*Give Me the Now* Rudolf Zwirner, Nicola Kuhn, 2021-01-26 Rudolf Zwirner, "the man who invented the art market," as coined in *Der Spiegel*, reflects on more than sixty years in the art business in his authoritative autobiography. "Americans now see Germany as a natural breeding ground for mighty gallerists and collectors, but Rudolf Zwirner's fascinating new memoir walks us through the decades it took to rebuild an art world shattered by World War II. In this dealer's charming telling, however, the work involved sounds more like play than labor." —Blake Gopnik, author of *Warhol An art dealer of the ages*, Rudolf Zwirner, father of the esteemed gallerist David Zwirner, reached many milestones in his career. From cofounding Art Cologne, the first fair for contemporary art, in 1967, to showing works by Georg Baselitz, Gerhard Richter, and Andy Warhol, Zwirner transformed the contemporary art scene in Cologne. Born in 1933, he presented more than three hundred exhibitions from the early 1960s to 1992. In his autobiography, Zwirner reveals stories of artists, his gallery, and his most important collector, Peter Ludwig, whose collection forms the cornerstone of the Ludwig Museum in Cologne. First published in 2019 in German, and translated and adapted here for the first time in English, the book explores the most significant moments of Zwirner's career and the fast-changing postwar art world. Also included in this edition is a new foreword by Lucas Zwirner, Rudolf's grandson, who reflects on his grandfather's role in bringing us to the global art landscape we find ourselves in now.

author shows how to connect to the indestructible essence of our Being, the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death. **Enlightenment Now** Steven Pinker, 2018-02-13 INSTANT NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR My new favorite book of all time. --Bill Gates If you think the world is coming to an end, think again: people are living longer, healthier, freer, and happier lives, and while our problems are formidable, the solutions lie in the Enlightenment ideal of using reason and science. By the author of the new book, *Rationality*. Is the world really falling apart? Is the ideal of progress obsolete? In this elegant assessment of the human condition in the third millennium, cognitive scientist and public intellectual Steven Pinker urges us to step back from the gory headlines and prophecies of doom, which play to our psychological biases. Instead, follow the data: In seventy-five jaw-dropping graphs, Pinker shows that life, health, prosperity, safety, peace, knowledge, and happiness are on the rise, not just in the West, but worldwide. This progress is not the result of some cosmic force. It is a gift of the Enlightenment: the conviction that reason and science can enhance human flourishing. Far from being a naïve hope, the Enlightenment, we now know, has worked. But more than ever, it needs a vigorous defense. The Enlightenment project swims against currents of human nature--tribalism, authoritarianism, demonization, magical thinking--which demagogues are all too willing to exploit. Many commentators, committed to political, religious, or romantic ideologies, fight a rearguard action against it. The result is a corrosive fatalism and a willingness to wreck the precious institutions of liberal democracy and global cooperation. With intellectual depth and literary flair, *Enlightenment Now* makes the case for reason, science, and humanism: the ideals we need to confront our problems and continue our progress.

**Everything Now** Rosecrans Baldwin, 2021-06-15 A LOS ANGELES TIMES BESTSELLER. NAMED A BEST CALIFORNIA BOOKS OF 2021 BY THE NEW YORK TIMES A provocative, exhilaratingly new understanding of the United States' most confounding metropolis—not just a great city, but a full-

blown modern city-state America is obsessed with Los Angeles. And America has been thinking about Los Angeles all wrong, for decades, on repeat. Los Angeles is not just the place where the American dream hits the Pacific. (It has its own dreams.) Not just the vanishing point of America's western drive. (It has its own compass.) Functionally, aesthetically, mythologically, even technologically, an independent territory, defined less by distinct borders than by an aura of autonomy and a sense of unfurling destiny—this is the city-state of Los Angeles. Deeply reported and researched, provocatively argued, and eloquently written, Rosecrans Baldwin's *Everything Now* approaches the metropolis from unexpected angles, nimbly interleaving his own voice with a chorus of others, from canonical L.A. literature to everyday citizens. Here, Octavia E. Butler and Joan Didion are in conversation with activists and astronauts, vampires and veterans. Baldwin records the stories of countless Angelenos, discovering people both upended and reborn: by disasters natural and economic, following gospels of wealth or self-help or personal destiny. The result is a story of a kaleidoscopic, vibrant nation unto itself—vastly more than its many, many parts. Baldwin's concept of the city-state allows us, finally, to grasp a place—Los Angeles—whose idiosyncrasies both magnify those of America, and are so fully its own. Here, space and time don't quite work the same as they do elsewhere, and contradictions are as stark as southern California's natural environment. Perhaps no better place exists to watch the United States's past, and its possible futures, play themselves out. Welcome to Los Angeles, the Great American City-State.

*What Is History, Now?* Suzannah Lipscomb, Helen Carr, 2021-09-23 'THE history book for now. This is why and how historians do what they do. And why they need to' Dan Snow 'What is History, Now? demonstrates how our constructs of the past are woven into our modern world and culture, and offers us an illuminating handbook to understanding this dynamic and shape-shifting subject. A thought-provoking, insightful and necessary re-examination of the subject' Hallie Rubenhold, author of *The Five* 'The importance of history is becoming more evident every day, and this humane book is an essential navigation tool. Urgent and utterly compelling' Sathnam Sanghera, author of *Empireland* 'Important and exciting' Kate Williams, author of *Rival Queens* Inspired by the influential text *WHAT IS HISTORY?* authored by Helen Carr's great-grandfather, E.H. Carr, and published on the 60th anniversary of that book, this is a groundbreaking new collection addressing the burning issue of how we interpret history today. What stories are told, and by whom, who should be celebrated, and what rewritten, are questions that have been asked recently not just within the history world, but by all of us. Featuring a diverse mix of writers, both bestselling names and emerging voices, this is the history book we need NOW. *WHAT IS HISTORY, NOW?* covers topics such as the history of racism and anti-racism, queer history, the history of faith, the history of disability, environmental history, escaping imperial nostalgia, hearing women's voices and 'rewriting' the past. The list of contributors includes: Justin Bengry, Leila K Blackbird, Emily Brand, Gus Casely-Hayford, Sarah Churchwell, Caroline Dodds Pennock, Peter Frankopan, Bettany Hughes, Dan Hicks, Onyeka Nubia, Islam Issa, Maya Jasanoff, Rana Mitter, Charlotte Riley, Miri Rubin, Simon Schama, Alex von Tunzelmann and Jaipreet Virdi.

**Our Time Is Now** Stacey Abrams, 2020-06-09 From New York Times bestselling author of *Lead From The Outside* and political leader Stacey Abrams, a blueprint to end voter suppression, empower our citizens, and take back our country. With each page, she inspires and empowers us to create systems that reflect a world in which all voices are heard and all people believe and feel that they matter. —Kerry Washington A recognized expert on fair voting and civic engagement, Abrams chronicles a chilling account of how the right to vote and the principle of democracy have been and continue to be under attack. Abrams would have been the first African American woman governor, but experienced these effects firsthand, despite running the most innovative race in modern politics as the Democratic nominee in Georgia. Abrams didn't win, but she has not conceded. The book compellingly argues for the importance of robust voter protections, an elevation of identity politics, engagement in the census, and a return to moral international leadership. *Our Time Is Now* draws on extensive research from national organizations and renowned scholars, as well as anecdotes from her life and others' who have fought throughout our country's history for the power to be heard. The

stakes could not be higher. Here are concrete solutions and inspiration to stand up for who we are?now. This is a narrative that describes the urgency that compels me and millions more to push for a different American story than the one being told today. It's a story that is one part danger, one part action, and all true. It's a story about how and why we fight for our democracy and win. - Stacey Abrams

**Hush Now** L. A. Green,2012-09-01 When Rebecca Montgomery, daughter of wealthy plantation owner Grafton Montgomery, falls in love with Ruth, a slave, her life is turned upside down. Their journey of self-discovery takes place in a historical period of the imagination-one filled with vibrant characters, intrigue, danger, and the underlying theme of hope. Touching and humorous, this story takes a look not at what was, but what might have been. The seeds of this idea were planted at the Venetian hotel in Las Vegas. We looked out the window and tried to imagine a time in history when people chose to settle this rugged, Godforsaken terrain. Enthralled by the enigmatic desert landscape, we began our fantastical adventure. The view inspired a conversation that evoked the question, what if? That question catapulted us to a place in history that provided an intriguing and complex backdrop for our story. What if you had been a slave and I a plantation owner's daughter? The thought was horrifying, yet intriguing. *Hush Now* is a love story, a tale about secrets that might never have been told, had we not allowed our imaginations to run wild... Bonnie Lee Ann Harrison chose her penname L. A. Green to combine her name with the book's cocreator, Gleycia Green. Canadian-born Harrison has a BA Honours in performance theatre from the University of Winnipeg and an MFA in theatre performance from the University of Florida. After graduate school, she worked professionally as an actor and was Director of Education at the Hippodrome State Theatre in

*Maus Now* Hillary Chute, 2022-11-15 Richly illustrated with images from Art Spiegelman's *Maus* ("the most affecting and successful narrative ever done about the Holocaust" —The Wall Street Journal), *Maus Now* includes work from twenty-one leading critics, authors, and academics—including Philip Pullman, Robert Storr, Ruth Franklin, and Adam Gopnik—on the radical achievement and innovation of *Maus*, more than forty years since the original publication of "the first masterpiece in comic book history" (The New Yorker). Pulitzer Prize-winning cartoonist Art Spiegelman is one of our most influential contemporary artists; it's hard to overstate his effect on postwar American culture. *Maus* shaped the fields of literature, history, and art, and has enlivened our collective sense of possibilities for expression. A timeless work in more ways than one, *Maus* has also often been at the center of debates, as its recent ban by the McMinn County, Tennessee, school board from the district's English language-arts curriculum demonstrates. *Maus Now: Selected Writing* collects responses to Spiegelman's monumental work that confirm its unique and terrain-shifting status. The writers approach *Maus* from a wide range of viewpoints and traditions, inspired by the material's complexity across four decades, from 1985 to 2018. The book is organized into three loosely chronological sections—"Contexts," "Problems of Representation," and "Legacy"—and offers for the first time translations of important French, Hebrew, and German essays on *Maus*. *Maus* is revelatory and generative in profound and long-lasting ways. With this collection, American literary scholar Hillary Chute, an expert on comics and graphic narratives, assembles the world's best writing on this classic work of graphic testimony.
