary Island of the Dead is real, he risks his career, his life-and those of his fellow adventurers-to find it. Shipwrecked on the very island they seek, the castaways are forced to leave behind everything they know and rely upon. To survive in this lush tropical paradise, they must make new laws of power and property, of sex and marriage. The Navigator is a gripping tale of sea lore, shipwreck and moral courage. This is a great read and . . . will make you think.' Amazon review Hypnotic from start to finish. Chicago Sun-Times
