Pentagram Design

Pentagram Papers Pentagram Design, 2006-12-28 Celebrated global design firm Pentagram has produced a series of signature annual documents, known as Pentagram Papers, exclusively for clients and colleagues since 1975. On the occasion of the firm's 35-year anniversary, these quirky and influential Papers are collected here together for the first time. Each Paper explores a unique and curious topic of interest to the Pentagram designers: Mao buttons, the Savoy ballroom, rural Australian mailboxes, and the pop architecture of Wildwood, New Jersey, have all been featured subjects. Included here are not only in-depth reproductions and detailed discussion of the Papers' origins, but also an exclusive new Paper created especially for the book and set into a tray inside its back cover.

The Pentagram James Olson, 2003-04 The man's grip was even stronger than her Father's, the single hand both choking and lifting her. Her lungs were burning for air, and her feet no longer touched the ground. Blood pounded in her ears, and her heart beat as if it would burst from her chest. When she sensed the man carrying her toward the cluster of evergreens she tried to fight, but her feet, dangling in the air, gave no force to the kicks. A cascade of snow, dislodged from a pine branch, fell down the back of her jacket as the man pulled her into the trees. In a few moments the blowing and drifting snow had hidden the tracks on the sidewalk. Kathleen Swanson, forever fourteen, became The Butcher's first victim. Once again a serial killer stalks Millerton's streets. Matthew Goesser must find the killer quickly, but there are no clues, no motive, and no pattern. And Matt is scheduled to be the next victim.

Profile Susan Yelavich, 2004-07 The first book on the legendary design firm, Pentagram.

How to Michael Bierut, 2016-03-22 The first monograph, design manual, and manifesto by Michael Bierut, one of the world's most renowned graphic designers—a career retrospective that showcases more than thirty-five of his most noteworthy projects for clients as the Brooklyn Academy of Music, the Yale School of Architecture, the New York Times, Saks Fifth Avenue, and the New York Jets, and reflects eclectic enthusiasm and accessibility that has been the hallmark of his career. Protégé of design legend Massimo Vignelli and partner in the New York office of the international design firm Pentagram, Michael Bierut has had one of the most varied and successful careers of any living graphic designer, serving a broad spectrum of clients as diverse as Saks Fifth Avenue, Harley-Davidson, the Atlantic Monthly, the William Jefferson Clinton Foundation, Billboard, Princeton University, the New York Jets, the Brooklyn Academy of Music, and the Morgan Library. *How to*, Bierut's first career retrospective, is a landmark work in the field. Featuring more than thirty-five of his projects, it reveals his philosophy of graphic design—how to use it to sell things, explain things, make things look better, make people laugh, make people cry, and (every once in a while) change the world. Specially chosen to illustrate the breadth and reach of

graphic design today, each entry demonstrates Bierut's eclectic approach. In his entertaining voice, the artist walks us through each from start to finish, mixing historic images, preliminary drawings (including full-size reproductions of the notebooks he has maintained for more than thirty-five years), working models and rejected alternatives, as well as the finished work. Throughout, he provides insights into the creative process, his working life, his relationship with clients, and the struggles that any design professional faces in bringing innovative ideas to the world. Offering insight and inspiration for artists, designers, students, and anyone interested in how words, images, and ideas can be put together, How to provides insight to the design process of one of this century's most renowned creative minds.

Pentagram Marks Laurence King Publishing, 2009-03-11 The 400 marks reproduced within these pages represent the diverse array of identity work produced by Pentagram's partners, past and present, since its founding in 1972. Over the past four decades, Pentagram has designed marks for large corporations and small businesses, government agencies and nonprofit institutions, clubs and societies, and even individuals, all of whom were seeking a representative symbol to appear on letterhead and books, buildings and websites, and everywhere else imaginable. Isolating them in black and white helps us appreciate these marks as unique pictorial or abstract symbols. But a logo is rarely a solitary commission. Often produced in conjunction with a unified graphics, architecture or product design program, it is only part of the work Pentagram does. But regardless of the nature of the assignment, clients all share the same desire to be identified, and the belief that the right mark is a crucial starting point for a comprehensive visual identity. Limited edition, only 1,000 copies for sale.
