Matthew Sturges

Book of the Writers Writers Club of Pittsburgh,1897

Fables: The Wolf Among Us Vol. 2 Matthew Sturges,2016-07-05 Bigby Wolf has been around for a good long while, and he's investigated pretty much every crime imaginable—but even an immortal Fable like him can still stumble across a once-in-a-lifetime case. As the sheriff of the magical New York City neighborhood known as Fabletown, Bigby is hot on the trail of the killer who beheaded a princess and then unleashed a horde of gangsters and monsters to cover his tracks. But even as Bigby reels from attempts on his life and watches his trail of suspects go cold, an old evil reappears to wreak havoc once more. Is the urban legend known as Bloody Mary to blame? Or is she just one more tortured pawn in an even bigger game, with an even more crooked opponent waiting to make his move? The acclaimed adaptation of the hit mystery from Telltale Games—inspired by Bill Willingham's best-selling Vertigo series FABLES—concludes in this second volume of FABLES: THE WOLF AMONG US, written by Matthew Sturges and Dave Justus and featuring a powerful pack of artists, including Travis Moore, Shawn McManus, Eric Nguyen and Steve Sadowski. Collects issues #8-16.

Final Target John Gilstrap,2017-06-27 A mission to infiltrate a Mexican drug cartel leaves a rescue specialist stranded among the enemy in a thriller by the New York Times bestselling author. Jonathan Grave and his partner Boxers have just been given the kind of suicide mission they specialize in. Dropping into the Mexican jungle, they must infiltrate a drug cartel's compound and extract a kidnapped DEA agent. But when Grave and Boxers retrieve the hostage and return to the exfil point, all hell breaks loose. Ambushed, abandoned, and attacked on all sides, their only hope of survival lies inside a remote orphanage where innocent children have been targeted for death. Even if Grave can lead the others to safety across a hundred miles of treacherous, enemy-filled jungle, he can't shake the feeling that something bigger is at play. A vast conspiracy of international power players who take no prisoners—and leave no survivors.

Artificial Intelligence for Humans, Volume 2 Jeff Heaton,2014-05-28 Nature can be a great source of inspiration for artificial intelligence algorithms because its technology is considerably more advanced than our own. Among its wonders are strong AI, nanotechnology, and advanced robotics. Nature can therefore serve as a guide for real-life problem solving. In this book, you will encounter algorithms influenced by ants, bees, genomes, birds, and cells that provide practical methods for many types of AI situations. Although nature is the muse behind the methods, we are not duplicating its exact processes. The complex behaviors in nature merely provide inspiration in our quest to gain new insights about data. Artificial Intelligence for Humans is a book series meant to teach AI to those readers who lack an extensive mathematical background. The reader only needs knowledge of basic college algebra and computer programming. Additional topics are thoroughly explained. Every

chapter also includes a programming example. Examples are currently provided in Java, C#, and Python. Other languages are planned. No knowledge of biology is needed to read this book. With a forward by Dave Snell.

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Apocalypse Jacques Ellul, 2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” —Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, *Apocalypse* is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation’s puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul’s thorough engagement with Revelation.

A Conspiracy of Paper David Liss, 2001-01-30 Benjamin Weaver, a Jew and an ex-boxer, is an outsider in eighteenth-century London, tracking down debtors and felons for aristocratic clients. The son of a wealthy stock trader, he lives estranged from his family—until he is asked to investigate his father’s sudden death. Thus Weaver descends into the deceptive world of the English stock jobbers, gliding between coffee houses and gaming houses, drawing rooms and bordellos. The more Weaver uncovers, the darker the truth becomes, until he realizes that he is following too closely in his father’s footsteps—and they just might lead him to his own grave. An enthralling historical thriller, *A Conspiracy of Paper* will leave readers wondering just how much has changed in the stock market in the last three hundred years. . . .

When Daddy Was a Little Boy Alexander Raskin, 2021-02-03 It is often hard for children to think of their Daddy as a ‘little boy’. Sasha discovered that her Daddy was once upon a time a little boy when she fell ill and her Daddy told her a story about himself when he was her age. Sasha was fascinated by this discovery. So, whenever she would fall sick, she would ask her Daddy to tell her a story about himself ‘when he was a little boy’, and, each time her Daddy would tell her a new story of funny things that ever happened to actual little boys like him or to other little daddies that he knew. After all, all daddies were ‘little boys’ once. When Daddy was a little boy is a timeless collection of tales that happened to a Daddy when he was a ‘little boy’.
