**Adam Freeman, Marc Bernardin**

*Push* Sapphire, 2011-06-22 A new 25th anniversary edition of the instant classic that inspired the major motion picture and Sundance Film Festival winner *Precious: Based on the Novel by Sapphire*, whose power and ferocity influenced a generation of writers. *Precious Jones*, an illiterate sixteen-year-old, has up until now been invisible to the father who rapes her and the mother who batters her and to the authorities who dismiss her as just one more of Harlem's casualties. But when *Precious*, pregnant with a second child by her father, meets a determined and radical teacher, we follow her on a journey of education and enlightenment as she learns not only how to write about her life, but how to make it truly her own for the first time.

**The Push** Patrick Gray, 2018 When Marcus moved next door to John, they instantly knew they'd be friends. Now John and Marcus do almost everything together, with Marcus pushing John's wheelchair and John fueling their escapades with jokes. Through their friendship, the boys discover that their unique gifts make them stronger together. Full color.

*Push* Sapphire, 1996 *Push: Based on the Novel by Sapphire*, directed by Lee Daniels and written by Damien Paul GRAND JURY PRIZE and AUDIENCE AWARD winner at the 2009 Sundance Film Festival Relentless, remorseless, and inspirational, this horrific, hope-filled story (*Newsday*) is certain to haunt a generation of readers. *Precious Jones*, 16 years old and pregnant by her father with her second child, meets a determined and highly radical teacher who takes her on a journey of transformation and redemption.

PUSH Chalene Johnson, 2011-12-20 A fitness guru offers a 30-day program for losing weight and cleaning up one's act, in a book that includes complete workouts, good advice and 30 recipes.

Don't Push the Button! Bill Cotter, 2013-11 There's only one rule in Larry's book: don't push the button. (Seriously, don't even think about it!) Even if it does look kind of nice, you must never

push the button. Who knows what would happen? Okay, quick. No one is looking... push the button. Uh, oh.

*Push* Nyla K, 2019-09-15 To the unassuming observer, Ben Lockwood is your typical, suburban dad. Aside from the fact that he's only thirty-six and his daughter is a sophomore in college. He and his wife, Jessica, had their only daughter, Hailey, when they were in high school. So you can imagine the unease Ben is feeling when said daughter brings her new boyfriend home for Thanksgiving; To stay, in their house, for the whole weekend. Ryan Harper, otherwise known as The Boyfriend, is every dread Ben's ever had in his daughter dating come to fruition. There's nothing wrong with Ryan. He's polite, smart, and charming; He doesn't have any neck tattoos or facial piercings, and he drives a BMW. But still, he's dating Ben's daughter. That makes him a threat. It's in Ben's best interest to keep an eye on the kid. You know, to make sure there's no funny business going on under his roof. Unfortunately for him, the tension in the house is less about Ryan being his daughter's boyfriend, and more about him being a strangely intriguing human. And soon enough, Ben can't tell if he's watching Ryan to protect his daughter's innocence, or obliterate his own. It seems like the boring married-guy image isn't going to hold up for long; Not after this bizarre, life-changing weekend. What are these new, strange feelings and desires? Where did they come from? And why do they have to center around what belongs to his daughter? Ben and Ryan's situation couldn't get much more complicated; Until Jessica steps into the mix. An unexpected push is all it took for their lives to change forever.

**The Push** Tommy Caldwell,2018-04-19 A dramatic, inspiring memoir by legendary rock climber Tommy Caldwell, the first person to free climb the Dawn Wall of Yosemite's El Capitan. On January 14, 2015, Tommy Caldwell, along with his partner, Kevin Jorgeson, summited what is widely regarded as the hardest climb in history Yosemite's nearly vertical 3,000-foot Dawn Wall, after nineteen days on the route. Caldwell's odds-defying feat was the culmination of an entire lifetime of pushing himself to his limits as an athlete. This engrossing memoir chronicles the journey of a boy with a fanatical mountain-guide father who was determined to instill toughness in his son to a teen whose obsessive nature drove him to the top of the sport-climbing circuit. Caldwell's affinity for adventure then led him to the vertigo-inducing and little understood world of big wall free climbing. But his evolution as a climber was not without challenges; in his early twenties, he was

held hostage by militants in a harrowing ordeal in the mountains of Kyrgyzstan. Soon after, he lost his left index finger in an accident. Later his wife, and main climbing partner, left him. Caldwell emerged from these hardships with a renewed sense of purpose and determination. He set his sights on free climbing El Capitan's biggest, steepest, blankest face the Dawn Wall.

Push Turn Move Kim Bjørn, 2017

*I'm Gonna Push Through!* Jasmyn Wright, 2020-02-18 Based on the Push Through movement that inspires kids worldwide, this is an empowering, energetic, and all-inclusive picture book that celebrates resilience in the face of adversity. Hold your head high. No matter what stands in the way of your dreams, remember this: YOU can push through anything! If someone tells you it's too hard, don't you ever listen. You tell them, "I'm gonna push through!" Inspired by a mantra written for her third-grade students, Jasmyn Wright's uplifting call to "push through" is an invitation to young readers to announce their own power and to recognize and reaffirm that of others, regardless of setbacks. Her empowering words not only lift children up, but show them how to lift themselves up and seize their potential.

**The Push** Tommy Caldwell, 2017-05-16 A New York Times Bestseller A dramatic, inspiring memoir by legendary rock climber Tommy Caldwell, the first person to free climb the Dawn Wall of Yosemite's El Capitan "The rarest of adventure reads: it thrills with colorful details of courage and perseverance but it enriches readers with an absolutely captivating glimpse into how a simple yet unwavering resolve can turn adversity into reward." —The Denver Post A finalist for the Boardman Tasker Award for Mountain Literature On January 14, 2015, Tommy Caldwell, along with his partner, Kevin Jorgeson, summited what is widely regarded as the hardest climb in history—Yosemite's nearly vertical 3,000-foot Dawn Wall, after nineteen days on the route. Caldwell's odds-defying feat—the subject of the documentary film *The Dawn Wall* to be released nationwide in September—was the culmination of

an entire lifetime of pushing himself to his limits as an athlete. This engrossing memoir chronicles the journey of a boy with a fanatical mountain-guide father who was determined to instill toughness in his son to a teen whose obsessive nature drove him to the top of the sport-climbing circuit. Caldwell's affinity for adventure then led him to the vertigo-inducing and little understood world of big wall free climbing. But his evolution as a climber was not without challenges; in his early twenties, he was held hostage by militants in a harrowing ordeal in the mountains of Kyrgyzstan. Soon after, he lost his left index finger in an accident. Later his wife, and main climbing partner, left him. Caldwell emerged from these hardships with a renewed sense of purpose and determination. He set his sights on free climbing El Capitan's biggest, steepest, blankest face—the Dawn Wall. This epic assault took more than seven years, during which time Caldwell redefined the sport, found love again, and became a father. *The Push* is an arresting story of focus, drive, motivation, endurance, and transformation, a book that will appeal to anyone seeking to overcome fear and doubt, cultivate perseverance, turn failure into growth, and find connection with family and with the natural world.

*I'll Push You* Patrick Gray, Justin Skeesuck, 2017-06-06 2018  
ECPA Christian Book Award Winner 2018 Christopher Award Winner Two best friends, 500 miles, one wheelchair, and the challenge of a lifetime. Friendship takes on new meaning in this true story of Justin and Patrick, born less than two days apart in

the same hospital. Best friends their whole lives, they grew up together, went to school together, and were best man in each other's weddings. When Justin was diagnosed with a neuromuscular disease that robbed him of the use of his arms and legs, Patrick was there, helping to feed and care for him in ways he'd never imagined. Determined to live life to the fullest, the friends refused to give into despair or let physical limitations control what was possible for Justin. So when Justin heard about the Camino de Santiago, a 500-mile trek through Spain, he wondered aloud to Patrick whether the two of them could ever do it. Patrick's immediate response was: "I'll push you." *I'll Push You* is the real-life story of this incredible journey. A travel adventure full of love, humor, and spiritual truth, it exemplifies what every friendship is meant to be and shows what it means to never find yourself alone. You'll discover how love and faith can push past all limits—and make us the best versions of ourselves.

*Push and Pull* Robin Nelson, 2004-01-01 Simple text introduces the different effects that pushing and pulling can have on objects.

Push Relentless Aaron, 2007-02-06 Relentless is seriously getting his grind on. --Vibe Reginald Push Jackson was a good kid from Harlem. He never meant to do anyone any harm. His parents raised him better than that...But then they were murdered and he was left on his own. And that's when the real trouble began... Street fights. Guns. Drugs. Push fought his way through the back alleys to become one of Harlem's most powerful players. He made a name for himself for being tough. But he was loyal, too. Push would do anything to keep his loving sister, and his baby nephew, out of harm's way--until the law caught up with him, and he landed himself in a federal penitentiary. Relentless is very real. --98.7 KISS FM Fifteen years later, Push has paid his dues. Though he planned to leave the thug life behind once he got out prison, he suddenly finds himself back in the game. But this time there are new players, and the rules are more dangerous--and deadly--than ever...

**Push** Mike D'Errico, 2022 *Push: Software Design and the Cultural Politics of Music Production* shows how changes in the design of music software in the first decades of the twenty-first century shaped the production techniques and performance practices of artists working across media, from hip-hop and electronic dance music to video games and mobile apps. Emerging alongside developments in digital music distribution such as peer-to-peer file sharing and the MP3 format, digital audio workstations like FL Studio and Ableton Live introduced design affordances that encouraged rapid music creation workflows through flashy, user-friendly interfaces. Meanwhile, software such as Avid's Pro Tools attempted to protect its status as the industry standard, professional DAW of choice by incorporating design elements from pre-digital music technologies. Other software, like Cycling 74's Max, asserted its alterity to commercial DAWs by presenting users with nothing but a blank screen. These are more than just aesthetic design choices. *Push* examines the social, cultural, and political values designed into music software, and how those values become embodied by musical communities through production and performance. It reveals ties between the maximalist design of FL Studio, skeuomorphic design in Pro Tools, and gender inequity in the music products industry. It connects the computational thinking required by Max, as well as iZotope's innovations in artificial intelligence, with the cultural politics of Silicon Valley's design thinking. Finally, it thinks through what happens when software becomes hardware, and users externalize their screens through the use of MIDI controllers, mobile media, and video game controllers. Amidst the perpetual upgrade culture of music technology, *Push* provides a model for understanding software as a microcosm for the increasing convergence of globalization, neoliberal capitalism, and techno-utopianism that has come to define our digital lives.

*Push* Johnny Quinn, 2018

**The Push** Claire McGowan, 2020-11 From the bestselling

author of *What You Did* comes a stunning psychological thriller. One party. Thirteen people. By 3.02 p.m., one of them will be dead. The party should have been perfect: six couples from the same baby group, six newborns, a luxurious house. But not everything has gone to plan, and while some are here to celebrate, others have sorrows to drown. When someone falls from the balcony of the house, the secrets and conflicts within the group begin to spill out ... DS Alison Hegarty, herself struggling with infertility, is called in to investigate. She's convinced the fall was not an accident, and finds the new parents have a lot to hide. Wealthy Ed and Monica show off their newborn while their teenage daughter is kept under virtual house arrest. Hazel and Cathy conceived their longed-for baby via an anonymous sperm donor--or so Hazel thinks. Anita and Jeremy planned to adopt from America, but there's no sign of the child. Kelly, whose violent boyfriend disrupted previous group sessions, came to the party even though she lost her baby. And then there's Jax, who's been experiencing strange incidents for months--almost like someone's out to get her. Is it just a difficult pregnancy? Or could it be payback for something she did in the past? It's a nightmare of a case, and as events get even darker it begins to look impossible. Only one thing is clear: they all have something to hide. And for one of them, it's murder.
