New York Neon Thomas E Rinaldi,2012-11-27 A brilliant visual tour and history of that iconic element of the cityscape: the neon sign. Treating New York City as an open-air museum, Thomas E. Rinaldi captures the brilliant glow of surviving early- and mid-twentieth-century neon signs, those iconic elements of the cityscape now in danger of disappearing. This visual tour features two hundred signs, identified by location, with information on their manufacture, date of creation, and the businesses that commissioned them. In a generously illustrated introduction, drawing on documents including rare period trade publications, Rinaldi recounts the development of signage and the technological evolution of neon and examines its role in the streets of New York, in America’s cultural identity, and in our collective consciousness. New Yorkers and visitors to the city, neon-sign enthusiasts, and those interested in signs and historic advertising generally, as well as design professionals, serious historians, and casual students of the city, will want this colorful book, which comes at a critical moment when the disappearance of the original signs has inspired a growing interest in neon.

Neon: a Light History Dydia DeLyser,Paul Greestein,2021-02-19 A brief history of luminous tubing, neon signs, neon art, and neon preservation.

Neon Nevada Peter Laufer,Sheila Swan Laufer,2011-11-08 There is no neon to match Nevada’s. The combination of Wild West mythology and the remaining untamed pitch-black nighttime landscape, replete with real cowboys and real gambling, makes the Silver State a unique and appropriate canvas for neon art. Modern Nevada began with a nonstop desire for riches. It continues for many as a state of dreams often vividly expressed through exploding neon. Neon Nevada brings all this alive. Cameras in hand, authors Sheila Swan and Peter Laufer embarked on their first Nevada neon trek in the 1970s. They followed this up with a second nocturnal treasure hunt in the early 1990s—and a third in 2010, in the course of which they discovered that neon is fading fast; most notably on the Las Vegas Strip. Most of all, though, they realized that their passion for the art and craft of neon had not waned. A compelling blend of full-color photographs and absorbing prose, Neon Nevada takes us on a literal and figurative journey not only down the Las Vegas strip but also down quiet two-lane roads punctuated occasionally with neon signs, those glittering beacons of civilization against the desert night sky. The authors talk with sign owners, with those who created and maintained the neon, and those who collect it.

Flickering Light Christoph Ribbat,2013-07-15 Without neon, Las Vegas might still be a sleepy desert town in Nevada and Times Square merely another busy intersection in New York City. Transformed by the installation of these brightly colored signs, these destinations are now world-famous, representing the vibrant heart of popular culture. But for some, neon lighting represents the worst of commercialism. Energized by the conflicting love and hatred people have for neon, Flickering Light explores its technological and intellectual history, from the discovery of the noble gas in late nineteenth-century London to its fading popularity today. Christoph Ribbat follows writers, artists, and musicians—from cultural critic Theodor Adorno, British rock band the Verve, and artist Tracey Emin to Vladimir Nabokov, Langston Hughes, and American country singers—through the neon cities in Europe, America, and Asia, demonstrating how they turned these blinking lights and letters into metaphors of the modern era. He examines how gifted craftsmen carefully sculpted neon advertisements, introducing elegance to modern metropolises during neon’s heyday between the wars followed by its subsequent popularity in Las Vegas during the 1950s and ‘60s. Ribbat ends with a melancholy discussion of neon’s decline, describing how these glowing signs and installations came to be seen as dated and characteristic of run-down neighborhoods. From elaborate neon lighting displays to neglected diner signs with unlit letters, Flickering Light tells the engrossing story of how a glowing tube of gas took over the world—and faded almost as quickly as it arrived.

Vintage Neon Len Davidson,1999 Neon signs turned North America's roadside into a luminous wonderland in the mid-20th century. These unforgettable depictions of exploding bowling pins, crashing cars, baton twirling majorettes, and lassoing cowboys were the fodder for legend and lore. Neon designer Len Davidson has captured their magic with over 350 photos of superb vintage signs. In the text, voices of neon sign makers, shopkeepers, photographers, and preservationists record their legends in words, while a definitive photo archive gives architects and sign artisans an invaluable resource. This volume is a treasure for all who have been captured by the spell of vintage neon.

The Neon Bible John Kennedy Toole,2007-12-01 “A moving evocation of the small-town South in the mid-twentieth century” that “belongs on the shelf with the works of Flannery O’Connor, Carson McCullers, and Eudora Welty” (Orlando Sentinel). John Kennedy Toole—who won a posthumous Pulitzer Prize for his best-selling comic masterpiece A Confederacy of Dunces—wrote The Neon Bible for a literary contest at the age of sixteen. The manuscript languished in a drawer and became the subject of a legal battle among Toole’s heirs. It was only in 1989, thirty-five years after it was written and twenty years after Toole’s suicide at thirty-one, that this amazingly accomplished and evocative novel was freed for publication. “Heartfelt emotion, communicated in clean direct prose . . . a remarkable achievement.” —Michiko Kakutani, The New York Times “John Kennedy Toole’s tender, nostalgic side is as brilliantly effective as his corrosive satire. If you liked To Kill A Mockingbird you will love The Neon Bible.” —Florence King “Shockingly mature. . . . Even at sixteen, Toole knew that the way to write about complex emotions is to express them simply.” —Kerry Luft, Chicago Tribune

Somewhere Over the Rainbow Neon Park,2000 Native of the San Francisco Bay Area, Neon Park became indelibly associated with major musicians such as Little Feet, David Bowie, Dr John and the Beach Boys, for whom he painted an array of astonishing surrealist visual puns for album covers. Edited by Billy Shire and Janice S. Gore.

Neon Edward Willett,2007-01-15 Neon gets its name from the Greek word neos, meaning [new.] Neon is a noble gas, it is colorless, odorless, and tasteless, and glows reddish-orange in a vacuum tube. Readers will learn about the three naturally occurring neon isotopes, and about neon’s place among the other noble gases in the periodic table of elements. The text also describes how neon lights are made essentially the same way today as they were in the early twentieth century, the workings of a neon laser, and how an atom emits light.

Neon Lovers Glow in the Dark Lili Lakich,1986 One of a rare breed of artist - the neon artist, whose canvas is the night illuminated by a magic crayon of brilliant and sinuous, liquid light - Lili Lakich is also the founder and director of the world's only museum dedicated to this extraordinary art form, the Museum of Neon Art in Los Angeles. Lakich's own neon sculptures, created over a period of twenty years, have brought expressiveness to a medium sometimes considered cold and commercial. Often highly charged with emotion and monumental in size, they are like jewels salvaged from the modern world, transformed into icons of glistening beauty made all the more startling by their garnish origins.--BOOK COVER.

Brown Neon Raquel Gutiérrez,2022-06-07 A meditation on southwestern terrains, intergenerational queer dynamics, and surveilled brown artists that crosses physical and conceptual borders. Part butch memoir, part ekphrastic travel diary, part queer family tree, Raquel Gutiérrez’s debut essay collection, Brown Neon, gleans insight from the sediment of land and relationships. For Gutiérrez, terrain is essential to understanding that no story, no matter how personal, is separate from the space where it unfolds. Whether contemplating the value of adobe as both vernacular architecture and commodified art object, highlighting the feminist wounding and transphobic apparitions haunting the multigenerational lesbian social fabric, or recalling a failed romance, Gutiérrez traverses complex questions of gender, class, identity, and citizenship with curiosity and nuance.

Neon in Daylight Hermione Hoby,2018-01-09 A New York Times Book Review Editors' Choice A radiant first novel. . . . [Neon in Daylight] has antecedents in the great novels of the 1970s: Renata Adler’s Speedboat, Elizabeth Hardwick’s Sleepless Nights, Joan Didion’s Play It as It Lays. . . . Precision—of observation, of language—is Hoby’s gift. Her sentences are sleek and tailored. Language molds snugly to thought. —Parul Sehgal, The New York Times New York City in 2012, the sweltering summer before Hurricane Sandy hits. Kate, a young woman newly arrived from England, is staying in a Manhattan apartment while she tries to figure out her future. She has two unfortunate responsibilities during her time in America: to make regular Skype calls to her miserable boyfriend back home, and to cat-sit an indifferent feline named Joni Mitchell. The city has other plans for her. In New York's parks and bodegas, its galleries and performance spaces, its bars and clubs crowded with bodies, Kate encounters two strangers who will transform her stay: Bill, a charismatic but embittered writer made famous by the movie version of his only novel; and Inez, his daughter, a recent high school graduate who supplements her Bushwick cafe salary by enacting the fantasies of men she meets on Craigslist. Unmoored from her old life, Kate falls into an infatuation with both of them. Set in a heatwave that feels like it will never break, Neon In Daylight marries deep intelligence with captivating characters to offer us a joyful, unflinching exploration of desire, solitude, and the thin line between life and art.

Sparks of Neon Gerrit Striker,2004-08 Tokyo is a city designed long ago as a maze to prevent easy assault on the central castle. Streets curve and loop back unexpectedly. Clear destinations shift and fade off like evaporating mirages. There are social convolutions in the way that the basest criminals can swing into alignment with the highest echelons of society. One naive American navigated the maze that is Tokyo for fifteen years. Some twists brought him unimagined sexual fulfillment. Other turns separated him from longtime friends. There were paths that led him to scenes of living history, others to a mirror world of opposite assumptions. But ultimately his life in Tokyo looped around like the Yamanote circle line and ended where it began. It began in a walk into Kabukicho--Tokyo's red-light district.

Beneath the Neon Egg Thomas E. Kennedy,2014-08-05 Beneath the Neon Egg is a novel of jazz, violence, sex, death, love, and the underbelly of life, set in the low light of a Copenhagen winter. It is the story of Patrick Bluett, a forty-three-year-old Irish-American in Denmark, divorced and navigating his relationship with his college-age children, searching for life in a new country. It is also the story of his neighbor, a man in a similar circumstance who becomes his friend-and becomes entangled with a Russian prostitute. The novel borrows its four-part structure from John Coltrane's majestic jazz symphony A Love Supreme, which Patrick Bluett listens to as he gazes out the window at the frozen streets of his adopted city, unaware of events in the apartment across the hall, and unaware of the consequences his friend will meet-or will, perhaps, escape. The final novel of Thomas E. Kennedy's acclaimed Copenhagen Quartet-four independent novels about the seasons and souls of Copenhagen-Beneath the Neon Egg cements Kennedy's reputation as a literary revelation.

Agatha of Little Neon Claire Luchette,2021-08-03 A National Book Foundation 5 Under 35 Honoree “An enchanting, sparkling book about the many meanings of sisterhood.” —Kristin Iversen, Refinery29 Claire Luchette's debut, Agatha of Little Neon, is a novel about yearning and sisterhood, figuring out how you fit in (or don’t), and the unexpected friends who help you find your truest self Agatha has lived every day of the last nine years with her sisters: they work together, laugh together, pray together. Their world is contained within the little house they share. The four of them are devoted to Mother Roberta and to their quiet, purposeful life. But when the parish goes broke, the sisters are forced to move. They land in Woonsocket, a former mill town now dotted with wind turbines. They take over the care of a halfway house, where they live alongside their charges, such as the jawless Tim Gary and the headstrong Lawnmower Jill. Agatha is forced to venture out into the world alone to teach math at a local all-girls high school, where for the first time in years she has to reckon all on her own with what she sees and feels. Who will she be if she isn’t with her sisters? These women, the church, have been her home. Or has she just been hiding? Disarming, delightfully deadpan, and full of searching, Claire Luchette’s Agatha of Little Neon offers a view into the lives of women and the choices they make.

The Neon Rain James Lee Burke,1991 NEW YORK TIMES BESTSELLING AUTHOR JAMES LEE BURKE THE NEON RAIN Detective Dave Robicheaux has fought too many battles: in Vietnam, with killers and hustlers, with police brass, and with the bottle. Lost without his wife's love, Robicheaux's haunted soul mirrors the intensity and dusky mystery of New Orleans' French Quarter -- the place he calls home, and the place that nearly destroys him when he becomes involved in the case of a young prostitute whose body is found in a bayou. Thrust into the world of drug lords and arms smugglers, Robicheaux must face down a subterranean criminal world and come to terms with his own bruised heart in order to survive.

Beneath the Neon Matthew O'Brien,2007-03-07 Beneath the Neon: Life and Death in the Tunnels of Las Vegas chronicles O’Brien’s adventures in subterranean Las Vegas. He follows the footsteps of a psycho killer. He braces against a raging flood. He parties with naked crackheads. He learns how to make meth, that art is most beautiful where it’s least expected, that in many ways, he prefers underground Las Vegas to aboveground Las Vegas, and that there are no pots of gold under the neon rainbow.
