**Meredith Jones, Evelyn Callahan**

**The Penis Book** Aaron Spitz, M.D.,2018-02-20 What's the weirdest thing you've ever wanted to know about the penis but were afraid to ask? Dr. Aaron Spitz has that answer—and many more. Let Dr. Spitz—who served as assistant clinical professor at UC Irvine's Department of Urology for 15 years and who is a regularly featured guest on The Doctors—become your best friend as he fearlessly guides you through the hairiest and the scariest questions in The Penis Book. An unflinching, comprehensive guide to everything from sexually transmitted infections to the science of blood flow, The Penis Book prominently features an easy-to-follow holistic five-step plan for optimum penis health, including plant-based eating recommendations, information on some penis-healthy foods, and suggested exercises for penis wellbeing. Useful to men and women alike, The Penis Book is a one-stop-shop for the care and maintenance of the penis in your life.

**Cultural Encyclopedia of the Penis** Michael Kimmel,Christine Milrod,Amanda Kennedy,2014-09-26 Peter. Pecker. Wiener. Dick. Schlong. Penis. Whatever we choose to call it, the penis is more than just a body part. This A-to-Z encyclopedia explores the cultural meanings, interpretations, and activities associated with the penis over the centuries and across cultures. Scholars, activists, researchers and clinicians delve into the penis in antiquity, in art, in religion, in politics, in media, in music, and in the cultural imagination. They examine the penis as a problem, a fetishized commodity, a weapon, an object of play. Penile décor and fashions—from piercings to koteka—are treated with equal dignity. Explanation of common medical terms and not-so-common subcultural practices add to the broad scope of the book. Taken together, the Cultural Encyclopedia of the Penis offers refreshing, thoughtful, and wide-ranging insight into this malleable, meaningful body part.

A Mind of Its Own David M. Friedman,2008-09-04 Whether enemy or ally, demon or god, the source of satisfaction or the root of all earthly troubles, the penis has forced humanity to wrestle with its enduring mysteries. Here, in an enlightening and entertaining cultural study, is a book that gives context to the central role of the penis in Western civilization. A man can hold his manhood in his hand, but who is really gripping whom? Is the penis the best in man -- or the beast? How is man supposed to use it? And when does that use become abuse? Of all the bodily organs, only the penis forces man to confront such contradictions: something insistent yet reluctant, a tool that creates but also destroys, a part of the body that often seems apart from the body. This is the conundrum that makes the penis both hero and villain in a drama that shapes every man -- and mankind along with it. In A Mind of Its Own, David M. Friedman shows that the penis is more than a body part. It is an idea, a conceptual but flesh-and-blood measuring stick of man's place in the world. That men have a penis is a scientific fact; how they think about it, feel about it, and use it is not. It is possible to identify the key moments in Western history when a new idea of the penis addressed the larger mystery of man's relationship with it and changed forever the way that organ was conceived of and put to use. A Mind of Its Own brilliantly distills this complex and largely unexamined story. Deified by the pagan cultures of the ancient world and demonized by the early Roman church, the organ was later secularized by pioneering anatomists such as Leonardo da Vinci. After being measured scientifically in an effort to subjugate some races while elevating others, the organ was psychoanalyzed by Sigmund Freud. As a result, the penis assumed a paradigmatic role in psychology -- whether the patient was equipped with the organ or envied those who were. Now, after being politicized by feminism and exploited in countless ways by pop culture, the penis has been medicalized. As no one has before him, Friedman shows how the arrival of erection industry products such as Viagra is more than a health or business story. It is the latest -- and perhaps final -- chapter in one of the

longest sagas in human history: the story of man's relationship with his penis. *A Mind of Its Own* charts the vicissitudes of that relationship through its often amusing, occasionally alarming, and never boring course. With intellectual rigor and a healthy dose of wry humor, David M. Friedman serves up one of the most thought-provoking, significant, and readable cultural works in years.

**Penis Pokey** Christopher Behrens, 2006-06-01 The Book Where You're the Star! Every scene in *Penis Pokey* has one thing missing—and you have to complete the picture. Are you up to the challenge?

**Manhood** Mels van Driel, 2010-01-30 In *Manhood*, experienced urologist and sexologist Mels van Driel offers an unprecedented history of the penis—with answers to everything you wanted to know, and even some questions you'd never thought to ask. Investigating the penis and its functions, van Driel's work ranges from impotence to the speed of ejaculation, and from inguinal hernia to infertility. Psychological factors that have an impact on sexual experience, as well as contemporary phenomena, such as cyber sex, are examined along the way with good humor and much insight.

**The Penis Dialogues** Gabriel Constans, 2003 A heads-up, hands-on exploration of the male member that is both amusing and informative. Men speak of their feelings about sexuality, gender experience of being male with honesty and insight.

**The Book of the Penis** Maggie Paley, 2000-06-20 "Should be required reading for anyone who has a penis, wants a penis, or loves someone who has or wants a penis . . . titillating and informative."—Dan Savage, New York Times bestselling author The almighty penis (a.k.a. dick, schlong, pecker, rod, tool, Johnson, etc.) has long been a major object of adoration, revulsion, ridicule, amazement, joy, pride, and even frustration. But does anyone fully understand the penis? Novelist, playwright, and journalist Maggie Paley immersed herself in the obsessive world of this most forthright of organs, looking for answers high and low. She pored over scholarly volumes, anthropology texts, and sex-shop glossies; interviewed sex workers, transsexuals, and phallus connoisseurs of all stripes; attended male strip shows and a Hindu lingam ceremony; visited web sites where men share masturbation techniques; and even searched out the current location of Napoleon's penis. And, yes, she objectively addresses the big question: "Does size matter?" Along the way, we encounter deliciously entertaining and highly informative chapters on penis worship, fellatio, and men who are famous for their dicks, as well as the penis in art, fashion, literature, films, and much more. In this "clever and hilarious" book—delightfully illustrated by Sergio Ruzzier—"Paley humanizes the penis by exposing the pervasive social and cultural baggage associated with it . . . Damn good" (Bust). "[Paley] hits the subject on the head."—Playboy "Spirited, filled with fact and some fancy, emphasizing the penis's power to drive male behavior but designed to make both women and men more comfortable with the dreaded word—and perhaps even the actuality—penis."—Kirkus Reviews

**Performing the Penis** Meredith Jones, Evelyn Callahan, 2022-07-29 This book will be the first collection that offers an overview and case studies around understandings and manifestations of penises and phalluses in the early twenty-first century. It examines how penises and phalluses are experienced and represented, drawing on examples from pornography, stripping, music video, film, surgery, and comedy. The penis—along with its twin the phallus—has been used to symbolise strength, fertility, and power but also bestiality, violence, and the 'savage'. It has been worshipped, feared, and mocked. With contributing authors deploying conceptual frameworks based in philosophy, cultural studies, gender studies, affect theory, film theory, feminist theory, art theory, sociology, history, medical anthropology and media studies, this volume will appeal to a broad range of scholars and all who are interested in bodies, genitals, gender, and contemporary cultures.

A Mind of Its Own David M. Friedman,2001 Whether enemy or ally, demon or god, the source of satisfaction or the root of all earthly troubles, the penis has forced humanity to wrestle with its enduring mysteries. Here, in an enlightening and entertaining cultural study, is a book that gives context to the central role of the penis in Western civilization. In *A Mind of Its Own*, David M. Friedman shows that the penis is more than a body part. It is an idea, a conceptual but flesh-and-blood measuring stick of man's place in the world. That men have a penis is a scientific fact; how they think about it, feel about it, and use it is not. It is possible to identify the key moments in Western history when a new idea of the penis addressed the larger mystery of man's relationship with it and changed forever the way that organ was conceived of and put to use. *A Mind of Its Own* brilliantly distills this complex and largely unexamined story.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **Your Penis** Michel Lenois,2021-02-27 The full book about the little fireman. This is the book you've been waiting for -- an in-depth look at the penis that tells you everything you need and want to know, including the chapter many will turn to first: how to increase the size of your penis, what works and what doesn't. *Your Penis* is an exhaustive guide to the willy, the dick, the Johnson, examining its anatomy, function, dimensions, familiar problems and cultural significance. There are sections on what mistreatments it is frequently subjected to, how to dress it up, how to make it grow, how to help it age well and what nicknames we've given it (there are over 126!). This book is replete with interesting facts from the human and animal worlds: Did you know that the argonaut octopus has a detachable penis that can swim to the female's mantle in order to fertilize her? That Rasputin's pecker is preserved in formaldehyde at the Museum of Eroticism in Saint Petersburg? That certain foreskins acquired from circumcisions are used in the creation of cosmetic creams? That the penis is quite capable of tanning? Written by a general practitioner from a scientific and medical point of view, but with anecdotes and a little bit of cheeky mischief thrown in, *Your Penis* gives us improbable stories, fascinating clinical cases and loads of useful information. Contents of this book include: Penises of the animal world, from snail to elephant Erections -- including nocturnal and post-mortem erections Sizes -- how to measure, what's normal, and some remarkable penises Increasing the size of the penis -- food supplements, gels, injections, extenders, surgery Erectile dysfunction -- including dysfunction caused by drugs and alcohol and how to fix Circumcision -- for and against Hygiene, piercings and tattoos Aging and the urinary system and prostate Legends of priapism, candiru fish, fractured penis, penis weightlifting

A Boy's Basic Guide to Puberty Mike Baldasarre,2014-07-31 Puberty does not have to be chaotic and can be tolerable with the right tools and education. *A Boy's Basic Guide to Puberty's* intent is to educate young boys about some of the changes they will experience in the pre-teen and teen years. Topics are discussed with both medical and laymen terminology so that a complete understanding is achieved. It's non-intimidating format allows for open communication with friends, parents, or other trusted adults. It provides useful information without all the overwhelming details.

*Phallacy* Emily Willingham,2020-09-22 A wry look at what the astonishing world of animal penises can tell us about how we use our own. The fallacy sold to many of us is that the penis signals dominance and power. But this wry and penetrating book reveals that in fact nature did not shape the penis--or the human attached to it--to have the upper...hand. *Phallacy* looks closely at some of nature's more remarkable examples of penises and the many lessons to learn from them. In tracing how we ended up positioning our nondescript penis as a pulsing, awe-inspiring shaft of all masculinity and human dominance, *Phallacy* also shows what can we do to put that penis back where it belongs. Emphasizing our human capacities for impulse control, *Phallacy* ultimately challenges the toxic

message that the penis makes the man and the man can't control himself. With instructive illustrations of unusual genitalia and tales of animal mating rituals that will make you particularly happy you are not a bedbug, Phallacy shows where humans fit on the continuum from fun to fatal phalli and why the human penis is an implement for intimacy, not intimidation.

**Increase Your Male Power** David Joseph,

*The Small Penis Bible* Ant Smith, 2016-12-14 IF YOU CAN'T BEAT THEM... After living with penis size anxiety for most of his 50 years author, Ant Smith, decided we needed an honest self-help book on the subject. Something to turn up in search results other than the endless (and expensive) so called 'enlargement guides'. After organising London's first ever Big Small Penis Party and giving countless interviews on what it's like living with a little willy, Ant has plenty to say on the matter! You will read the only methods for penis enlargement in this book. But more importantly you will read how to overcome the anxiety itself - because without managing that, no size is ever going to lead to peace. THIS IS A REALLY TOUGH SUBJECT so there is plenty of humour, candour and real-life stories in these pages. If you are suffering yourself, or if you are body-positive, or if you are just curious THIS is a must read.

**The Penis Book** Joseph Cohen, 2006-01-01 Ah, the trusty penis. The cock, knob, widgie, pink python, groin bollard - call it what you will, this is one part of the male anatomy that never ceases to provide endless fascination and frequently mirth. Half the population have one and the other half, so Freud would have us believe, would like to. And yet still our flaccid friend is so often misunderstood. The Penis Book seeks to redress the balance, exposing all (quite literally) there is to know about the honourable member. Throbbing with facts, figures, photos and illustrations, the book leaves no foreskin unturned in its quest to bring you the low-down on its subject. Told with wit, vim and lashings of wicked humour, even the most prudish won't be able to resist raising a smile (and perhaps something else). The Penis Book is a celebration of the male member in all its purple-helmeted glory. So whether you're male or female, straight or gay, you'll find something in here to titillate and stimulate...

Members Club Piet Hoebeke, 2020-11-03 Wherever there are people, there are penises. And even though men always carry their penis with them, we might not know it as well as we think... Members Club is a fascinating and important exploration of the penis written by leading urologist, Piet Hoebeke. 'Piet Hoebeke knows dick all, which in this case is the highest compliment.' - Tom Rosenthal Half of the world's population has one; the other half sometimes comes into contact with it, and yet a great deal of ignorance exists regarding the penis. Join celebrated professor of urology Piet Hoebeke, one of the world's leading experts in his field, as he sets out to clarify the mysteries of the male reproductive organ. Professor Hoebeke draws on his years of experience to address the key questions, such as: What is the ideal penis? What's the best technique for taking a pee? Why is an erection that lasts 24 hours a bad thing? And, of course: What to do when your foreskin gets stuck between the zipper of your trousers? Other areas covered include: the evolution of the penis, size, deviations, sexual health, the disturbed relationship between the man and his penis, sperm production, and the art of good penis maintenance. Members Club is the no-nonsense guide every penis user needs.

*The Little Penis: A Finger Puppet Parody Book* Craig Yoe, 2013-01-08 Meet Little Penis, the cute dinky winky you bring to life when you put your finger in the puppet in this delightfully crass and hilarious parody board book for adults. This board book parodies children's finger puppet books with its bold colors and simple illustrations, but this book is not for children! Instead, put your finger in the hole in the back of the book, and follow the adventures of Little Penis as he goes swimming (poor shrinking Penis!); gets out of bed early, so big and tall; gets a gentle kiss and hug (along with a good hard tug); head to a bar, gets drunk, and hooks up; and

more—getting bigger and bigger with the turn of each page. Sometimes he’s up and sometimes he’s down, but there’s a happy ending as he finds his snug, warm place called home!

**Penis Can Be Art** Art Man Penis Books,2019-05-15 The art of a mans manhood is presented in this stunning and erotic photo journal.

**Help My Penis Is Missing** Harvey Stelman,2016-11-23 This book is like no other book ever written. The genre is sexual comedy, and the author promises that you will laugh. Don't let the title scare you; the book is hilarious. A penis (Yash) can detach and reattach from his significant other (Howie) without him knowing. Yash can do anything a man can; walk, talk, fight, etc., but he does one thing better. The author could not stop laughing as he wrote the book. The author hopes you like laughing!

*Why is the Penis Shaped Like That?* Jesse Bering,2013

This is likewise one of the factors by obtaining the soft documents of this **Penis** by online. You might not require more mature to spend to go to the books foundation as skillfully as search for them. In some cases, you likewise attain not discover the broadcast Penis that you are looking for. It will enormously squander the time.

However below, later you visit this web page, it will be consequently definitely simple to get as capably as download guide Penis

It will not believe many grow old as we notify before. You can do it though conduct yourself something else at house and even in your workplace. for that reason easy! So, are you question? Just exercise just what we come up with the money for under as with ease as review **Penis** what you taking into consideration to read!

## Penis Introduction

In the digital age, access to information has become easier than ever before. The ability to download Penis has revolutionized the way we consume written content. Whether you are a student

looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Penis has opened up a world of possibilities. Downloading Penis provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Penis has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Penis. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Penis. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Penis, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to

distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Penis has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Penis Books

1. Where can I buy Penis books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Penis book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Penis books? Storage: Keep them away

from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Penis audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Penis books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
