**Strangers in Love** Claudia Burgoa, 2024-03-29 USA TODAY BESTSELLING AUTHOR Claudia Burgoa finishes an emotional rockstar romance duet where second chances between soulmates could make the difference between love and loss. Karma is a... she's not nice. It's been ten long years since Jacob and I parted ways. I moved on... well, at least I thought I did. That was until I'm asked to clean the image of Jacob Decker. Rockstar, playboy, womanizer JC Decker. He's spoiled, rude, and inappropriate. I shouldn't take the job, but I need the money. I swallow my pride and work for him. Closely. Too close. That's when I uncover the wounds he hides. The scars underneath his dismissive attitude. And his shattered heart. Can I just walk away when I'm about to find the man I once loved? *Strangers In Love* is the conclusion of the highly angsty *Somehow Everlasting* novel.

**Loyalties** Evie Yoder Miller, 2020-10-09 Set against the backdrop of three major American Civil War battles at Antietam, Vicksburg, and Gettysburg, the same five narrators return to tell

the stories of what happened in their communities of conscience. Members of Mennonite, Amish, and German Baptist churches choose their loyalties, when their traditional belief of not participating in warfare collides with the demands of Union and Confederate forces. As state and national military drafts and exemptions sweep through the North and South, women and children find themselves raising crops in the Shenandoah Valley, while the menfolk join up or flee. Fretz Funk, a young man in Chicago, lives with uncertainty also, immersed in his new lumber business, disenchanted with the glorification of war on both sides, and disappointed by President Lincoln's slowness in establishing equality for dark-skinned people. A bishop in Iowa fears the growing fissures in the Amish church and sorts through his own failures. A family in western Virginia faces the repeated absence of Poppa, when he is forced to work as a teamster. The war pushes relentlessly from the summer of 1862 through January of 1864, creating a cumulative pressure of upheaval, dissension, resistance, and teetering faith among civilians.

*Endless Paths* Brooke Brutley, 2011-11-08 *Endless Paths* is a collection of poetry that came from authors love for humanity, self preservation and spiritual healing. She gives readers a glimpse into her of individual life of a complicated world that could never control. *Poetry By Which To Fight* Kimberly Ciesiolka,  
*The Opaque and Lights and Luminescence* Carol Thuy Pham, 2013-06-24 In the beginning it was lite and from the clerestory shows the luminescent. There was no other light except that coveted in the derelict grand building. All surrounding it was

dark amidst the night. There was only a photon of light that burns ardor from the luminescent. It was silence throughout the night and the candle was lite. All around there was no sound except the burning of the wick and its ignition. There seems to be no life except the motion that was occurring from the candle wick burning the wax that was left in eldritch contour. There was transformation. -Carol Thuy Pham

*The Art Kettle* Sinead Murphy, 2012-03-16 The theme of 'disinterest' is a dominant one in philosophical accounts of aesthetic experience, and, unlike many philosophical themes, it has had and continues to have a huge effect, on presuppositions about the nature of judgment, of feeling, of art, of resistance, of all of those experiences and activities that appear to operate at least partly outside of the given regulations of human existence. The Art Kettle has two aims: first, to show that 'modern' art - that is, art during and since the Enlightenment - is not only itself defined by 'disinterest,' by dearth of purpose, but functions as a standard for creativity, for free thinking, for choice, for indulgence, for questioning, and for protest, that suits very well the requirement, in our capitalist democracies, that differences and resistances expend themselves without effect on the combination of conservatism and consumption that supports these democracies; second, to show that the historical conflation of aesthetic experience and 'disinterest' is subject to resistance from another historical conflation: of aesthetic experience and use or purpose.

*Ocean's View* Laura Gabor, 2010-07-28 Like vast and unpredictable waters, the depth and the sensitivity of the human soul can be experienced through *Ocean's View*. From author Laura Gabor comes a heartfelt anthology that explores the human emotion and spirit. In this compilation, the author features poetry written in free verse; each poem flows like a rush of unguarded sentiments, reflecting thought and emotion in its rawest form. Love, friendship, confusion, personal strength, pain, hope, and other poignant subjects are expressed in this compilation, which

readers will find emotive. Gabor invites readers and literary enthusiasts to delve in this poetry collection and explore their personal emotions through the written word.

**Slim's Burma Boys** John Hill, 2019-07-01 Slim's Burma Boys relates the personal experiences of men who fought the Forgotten War of the Burma campaign. Hill wanted his readers to know what it was like to be there and with this in mind he selected a variety of operations and events from B Company of the 2nd Battalion, the Royal Berkshire Regiment, which he commanded. He was one of the only men to survive the border crossing into Burma. The Company earned two Military Crosses, a Distinguished Conduct Medal, four Military Medals, and a mention in Despatches. Hill conveys the intensity of involvement in the action, experiencing the adrenaline rush as well as the fear and courage of those who took part in swollen river crossings, patrols, ambushes, skirmishes and major actions against a ruthless and determined enemy who would never surrender. His memoir is of general interest as well as a fitting memoir to his men and should be prescribed reading for all would-be officers and soldiers.

**The Count; Or Sublunary Life** Count, 1848

**Revealing Your Secret** Gerard Tylor, 2017-07-04 "It began around the age of thirty, when I noticed an almost constant dissatisfaction arising within. I had at that point, a loving family, friends, home, health, an occupation, and all the requirements of living the so-called good life. Why, I asked myself, besides the rare flashes of momentary relief and satisfaction, am I basically unhappy and experiencing some form of suffering most of the time? As I observed and questioned others around me, they too privately admitted to be unhappy and dissatisfied, which brought up a most important question: What is it that prevents the state of happiness from being self-realized? Over the years I came to understand that it is indeed possible to free and liberate yourself from what is commonly unnoticed by most, and that is your own falsely created identity that you call "self". I came to realize that

you are always- already established in unity with Being itself and can never possibly be separated from its source. Your part? Apply the way of self-realizing this eternal and ever- present relationship of Oneness with Reality itself, and surrender to its self-existing and self-radiant nature of blissful happiness as your own real and true self-state."

**A Flower in a Box** Bradley Perera,2015-08-05 This is about a becoming of choice that can be involved with betrayal, proposing it with an instinct of survival. Once in assurance, which must be by reaching your own estimation and not that of others, you are then capable of accepting and admitting the proposal. It becomes a productive combination, and in feeling this, each is made a comparative sake. To become identified as a part of each other still remains a suggestive take. So the connection is determined, and for however long that bond, though still unspecified, remains by definition as attorney of each, a relationship exists as a circumspective way. It is not always a matter of reliance that each can depend on but exists as a dependency, so trust is found, and the likeness the other defines is as the friend frays.

**Proverb Masters** Raymond Summerville,2024-04-23 In Proverb Masters: Shaping the Civil Rights Movement, author Raymond Summerville explores how proverbs and proverbial

language played a significant role in the long civil rights era. Proverbs have been used throughout history to share and disseminate brief, powerful statements of truth and philosophical insight. Oftentimes, these sayings have helped unite people in struggles for social justice, serving as rallying cries for just causes. During the civil rights era, proverbs allowed leaders to craft powerful and evocative messages. These statements needed to be made implicitly, as explicit messages were often met with retaliation and even violence. Looking at the autobiographies, biographies, speeches, diaries, letters, and critical texts of Charles W. Chesnutt, Ida B. Wells, A. Philip Randolph, Bob Dylan, Malcom X, Stokely Carmichael, and Septima Clark, the volume analyzes how these figures employed proverbs in support of social justice causes and in civil rights struggles. Summerville argues that these individuals generated enough print material embedded with proverbs and proverbial language that they should be considered proverb masters. With chapters dedicated to each figure, Summerville reveals their adept uses of this powerful linguistic tool.
